CIDA leads in the areas of mine clearance, mine awareness and victim assistance. CIDA's mine action support helps to advance reconciliation and reconstruction in countries seriously affected by landmines and assist in resuming sustainable development in the wake of serious conflicts. CIDA's approach is to strengthen the capacity of key institutions, working through Canadian NGOs, the private sector and multilateral organizations, including United Nations agencies, the International

Committee of the Red Cross (ICRC) and the World Health Organization (WHO). CIDA also supports mine action in a number of countries through its ongoing development assistance program.

DND has joined Industry Canada to establish the Canadian Centre for Mine Action Technologies (CCMAT). The CCMAT's mission is to carry out research and development of low cost, sustainable technologies for mine detection, mine neutralization, personnel protection and victim
