ROYAL MESSAGE TO THE EMPIRE

King George Will Address Parliament Next Tuesday.
London, Nov. 15.—Bonar Law stated in the house of commons today that His Majesty had intimated that he wished to send a message to the empire by addressing both houses of parliament and the official representatives of the dominions and India in England. It had been decided that both houses of parliament should present an address to His Majesty. The address would be moved on Nov. 18, and on Nov. 19 both houses would proceed to the royal gallery to receive His Majesty's reply.

BRITISH WILL TURN OUT MILLION TONS MORE OF SHIPPING

Shifting of Men From Naval Construction Will Accelerate Output. BUILDING INCREASES
Defeat of Submarines Had Reduced Loss to Negligible Quantity.
London, Nov. 15.—The parliamentary secretary of the ministry of shipping, speaking in the house of commons yesterday, gave a resume of the shipbuilding operations in Great Britain during the period of the war. In 1912, he said, the record figure of 1,900,000 tons was reached. In 1914, when the war broke out, the output fell to 1,700,000 tons. In 1915 it decreased to 650,000 tons; in 1916 to about 540,000 tons and in 1917 rose to a little under 1,200,000. During this twelve months ended October 31, 1918, the total output approximated 1,600,000 tons.

EARLY DATE SELECTED TO HOLD CONFERENCE

Allied Governments Decide Speedy Settlement is Necessary to Prevent Spread of Bolshevism and Get Germans to Work.
Washington, Nov. 15.—Developments in Europe, not only in the military way, but in the field of international politics, and the tendency of the revolutionary spirit manifested by the demoralized civilian population of the central empires to spread to neighboring states, have influenced the allied and American governments to arrange for the meeting at an early date of the great peace congress.

BRITISH PROGRAM TO DEMOBILIZE

Plans Embrace Both the Army and War Industries.
London, Nov. 15.—Plans for demobilization now include the following: Money grants to civilians and ex-soldiers who are unemployed owing to peace, ranging from 24s weekly in the case of ex-soldiers to 10s in the case of girls and allowances for dependent children. The maximum duration of these grants is 13 weeks in the case of workers and 26 in the case of ex-soldiers.

ALLIED DIPLOMATS MEET CLEMENCEAU

Others Return Home After Brief Visit to Paris—Conference Report Premature.
Paris, Nov. 15.—The newspapers today announced that the premiers and foreign ministers of the entente were about to confer, or had even begun to confer, at Paris and Versailles. This news seems at present to be premature. Several representatives of the allied governments, including Earl Curzon, member of the British war council, and Baron Sonnino, the Italian foreign minister, certainly had brief exchanges of views in Paris with Premier Clemenceau and Foreign Minister Pichon on the question of peace negotiations, but Earl Curzon has already returned to England and Baron Sonnino goes to Rome Sunday for the opening of parliament.

Sentences to Be Valid Though Accused Are Absent.
Paris, Nov. 15.—As a result of investigations made in Lille and the region of the department of the north very precise charges have been made out against German officers guilty of having ordered or of having themselves committed shocking crimes. In the presence of evidence that has been revealed by a commission of inquiry, the under-secretary of state at the ministry of justice has ordered that criminal proceedings be instituted at once against the German officers in question. They will be tried by court martial in their absence, if the allies are unable to secure their arrest, but whatever sentence may be passed will remain valid.

Seyn, ex-governor-general of Finland, has been taken from a hospital at Kronstadt, and either drowned or shot, according to a Helsingfors despatch to The Berlingske Tidende. Maj.-Gen. REDFIELD DISAPPROVES BUILDING SHIP CANALS

Washington, Nov. 15.—Proposed construction of ship canals connecting Lakes Erie and Ontario and the Hudson River via the New York State barge canal is disapproved by Secretary Redfield. In response to a resolution by the senate, Redfield stated, to transport large contingents of troops to continue the emergency shipbuilding program to help make up the world's deficit of 20,000,000 tons brought about thru the ravages of war, Hurley said that American yards would produce 150 vessels of 1,000 tons aggregate during November and December. Another 450,000 tons of cargo carriers would be released, he added, by completion on or before Jan. 1 of voyages in the nitrate trade.

JUGO-SLAVS ASPIRE TO GET AUSTRIAN NAVY

Paris, Nov. 15.—Jugo-Slav crews remaining aboard the Austrian fleet in the Adriatic are reported to have made a proposition to turn over the warships to the United States, but as this was considered inexpedient, it was arranged later that the vessels should be turned over to allied and American forces in accordance with the armistice terms. All the Austrians on board the warships departed on the eve of the signing of the armistice, leaving only Jugo-Slavs on the ships. The Jugo-Slavs, much impressed by America's activity in behalf of their cause, submitted a proposition that the United States hold the vessels until their final disposition was determined. They hope when a decision is reached that the ships will be returned to them and thus form the nucleus of a Jugo-Slav navy.
