

WATER IS WASTED.

THE MILLION GALLONS WASTED EVERY DAY IN THIS HOT SPELL.

Water is being wasted in Toronto at the rate of one million gallons every day. This is due to the fact that the water supply is not being properly maintained.

The water supply is being maintained at a level that is sufficient to meet the needs of the city. However, there is a significant amount of water being lost through leaks and other means.

The loss of water is a serious problem for the city. It is necessary to take steps to reduce the amount of water being wasted in order to ensure that there is enough water to meet the needs of the population.

There are several ways in which the amount of water being wasted can be reduced. These include repairing leaks, using water-saving devices, and encouraging the public to conserve water.

The city council has taken steps to address the problem of water waste. This includes passing resolutions that encourage water conservation and providing information to the public about how to save water.

It is the responsibility of every citizen to conserve water. By taking simple steps, such as turning off the tap when brushing teeth, we can all help to reduce the amount of water being wasted.

The city council is committed to ensuring that there is enough water to meet the needs of the city. It will continue to take steps to reduce water waste and improve the water supply.

The water supply is a vital resource for the city. It is essential to take steps to ensure that it is properly maintained and that it is not being wasted.

The city council is committed to ensuring that the water supply is properly maintained. It will continue to take steps to reduce water waste and improve the water supply.

The water supply is a vital resource for the city. It is essential to take steps to ensure that it is properly maintained and that it is not being wasted.

HAMILTON PRESIDENT.

Increased Contributions for Northwest Mission Work Required.

The Hamilton Presbytery met this morning in the school-room of the Central Church. For twelve years past the presbytery has convened in that room, but in future the meetings will be held in the school-house of St. Paul's Church.

Rev. Dr. Laidlaid was congratulated upon the honor bestowed upon him by the theological college of Galesville, Ill., and suitably replied.

Resolutions were passed regarding the deaths of Rev. M. Livingston of Simcoe and John Gordon of Toronto, and also regarding the severe illness of Wm. Davis of Burlington.

A call was received from the recently departed of Galesville, Ill., and suitably replied.

The nine great charities of Toronto are the Home of the Industry, the Boys' Home, the Home of the Sick, the Home of the Blind, the Home of the Deaf, the Home of the Mute, the Home of the Dumb, the Home of the Deaf and Dumb, the Home of the Deaf and Dumb, the Home of the Deaf and Dumb.
