Safest Medicine for Women's Complaints

Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex. Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.

Fruit-a-lives

Remove the CAUSE of these diseases. "Fruit-a-lives" sweeten the stomach—make the bowels move regularly every day—strengthen the kidneys—improve the action of the skin—and thus purify the blood. "Fruit-a-lives" take away those distressing headaches, backaches and bearing-down pains and make women well and strong. "Fruit-a-lives" are fruit juices, sweetened with cane sugar and containing added iron. A box—50c. for 25c. At all Druggists or from Fruit-a-lives Limited, Ottawa.

The following resolution was moved by Councillor Parly, seconded by Councillor Grimm.

That in the opinion of this council the bill before the legislature of Nova Scotia providing that penalties recovered under the Nova Scotia Election Act be paid into the provincial treasury instead of one half to the person who sues therefor and the other half to the treasurer of the municipality where the offence was committed as provided by the present law, is a measure calculated to create an injustice to the municipality and to discourage the administration of the law against bribery.

On motion it was ordered that the further consideration of said resolution be deferred.

Let us all keep hustling to improve the appearance of our streets in the front of our residences and places of business. Keep all kinds of rubbish off the streets and sidewalks, and see that our houses, fences, etc., are neatly painted. There is nothing that helps the looks of a town and induces newcomers to settle in it more than neatly painted houses, stone and fences, neat and tidy streets and sidewalks, and fruit and shade trees on private grounds. Let us see what we can do for the benefit of our beautiful little town during the coming days and weeks.
