has commenced in earnest, and every day sees new-additions to our stock of high class drygoods in all departments Special efforts have been put forth this season to make the display, in its en tirety, the finest we have ever made and to justify its recognition as peer loss.

and to justify its recognition as peerless.

The forerunners in the dress fabric section, as yet incomplete, confirm highset expectations; the many new weaves, dyes, designs and materials in both black and colors, through the multipilcity of their beauties and newness, making an attempt at written description valueless, as nothing short of a tour of inspection through these departments can give an idea of the extent and beauty of the display.

The Silk Department stands in the forefront of interest, with every new silk idea for blouses and shirt waists, plain colors, shot effects, brocades, plaids and checks, showing some "very special value" lines.

White satin-brocades with patterns never shown here before; a range of plain duchesse satins, showing every shade, rich brocades for reception and dinner gowns, evening brocades and embroidered evening silks.

THE IDEA

fully consummated in these departments this season is to afford the ladies of the Dominion as good a choice from as full a selection of perfectly new goods as an be obtained through a visit to London expenses.

SAMPLES cut with a view to afford a good opportunity of judging the beauties of thes fabrics, can be had on application. For Wash Fabric Display

We have made arrangements for show space and assortment of materials as will eclipse all former records in this famous department. Some of the new varieties are:

"He stands before you," added M. Laborte, "M. Zola's stand was made against the Minister of War, who dared, though in good faith, to take the responsibility of getting Dreyfus condemned, while the authorities endeavored to stifle the truth." A Vigorous Peroration.

Then, perorations.

Then, perorations, the counsel said: "Don't allow yourselves to be deceived with the idea-that the honor of the army is involved because some of its members have ignored the law. Don't allow yourselves to be troubled or intimidated by rumors of war, which do not exist, but fear nothing for the moral energy of the country still lives. It is with the hearts of honest men that vic.orious battles are achieved, Give an example of firmness, for you must feel that in this man lies France's honor. [Protests from those present in the court room.] Your verdict will signify three things, 'Vive la France'; that is to say, 'Vive le Roi,' and that is what I ask you to proclaim by your verdict."

Amid loud applause, mingled with hisses and cheers for the army, and for the republic, the hearing was suspended. Immense crowds of people then gathered outside the Palace o' Justice and the ponce were reinforced, trouble being feared.

When the hearing was resumed, M. Clemenceau, for M. Perreux, made a speech, seconding the remarks of M. Laborie and concluding with appealing to the jury, by the acquittal of M. Zola, to 'remove from France the danger of religious wars."

The Advocate General made a brief reply, The jury retired at 6.30 p.m., and was absent half an hour.

SIR DAVID MACPHERSON'S WILL. Assizes to Determine Certain Questions.

son, who died in 1896, leaving an estate in the neighborhood of \$800,000, will be jury sitting of the Assize Court. The suit, however, is quite a friendly one between the executors and the heirs, and has been itstituted with a view of getting the court's interpretation of the will.

The statement of claim filed at Osgoode Hall requires to know whether certain lands situated on Roxborough-avenue west of Yonge-street are to be regarded as realty or personalty. These lands were sold by Sir David under a mortgage which was later foreclosed. The taxes in 1897 amounted to \$1365.50.

The court is further asked to determine the mode of computation of the one-eighth share to be paid to Mr. Wm. M. Macpherjury sitting of the Assize Court. The suit,

The court is further asked to determine the mode of computation of the one-eighth share to be paid to Mr. Wm. M. Macpherson; whether it is to be computed on the clear estate or on the estate plus the advances made to his daughters by Sir David during his lifetime.

The executors, who are the plaintiffs, are William M. Macpherson, Sir George Kirkpatrick and Walter S. Lee. The defendants and heirs are: William M. Macpherson, David H. Macpherson, Mrs. (Hon.) R. R. Dobell, Mrs. Thomas A. Beckett, Helen Bankes, Mrs. P. F. J. Ridout, Lady Kirkpatrick, William M. Dobell and Alfred C. Dobell.

VICTORIA FULL OF MINERS.

Few Dawsonites Arrived
Down. Victoria, B.C., Feb. 23.-Three steamers,

the Danube, Thistle and Tees, returned esterday from Skaguay, each with a few Dawsonites on board. There was very little gold on board and less news.

Cose upon a thousand miners' deenses were issued here to-day. Four steamers—the Pakshan, Queen, Alki and Farralon—are sailing for the north. The city is still full of miners waiting for boats that sail during the week.

Another large steamer awived from Honolul to-day to join the Alaskan feet. She will accommodate 600 passengers.

Passengers from Skaguay bring news of blockade of the Dyea trail by miners and packers. They resisted pretensions of a detachment of United States troops, which demanded the right to go over the trail awsonites on board. There was very detachment of United States troops, we demanded the right to go over the true before them. It was feared at Dyea throuble would arise over the affair. It delay in the receipt of the mail at Da son is, according to the passengers on to Danube, the cause of many coming out the coast. They say no mail has been ceived since last fail, and business is consequently paralyzed in many instances.
