

# WHERE PARKE, DAVIS & CO'S SERUMS AND VACCINES ARE MADE

THE TWIN STABLES OF THE BIOLOGICAL DEPARTMENT.

[Our newly completed Research Laboratory, the new home of our Biological Department, represents a \$160,000 contribution to science. It is the largest and will be the most perfectly appointed laboratory building in the United States devoted exclusively to scientific investigation. At a cost of more than \$25,000 our Biological Stables have been enlarged, remodelled and equipped throughout with the most modern appliances. Perfect drainage, ventilation and lighting have been provided; scientific methods of drenching, cleansing and disinfection adopted; every detail requisite to rigid asepsis and antiseptics carefully planned and executed—all with an eye single to the safety and purity of our serums and vaccines.]

## PREFERRED BY PHYSICIANS.

We are by far the largest producers of *Antidiphtheritic Serum and Vaccine Virus* in the world.

The unquestioned purity and potency of these products of our laboratories have made them the preferred Serum and Vaccine of the medical profession.
