ECONOMISE!

*THIS machine is far ahead of any other
 of its kind in Canada, and is the only
 one built on the correct vacuum drop prin-
 ciple.*

*Considering the dullness of trade among
 millers and the demand for cheaper
 machinery, we are now putting on the
 market this new machine, the low price
 of which places it within reach of all, and
 will recommend itself wherever used.*

CONVEYORS

REVERSIBLE STRONG CHEAP

*This Conveyor is all iron; the shaft is lap-welded pipe. This is the strongest and
 only reversible Conveyor manufactured. The flights are secured to the shaft
 without the drilling of holes, thereby leaving it in its entire strength.*
