Judgment in Action Brought Thru Alleged Pretended Property Sale.

CONTAINS A CHARGE

Application to Wind Up Rowing Club Speaks of Money Division

At Osgoode Hall yesterday Mr. Justice Lennox gave judgment in the action of Diana Chambers, Woodstock, to have an alleged pretended sale of property set aside. The plaintiff gave a mortgage on her property to Susan Le Burtis, the defendant, for \$2400, but defaulted in payment of the interest, and the defendant instituted sale roceedings. The property was not sole and a conveyance was made to Henry Sealey for \$3000, which the plaintiff stated was less than was offered at the sale. It was alleged that Sealey never paid the money and that the sale was pretended to defraud the plaintiff of her interest in the property.

Mr. Justice Lennox states that in addition to setting aside the sale, he would like, if he had the power, to give plaintiff two or three months for redemption. He declares that the impeached transaction, was fraudulent and void as against the plaintiff, and sets aside the deed.

Appeal Disposed Of. The appellate disposed of the appeal of the Toronto Power Co., which requested that \$1000 paid for wages and tential expenses to Frank Villia of hospital expenses to Frank Villini of Niagara Falls should be deducted from the \$2600 damages awarded him by Chancellor Boyd. Chief Justice Falconbridge said that the Workmen's

Shareholders, numbering 3219, of the National Railway Association, have been notified that they owe an aggregate of \$261.298 for unpaid stock subcriptions. Nine Hundred Reported__Commander-in-Chief is Among Wounded.

LONDON, May 20 .- A British casualty list issued today includes the names of 170 officers and 1400 men. Nine hundred casualties in the Australian ranks on the Gallipoli Peninsula are reported as well as naval losses of 150 in the same area. The list of wounded is headed by the name of General Sir William Birdwood, commander-in-chief of the Australian forces in the Dardanelles.

General Birdwood's military career began in 1983, when he was appointed a lieutenant in the Royal Scots Fusiliers. He has seen service in South Africa and India and several times has been mentioned in despatches for heroism. He was severely appeal hearing, which is dated for in South Africa. URGES DISMISSAL OF HYDRO MANAGER

County Orange Association Says There Are Germans Given Work.

NEEDS BETTER LIGHT

University Avenue Too Dark and Soldiers Are Drilled There.

The County Orange Association is still after the Toronto Hydro System for employing Germans or German sympathizers. In April they wrote to mayor regarding this matter and at that time the charges were denied by E. M. Ashworth, secretary of the commission. They now say that the secretary's reply was inconsistent and that they have lost faith in the com-It is claimed that "British subjects"

have been dismissed from the hydro and that German sympathizers have been retained, pointing out that a man named Joedicke was in the employ of the commission at the time the Ashworth letter was written, altho he has since been discharged be-cause of his pro-German activities. The Orange Association flow demands that the manager and others connected with the hydro responsible for employing Germans be dismissed, and that the commission be changed and formed of men who are loyal British subjects.

It is also stated that a man named C. E. Schwenger is still employed by the department, that he is of German extraction and that he has kept Germans or German sympathizers in his department. The letter is signed by a

number of prominent Orangemen.

Need Better Lighting.

The better lighting of University avenue has been suggested by the Toronto Hydro-Electric System and the matter will be dealt with by the property committee. At present the property committee. At present the street is poorly lighted and as the soldiers drill there every evening better

lighting is very necessary.

Commissioner Disapproves.

Works Commissioner Harris exresses the opinion that the Godson Contracting Company is not entitled to he extras amounting to \$65,540.80, which it claims in connection with the construction of high level interceptor No. 2. The last of the contract price was paid in 1912, together with he amount for extras considered due. In 1914 they made claim for the additional amount which the commissioner thinks they should not get. Controller Spence and Mayor Church will represent Toronto when the ex-ecutive of the Union of Canadian Municipalities waits on the Dominion Government next week in connection with the unemployment situation in the various cities thruout the country. The foreman of the Godson Contracting Company, which has a number of city contracts, have been noti-fied to employ only English-speaking

workmen. Wants 3 Cents Each. have reversed their decision and offer to collect the water rates, but at three cents per bill instead of two. The offer has not been accepted as yet as the increase in the charge is considered rather heavy, but the treasury board will decide what action to take at its next meeting.

Pay Chief's Pension.

The firemen's benefit fund committee has consented to pay the annual pension of Chief Thompson, amounting to \$2250. The approval of the board of control is now asked and the question will be dealt with some day next week. The board of control was somewhat indignant yesterday when it received advice from the city solicitor that the Toronto Plate Glass Company had been awarded \$27,215 damages on account of the construction of the Queen street high level bridge, and \$17,295 on ac ount of the Wilton avenue bridge and

he high level interceptor. The money

will be paid from funds raised, by a

debenture issue. Will It Be Printed? The work of the social survey com nission was explained to the board of control at a private meeting yesterday afternoon by the secretary, G. A Warburton. The report of the commission is now being prepared and will be in the hands of the board in a few
