HARRIS & CO. PROPRIETORS

WATFORD, AUG.—7, 1906.

The Ontario Farmer.

While the press of this country is continually shouting for the young man to go west, let us not forget the old man at home. We heartily join in the chorus of the times, "Young man, go west!" Now, let us look to the old man, in old Ontario. He is not doing much hollering neither one way or the other, just simply pegging away and a kind Providence is smiling down upon him, bestowing bountiful harvests, and incidentally, lifting the heavy old mortgage that has weighed him down for years. To his more fortunate neighbor who has not been burdened in this way, Old Ontario is pouring forth her goodness with a bountiful hand, and our rural friend, who is our best friend, is erecting a handsome home for his old days, or if he already possesses such, the addition of another 100-acre plot is being added to his domain for the grown-up son who remained at home, and in some instances the prospective son-in-law. The present year gives every promise of a banner year for the Ontario farmer.—Haldimand Banner.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.
 Take Hall's Family Pills for constipation.

Good Roads.

The subject of good roads is always a live one, especially in this country where there is so much need for more attention towards the betterment of the public highways and thoroughfares. This matter has been sadly neglected of late, notwithstanding the inducements offered by the Ontario Government in the way of grants. The Municipal World has the following advice to offer to municipalities where roadway is needed:

"The repair of roads is an important as their construction. Neglect to keep the roads in repair, failure to repair them when repair is first needed,

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

The best kind of a testimonial—
 "Sold for over sixty years."
 Made by J. C. Ayer & Co., Lowell, Mass.
 Also manufacturers of
Ayer's
 SASSAPARILLA
 PILLS.
 CHERRY PECTORAL.

ed, adds very much to the cost of roads. A good road which is not kept in repair very quickly becomes a bad road and the object of the original expenditure is thus lost. To allow roads to degenerate for want of repair, means an immense waste of labor, material and money, which has to be made up in their construction. Whenever good roads are made arrangements should be made for a careful attention to their repair."

Do You Seek Health.

Consult Dr. Hamilton And You Will Be Shown The Way.

Thousands are in the same boat,—all sickly, bilious and feeling far from well. Trouble is, the system is clogged with impurities which need to be cleared away. Before downright sickness arrives you should cleanse and purify the system with Dr. Hamilton's Pills.

At once you'll feel their mighty influence building up weak spots, clearing up disease, and putting you again on your feet.

These pure vegetable pills change your tired, worn out condition to one of health and vigor, because they supply the body with nourishing blood that builds up and enlivens the entire system.

Mr. John Whitley of Stanwood, P. O., Ont., knows the merit of Dr. Hamilton's Pills, and says: "I wouldn't be alive today had it not been for Dr. Hamilton's Pills. Last winter I was sick with grippe, and when spring came I was weak, bilious, rheumatic. I used enough medicine to cure twenty times, but I didn't get any help till I tried Dr. Hamilton's Pills. They purified my blood, took the yellow color out of my face, put new tone in my stomach, and increased my appetite. The bilious attacks and rheumatic pains gradually departed, and Dr. Hamilton's Pills made a new man of me. I proved their merit, and proclaim them a medicine for all men."

If better health and prompt recovery are important, get Dr. Hamilton's Pills of Mandrake and Butternut to day. At all dealers, 25c per box or five boxes for \$1.00. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Farm—The Best.

There does not seem to be quite as great a craze among the young men of our farming community to leave the farm and go into the towns and cities as there was a few years ago, but there is still two much of it, remarks the Aylmer Express. The freedom and independence of a life on the farm is being appreciated more than it used to be, and it is too often a great mistake when the young man leaves the farm for the city, expecting that he can get rich quickly without hard work. Our cities are full of people who live from "hand to mouth," and whose total wealth is represented by the clothes they have on. Years go by and these persons have no home. They lose that independence that the proud owner of a farm has with the labor-saving machinery now in use, the rural telephone system, the fine comfortable homes, etc. The boy who gives up a good farm for life in the city makes the mistake of his life in nine cases out of ten. Stick to the farm, boys, if you have a good one.

Keep Down the Weeds.

On how many farms do we see weeds growing up in the fence corners and along the roadside? There may be some excuse for this in some cases, but as a rule there is none. The weeds should be cut just as religiously out of the fence corners and along the roadside as on any other part of the farm—in the cornfield for example. Many farmers keep the weeds from going to seed in their cultivated fields year after year, and they wonder why their farms still produce just as many weeds as they did. If they will notice some time as they ride along the road to town past their farms they will see that the weeds growing there are the ones that are seeding the farm for the next year's crop. Not only is your own farm seeded by this plan, but your neighbor's is also. The scythe comes in handy along these places. If the mower could be used probably more fence corner weeds would be cut, but this is one place where the scythe is still useful.

Mystery Solved.

Montreal, Aug. 1.—A mystery which has engrossed the attention of the morgue authorities for the past two weeks was solved to-day, when Oscar Fulton of Portapique, Londonderry, N. S., proved conclusively that the man who had been killed at early dawn on the morning of July 16 by a G. T. R. train at Dorval was his cousin, Joseph N. Fulton, who was en route from Seattle to Nova Scotia.

The Old Trouble.

[New York Tribune.]

A curious thing noticed at once by visitors at Moscow is the absence of whips among the cab drivers. There is a law prohibiting their use in Moscow. The excellent condition of the horses attests the benefit of this humane law. Moderation varies the world over. The whip is not in disuse in Moscow. They use it there on men and women.

LOCAL OR OTHERWISE.

FARMER—Do you mean to say that is a photo of my prize cheese? Photographer—Yes; only it moved while I was taking the picture.

MR. JAMES ARMSTRONG, Brooks, delivered to McLaggart Bros., on Thursday last the heaviest hog ever brought into Alvinston. Mr. Porker weighed 390 lbs.

BEWARE of the counterfeit twenty-five cent pieces which are in circulation. They are dated 1901, and are an excellent imitation of the genuine coin, but have a poor ring.

WORKMEN are now engaged in erecting a new addition to the Alvinston Canning Factory. The addition comprises a brick store room 70x22, part of which is to be used as a cider mill.

MR. PIERCE had been asked to stop at the market on his way downtown says a writer in the Yonkers Statesman, and to order some things for dinner. "I want a head of cabbage," he said. "Send it right up to the house, will you?" "Large or small head?" asked the clerk. "Oh, about seven and one-quarter," said Mr. Pierce, without hesitation.

HERE is a reasonable suggestion from a New York paper:—"Did you know that a hat is one of the best life preservers? Hold it either way. If you can possibly have the presence of mind, after falling into the water, place the brim under your chin, so that the hollow will be upward, and it will keep your head above the surface as long as you can hold it. Or turn it over, just as you wear it, and hold on to the brim with both hands, lightly. The air in the crown will give it buoyancy enough to keep you afloat."

AN exchange from a live, progressive town, gives this good bit of advice:—"If there is any chance to boom business, boom it. Don't pull a long face and look as though you had a sour stomach. Hold up your head, smile and look for better things. Hide your hammer and speak well of others, no matter how small you may really know yourself to be. When a stranger drops in, jolly him. Tell him this is the greatest town on earth, and it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe he has at last struck a town where white people live. Don't knock. Help yourself along by becoming popular and push your friends along with you. Be a good fellow and soon you will have a procession following you. No man ever helped himself by knocking other people down in character and business. There are others and they have brains as well as you. There is no end of fun minding your own business. It makes people like you."

How We Got Our Name.

The name Canada perpetuates a blunder. According to an eminent authority when the Portuguese under Gaspar Cortereal, in 1500, first ascended the great St. Lawrence they believed it to be the strait of which they were in quest, through which a passage might be discovered into the Indian sea. When, however, they arrived at the point whence they could clearly ascertain that this was no strait, but a river, they exclaimed repeatedly in their disappointment, "Ca Nada!" ("Here nothing.") These words, remembered by the natives, were repeated to the next Europeans who visited the land. The newcomers, hearing the phrase so frequently used, conjectured that it must be the name of the country, so "Ca Nada" it remains.

Don't Squander Your Money.

On worthless cures for Catarrh. There is only one remedy that's successful—"Catarrhzone" it cures when the doctor says your case is hopeless. No drugs to take, no kumister to bother with, you simply inhale the fragrant vapor of this unfailling cure and get well quickly. Relief is instant, cure is guaranteed so you run no risk with Catarrhzone. Don't experimint, don't put off, get Catarrhzone from your druggist to-day.
