

One Tree Point, Aylmer.

for boating of all kinds. The accompanying cuts of "One Tree Point" and Hotel Victoria will give those seeking "pastures new" an idea of what there is at and around Aylmer, Quebec, in the way of hotel accommodation and scenery. Queen's Park, which is about one and one-half miles above Aylmer, is a most beautiful spot; and is well provided with means to while away many a pleasant hour; among its attractions being the forest, promenade pier, water chute and floating promenade, the maze, fine boats and bath houses. The Hull Electric Company's cars run through to the Park, passing Aylmer and Hotel Victoria en route. See the Hull Electric Company's advertisement at the end of this book.
