Mr. Deputy Speaker: I declare the motion carried.

Mr. MacEachen: Mr. Speaker, we have been having some discussions and I wonder if we might not reach agreement on how to dispose of the remaining items up to and including No. 88. It has been suggested that we might deem to have carried all these items, with the exception of item No. 74, on division, and that on item No. 74 Your Honour would call the yeas and nays and, if desired, there could be a recorded division immediately. If that is a suitable arrangement I think we might all benefit from it at this moment.

Mr. MacLean: That is agreed, Mr. Speaker, and I would suggest it is assumed that the members are in and that we would not ring the bells for the recorded vote on motion No. 74.

Mr. Knowles (Winnipeg North Centre): We agree.

Mr. Peters: Some of us do.

Mr. Deputy Speaker: Order, please. Hon. members have heard the suggestion made. It is the understanding of the chair that we have the unanimous consent of all hon. members that all remaining motions, with the exception of No. 74, are deemed to have been carried on division. Is that agreed?
