THE MARKETS

Local Market.

London, Thursday, June 21. Except for strawberries, vegetables and flowers, the offerings this morning were very meager. There was not the abundance of berries that was expected, and there was a consequent slight reaction in price. The poorest wheat for 6c a box, and as high as 8c was paid for the better class.

The keen demand that has recently existed for dairy produce was again prevalent. The supply, however, was adequate, and prices remained firm at Saturday's quotations.

Other staples were offered in quantities too small to effect quotations.
