BEAVER BOARD

If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings. We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 6 P. M.

HOW TO VOTE SATURDAY

Follow Directions Closely to Avoid Spoiling Ballot—Vote for LeBlanc and Harrison

Polls open at 8 a.m. and close at 4 p.m.

Manner of voting is different from that in Dominion elections. Ballots are provided for candidates of each party. All names of each ticket are on each ballot. If one of them is scratched through and another candidate's name added that does not spoil the ballot provided black lead pencil or black ink is used. All ballots must be on plain (not ruled) white paper and written or printed with black ink.

Full name of candidate as on the ballot may be used or simply the surname, but if full name is used be sure and get the initials correct.

Party workers outside the poll can give any elector a ballot. The elector after giving his or her name to the returning officer is given an envelope to place his or her ballot in, but to do this elector must go behind a screen. After doing this the elector comes from behind the screen, gives the envelope to the returning officer and waits until he places it in the ballot box before leaving the polling booth.

When the votes are being counted one representative should stand behind the returning officer and watch each ballot to see, first, that it is read correctly, secondly, to see that the ballot is of white paper, with the names in black ink or black lead pencil. Partisan returning officers have been known to read ballots wrongly, calling out the names of their own ticket when the vote was for their own opponent. Watch for this.

The vote that is polled early is the winning vote.
Vote for LeBlanc and Harrison the only recognized government candidates.

BIG MEETING LAST EVENING

Hon. C. W. Robinson and Restigouche Government Candidates Address Meeting.

The Opera House was crowded last evening to greet Hon. C. W. Robinson, Minister of Lands and Mines of Moncton and the Restigouche county government candidates Messrs. A. T. LeBlanc and S. S. Harrison.

The chair was taken by Mr. W. H. Miller, who after a few remarks introduced Mr. LeBlanc.

Mr. LeBlanc made a short address in French. He received very careful attention and was frequently applauded.

His address in English was also very attentively listened to and he was frequently applauded. He spoke for over an hour.

Mr. S. S. Harrison was given a great reception when he stepped to the front to say a few words, and he was frequently interrupted with applause.

Hon. C. W. Robinson, Minister of Lands and Mines was the speaker of the evening. He was in fine form and made a deep impression upon the large audience.

Mr. Robinson said that he had not journeyed from Moncton to Restigouche to inflict his remarks upon the good people of Campbellton, he had come at the earnest request of his friend Mr. A. T. LeBlanc, and he assured all that it was a great pleasure for him to come up to again visit the North Shore town.

Back in 1917, and that was not so long ago, the people had risen in their might and turned the Murray government out. Of the actions of that government previous to 1917 the least said is soonest forgotten the better. You all have read that sordid record which we disgraced this province throughout the whole dominion.

Hon. Mr. Foster was given charge of the affairs and he thought he was fair when he said that the record of the present administration was an honorable one. There had not been a shadow of charge against any department. The result of this was that the Opposition had not been able to put candidates in very many constituencies.

BUMPER MEETING AT JACQUET RIVER

Messrs. LeBlanc and Harrison Greeted by Crowded House Tuesday Evening.

The C. M. B. A. Hall at Jacquet River was crowded to the doors Tuesday evening to greet the government candidates, Messrs. A. T. LeBlanc and S. S. Harrison and it was the most orderly and enthusiastic meeting ever held by the government candidates in Durham.

Mr. LeBlanc gave a most eloquent address dealing fully with the lumber policy of the present administration, as well as other questions and he was frequently interrupted with applause.

Mr. S. S. Harrison was also given a grand reception.

ELECTION RETURNS:

Complete returns by Direct Service for County and Province at the Opera House, Saturday Night.

stitutes. But they have endeavored by other means to bring about the fall of the Foster government. In Kent county two former supporters of the Murray government are running under the guise of United Farmers, in other counties they have combined with the United Farmers or Labor candidates, and in Carleton Mr. Smith is running as an Independent.

There is not a doubt but that the Foster government would be returned to power and the Opposition will not have enough followers to keep themselves warm. He was sure that the progressive county of Restigouche would send two supporters of the Foster government. Mr. LeBlanc who so ably discussed the issues, has taken a foremost position among the government members at Fredericton. He wished to congratulate Restigouche on having such an able and clever representative, and he had no doubt but that Mr. LeBlanc and his colleagues would be returned by a handsome majority on the 24th of October.

In speaking of the work of his department Mr. Robinson said, "It is my ambition to carry on the department handed over to me in such a high state of efficiency by Mr. Smith not for the benefit of the lumbermen, or the party in power, but for the benefit of the whole people."

Mr. Robinson said that three years ago he expressed the opinion that the Government revenue from Stumpage ought to be doubled—that a rate of \$1.50 was too low. He had been conservative in his prediction then; today the rate was \$5 and the revenue from stumpage this year would be \$1,300,000.

The estimated territorial revenue from all sources for this year was \$1,490,000. Up to September 30, the sum of \$1,421,000 had been collected and there were accounts receivable amounting to \$169,000, making a total of territorial revenue of \$1,590,000.

"We hardly realize what an important asset we have in our Crown Lands. Our territorial revenues are equivalent to a tax of 1 1/2 per cent on property worth \$100,000,000. The Government has to have money to carry on the affairs of the province and if it were not for the Crown Lands a tax would have to be levied on private property."

The Opposition were not sincere in their crown land policy. In 1916 they passed an order in council placing the rate of stumpage for ten years from that date at \$1.50. Last year these very same men introduced a resolution to have it increased to \$7.50.

Mr. Robinson spoke at length of the measures which were being taken to conserve the great forest wealth, Fire Protection, Reforestation, etc.

He also dwelt upon the development of our water power and showed that when the development now planned was completed electric current could be sold at a profit for 1 cent, which was now costing about 10 cents.

He was glad to hear Mr. LeBlanc say that the Hon. Minister of Public Works had announced that the Dominion government had approved of a trunk highway between Campbellton and St. Leonard's. This was a very fine proposition and would mean much for Campbellton and the whole province.

Mr. Robinson in a very fluent manner discussed the road policy of the Foster government, as well as the Public Health, Workmen's Compensation Act. He said that in three and a half years the Foster government had placed more constructive legislation on the statute books than the Opposition did in the entire time they were in power.

He ended by making a prophecy and that was that the Foster government would be returned to power with a big majority on the 9th of October, and he hoped Restigouche would send the recognized Foster government candidates, Messrs. LeBlanc and Harrison to look after the county's interests.
