

## MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. COCKREAN, 1108 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

#### Do Your Shopping Early.

The members of the Leamington Women's Institute at its last meeting decided that so far as they personally were concerned they would do their Saturday shopping before six o'clock, or carry their own parcels home, and thus relieve the delivery boys. This is but the entering wedge, the thin edge, but its influence will be felt, and we trust others will follow their good example. Frequently through neglectfulness or lack of system, several parcels are bought at different times during the day and evening and the delivery wagon has to make to the same house four or five trips in a day when one would have been sufficient. When speaking of the service of the delivery clerks, one cannot praise them too highly. They are careful, anxious to do right, deliver right parcels promptly, and if they made a mistake sometimes, it should not be taken too seriously. While the delivery boys are patient and long-suffering, what should be said of the clerks that begin work at 7.30 to 8 in the morning and continue until 10.30 or 12 at night. Every buyer who persistently puts

off making his purchases until a late hour is guilty of a crime. It may not be punishable under the law of the land, but is a crime against humanity, and is causing evil. Why should any clerk, or owner of a store be compelled to work overtime to gratify the lazy customer? We all want to make what we can, but when a customer takes advantage of this knowledge and forces the dealer to work five or six hours overtime, and desecrate the day that should be kept holy, he is guilty of a crime and will be punished. A clerk who works until 12 o'clock on Saturday night is not fit for Christian duty on Sunday morning. He may force himself to attend the services of his church, but his mind is not in proper tune and he receives little benefit. The ministers should pray fervently for the late shoppers. By so doing they frequently will pray for many of their own members. Personally, we have not much faith in the Christianity of the man or woman who persistently keep off making necessary purchases until midnight.

**The Value of Small Savings.**  
If a young man 15 years of age were determined to save three car fares a week, and to pay the 15 cents thus saved every week until he was 50, to the Canadian Government for the purchase of an Annuity, the result of his thrift would mean that from and after 60 he would receive \$25.18 every 3 months so long as he lived. If he died before he was 60 all that he had paid in with three per cent. compound interest would be refunded to his heirs, and if he died just before his first instalment of Annuity fell due, his heirs would inherit \$771.70. A postcard sent to the Superintendent of Canadian Government Annuities, Ottawa, giving your age last birthday, will secure you information as to what an Annuity will cost.

#### Wash That Itch Away.

If your druggist told you that you could simply wash away that awful itchy Eczema—yes—that the very first drops of a soothing, cleansing wash would give you instant relief, it would seem too good to be true, wouldn't it? But it is true, every word. We keep on hand a supply of such a liquid known as the D.D.D. Prescription for Eczema, because we know that this wonderful compound of Oil of Wintergreen, Thymol and other ingredients actually does wash away Eczema and all other skin impurities—that it clears the complexion over night and leaves the skin as healthy and smooth as that of a child.  
We could not recommend D.D.D. so positively unless we knew of the wonderful cures wrought by this remedy. We vouch for the merits of D.D.D. and know positively that it takes away the itch instantly. When your own druggist can give you certain relief from that awful itch, you don't need to suffer another day.  
Wash away all your skin troubles with D.D.D. and then keep your skin in perfect condition with D.D.D. Soap. Let us tell you more about this wonderful remedy, or write the D.D.D. Laboratories, Dept. W. C., 49 Colborne St., Toronto, and get their free trial bottle.

#### Lost Letters.

At an old lost office in Frankfort-on-Main, a bag full of letters has been discovered. It was hidden in the rafters three hundred years ago.  
What happens when a mail-bag is lost? To calculate the possibilities in such a case, it is necessary to multiply the possible effects of the loss of a single letter by the number of letters which the bunch contains. The altered train of circumstances which might result from the disappearance of a single bag of mail-matter is unthinkable in its ramifications.  
There might be lovers' quarrels, perhaps never to be forgotten. There might be misunderstandings between

friends and life-long heartburnings. There might be business failures. A single promise of financial help delayed or gone astray might mean the crash of some great industry. Destinies might be altered and lives embittered.  
The postie with his arms full of mail-matter is the bearer of glad tidings and of bitter sorrow, but, good or evil, it is important that his messages go not astray, and it is wonderful how seldom they do. The man who carries the mail should be well paid, whether he handles it upon the city streets, in the post-offices, or upon the boats and railway trains.  
But most of the letters which are "lost" were never written. Many an old mother waits in vain for the missive from her wayward son, but it went astray before it reached his pen. Many a sore heart waits for the word of forgiveness which was lost forever because it died in some cold heart before the hand could set it forth. Many a misunderstanding remains unsolved because pride is an evil postman who feeds good letters to the flames.  
These are the real lost letters—the missives which were never penned.

What is believed to be the largest tomato plant ever grown in Ontario, is in the garden of Tom Kink, Appin. The plant has grown until the distance around its outside shoots is 38 feet. A large number of fine tomatoes were picked from it. The big vine is a great curiosity.  
One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle and see if it does not please you.  
What might have proved a very serious accident happened Monday forenoon, at the farm of Lorne Prout, Plympton, to Herbert Carr, who was drawing out sugar beets. When backing his wagon to get a load of beets in some manner the rack fell off the wagon and Mr. Carr slipped. The rack fell over on him. His hip was broken and he will be laid up for some time.
