# EXTRAORDINARY CURE OF A COUGH

The following letter has been received from WILLIAM BOARDS, Esq., an extensive agriculturit and land agent, residing at Edmonton, Middlesex :-

"Nightingale Hall, Edmonton.

"Nightingale Hall, Edmonton.
"Dear Sir,—I have recently suffered much from a most violent cough, proceedin.; from a tickling in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly ashing, and my whole frame entirely shaken, Having seen the good effects of your Ealsam of Aniseed in several members of my family, I pur chased a small bottle, and, when going to bed at night, took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned. Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her; and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.
