Written tenders will be received up to twelve o'clock noon on Thursday, August 8, by the undersigned, the administrators of the estate of the late Jeremiah Nelson, for the purchase of the following assets of the house-moving business carried on by the late Jeremiah Nelson at No. 466 Summerhill avenue namely:

Horses, wagons, timbers, chains, jacks, good will, etc.

as may be arranged. Inventory of the assets and full particulars of same, terms and conditions of sale, may be seen upon application to the undersigned.

Dated at Toronto this 3ist day of July, 1918.

THE TORONTO GENERAL TRUSTS
CORPORATION.
83 Bay street, Toronto.

Tenders Wanted for Structural Steel

SEALED TENDERS will be received by the undersigned until noon, August 10, 1918, for the Structural Steel Pipe Bents required in the construction of the Central Heating Plant of this building.

All tenders shall be based on the supplying, fabrication and delivering to the site of some one hundred and seventy (170) pipe supports and nine (9) anchor bents as required and described by the plans.

The work of this contract shall be proceesed with immediately upon the signing of the contract, and executed as directed in such a manner as to ensure the completion thereof by September 7.

quired can be obtained at the office of the General Contractors, P. Lyail & Sons Construction Company, Limited, Ottawa. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, for a sum not less than five per cent (5 p.c.) of the amount of the tender, which will be forfeited if the parties tendering decline to enter into a contract when called upon to do so. If the tender is not accepted the cheque will be returned. If the tender is accepted, an additional cheque for a sum equivalent to five per cent. (5 p.c.) of the tender must be deposited before the contract is signed. The total security will be forfeited if the contractor fails to complete the work contracted for.

Payments for material will be made monthly.

The lowest or any tender not neces-

COBALT BLOCK PREY TO FLAMES

Four Stores and Apartment

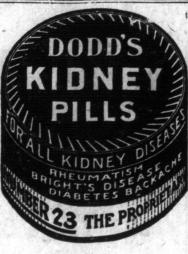

Buildings Destroyed With a Loss of \$100,000. Cobalt, Aug. 4.-Fire which broke out at an early hour this morning completely gutted four of the largest

stores and apartment buildings in the business section of the town, causing an estimated loss of \$100,000. The origin of the blaze is a mystery, and when the firemen arrived in response to an alarm the interior of one of the stores was a mass of flames, and despite the desperate efforts of the fire-fighters soon the whole block was blazing. Good water pressure was maintained, but despite the strong fight put up by the fire brigade, the four buildings, together with all the contents, will be a complete loss. The destroyed buildings are all owned and operated by Syrian merchants who conducted ladies' wear and drygoods establishments. No one was injured, altho several families. occupying the upper flats of the pre-mises, made their escape in night at-

The aerial tramway, used to transport silver ore across Cobalt Lake by the Nipissing mines, was also put out of commission.

NORTH CAMBRIA SUNK

London, Aug. 4 .- The British steamer North Cambria, 3577 tons gross register, has been sunk in collision with an unknown steamer, according to advices to Lloyd's. Seven of the crew have been landed; the remainder are missing.

SUGAR REDUCTION IN ALL HOUSEHOLDS

Food Board Asks Use Per Person Be One and One-Half Pounds a Month.

Ottawa, Aug. 4—Reduction of household consumption of sugar in Canada to a ration of one and a half pounds per person per month, for personal use, is requested by the Canada Food Board in a statement just issued. The utmost possible conservation is urged in addition to the restrictions now in force upon all manutacturers who use sugar. Householders are also asked to use yellow sugar instead of the granulated product wherever possible, beforce upon all manuracturers who use sugar. Householders are also asked to use yellow sugar instead of the granulated product wherever possible, because in order to get the most efficient economic results from the refining of sugar it is necessary that about 30 per cent. of yellow sugar should be produced by the refiners. The food board's appeal is made as a result of a conference of the international sugar commission and a full review of the raw sugar situatios, the balance of crop on hand and the allies' requirements. This survey/showed the necessity for strict conservation of sugar on this continent until the new crop hecomes available at the beginning of next year.
