

CALIFORNIA FRUIT DECLINES IN PRICE

Heavier Deliveries From Coast
Serve to Depress Market
Condition Good.

STRAWBERRIES HIGHER

Advance of One Cent a Box in
Canadian Berry Re-
corded.

The California fruit, cherries, apricots, plums and peaches are coming on the market in greater quantities, and with the exception of the cherries, have materially reduced in price. Apricots that sold at \$3 per box a week ago are now selling at \$2.50 per box. Plums that sold at \$2.50 per box are now selling at \$2.00 per box. Peaches are selling at \$1.50 to \$2.00. These fruits arrive in splendid condition, and are certainly packed with great care.

Strawberries were on the market yesterday, and the price advanced one cent per box and selling at \$1.50 per box. Some of the shippers were: W. W. Croyle, Fenwick, Smiley, Bros., Aldershot; R. C. Schook, Clark, and R. C. Burton, Oakville; C. U. Toovey, Oakville; John, Horne, Aldershot; Geo. Manley, Clarkson; Geo. Unsworth, Aldershot.

Larger green onions are arriving on the market, which will help ease the onion situation somewhat, as they can be used instead of the dried variety, which is so scarce at the present time.

CALGARY OIL FIELDS

A Big Strike of Oil Made Yesterday at the Monarch Well

An invitation is extended to you to join a strong UNDERWRITING SYNDICATE, which will operate in the CALGARY OIL FIELD.

A representative of the syndicate is now on the ground and part of the properties that will be taken over are near the famous MONARCH WELL. The others are distributed throughout the entire field.

The capitalization of the company will be \$1,000,000 and by joining the UNDERWRITING SYNDICATE, now you can purchase the shares at 12 1/2¢ per share (par value \$1).

All the underwriting shares will be pooled for three months and interim receipts will be issued in the meantime. This is done in order to prevent any of the underwriting shares being offered in competition with the treasury shares, the sale of which will be announced shortly at a considerable advance over the present price.

This is an opportunity for you to become connected with a progressive and conservative company and see your holdings considerably increase in value.

This is one of the surest propositions that can be placed before you, and the affairs of the company will be conducted in a straightforward and businesslike manner.

This offering of pre-organization shares will soon be taken up and immediate application is necessary if you wish to participate in the profits that will accrue from it.

Only a limited number of shares is being offered at 12 1/2¢ per share, and after these are taken up you will not have an opportunity to get them at this price.

Send in your application now for as many shares as you desire, to the

NEW WHEAT TO FILL EMPTY BINS

Big Export Business and
Higher Liverpool Prices
Kept Market Up.

CHICAGO, June 19.—Big export business here and higher prices at Liverpool kept the wheat market today on the advance. The close was steady, 2-3 to 1-2 above last night. The outcome in corn was 3-4c off to a sixteenth up and for oats 1-8 to 1-4c net gain. Provisions finished all the way from 10c decline to a rise of 2-12 to 5c.

Export sales of wheat here amounted to 500,000 bushels, mainly old hard winter, and there were lake charters for 600,000 bushels to go to Buffalo. The bulls were further encouraged by predictions of a good sized decrease in the aggregate of wheat on ocean passage, and by the outlook for a decided falling off in the domestic visible supply total on Monday. Some authorities said that when the new wheat started to come in earnest it would be to empty bins.

Offerings increased.

Altho country acceptances were light on overnight bids for wheat to arrive offerings increased materially on the bulge. The reaction ensuing, however, was not of an impressive sort.

Corn was unsettled, owing largely to reports that the leading bull had sold out his July holdings. Besides, cash demand, especially east, was slow. On the other hand, there was unwelcome dry weather in parts of the domestic belt with too much rain elsewhere, and it was feared that Argentine exporters would be unable to fulfill contracts for June shipment.

In the oats market values rose because of advices that the crop in Ohio, Indiana, and Illinois had shown but little improvement since the recent drought.

For the most part, provisions were dull and easy. Ribs formed an exception, being strengthened by improved cash demand.
