Divisional Court, at 11 a.m.: Maganz v. Ferguson, re Robertson and City of Chatham, the Queen v. McMurtry, Arthur v. Rutanas, re Smith v. Dewal, McInnes v. McEwan

But Chicago Market Recovered Late Yesterday. Big Increase in Visible, Lower Cables, Large Receipts in the West, Light Demand and Lower Cash Prices Affected Values of Futures—Notes and Gossip.

Monday Evening, Oct. 3. Weaker cables, large primary and north-west receipts, an unexpectedly big increase in the visible supply, a falling off in the cash demand, and dropping exchange rates at Minneapolis, St. Louis all combined to exert a depressing influence on Chicago wheat quotations to-day, but the market is feeling lower, the close, futures making a net gain over Saturday's final figures of 1/2 to 3/4 per bushel.

Primary wheat receipts to-day, 2,580,000 bushels, against 1,914,000 bushels the same day a year ago. Primary corn receipts, 1,850,000 bushels, against 1,713,000 bushels, a gain of 137,000 bushels.

St. Louis wheat receipts the past week, 217,081 bushels, against 35,650 bushels the same day a year ago.

Russian corn shipments last week 36,000 bushels; Danish, 208,000 bushels.

English wheat visible is unchanged this week. During the corresponding week of last year there was a decrease of 108,000 bushels.

United Kingdom farmers' deliveries last week were 80,500 quarters, against 75,000 quarters the week before. The supply from home-grown and foreign wheat was about 4,250,000 bushels of about 220,000 bushels less than the weekly consumption.

Broomhall cables that recent rains in Argentina have done much good, Russian cargoes are being more freely shipped, Liverpool stocks of wheat decreased 680,000 bushels during September, and flour stocks increased 400,000 sacks.

Visible and Afloat. As compared with the same date of the visible supply of wheat in Canada and the United States has increased 1,350,000 bushels, that of corn has increased 1,750,000 bushels, and that of oats has increased 693,000 bushels.

Comparative statement for the week ending to-day, the preceding week and the corresponding week last year.

Oct. 3, '98. Sept. 28, '98. Oct. 2, '97. Wheat, bu., 11,283,400 9,308,000 21,104,000

There are now on passage to the United Kingdom 13,020,000 bushels of wheat and flour and 4,880,000 bushels of corn. There are on passage to the European Continent 8,900,000 bushels of wheat and 6,720,000 bushels of corn.

Receipts of grain to-day were light—2100 bushels of wheat, 1000 bushels of corn, and 1000 bushels of oats.

Wheat—Demand is light and prices incline easier at 42c to 43c for red and white wheat at north and west ports.

Barley—White oats quoted at 23c north and west and 23c east.

Barley—Quoted at 42c to 45c, middle freights, for No. 1.

Buckwheat—Prices nominal.

Ryan—Sells at 85c to 85 1/2c and shorts at 82 1/2c to 83 1/2c west.

Corn—American, 35c, at Toronto.

Peas—New peas are quoted at 51c to 52c north and west, in car lots.

Onmeal—Car lots of rolled oats, in bags, on track at Toronto, \$3.00; in barrels, \$3.70.

ST. LAWRENCE MARKET. Receipts of grain to-day were light—2100 bushels of wheat, 1000 bushels of corn, and 1000 bushels of oats.

Wheat—Demand is light and prices incline easier at 42c to 43c for red and white wheat at north and west ports.

United States Wheat Crop. Yesterday The World published the estimate of the United States wheat crop by The Chicago Daily Bulletin, making total of winter and spring wheat 400,000,000 bushels.

The Corn Belt publishes the following: Nebraska—it seems to be understood that the wheat crop of this state will average 20 bushels per acre, a result which is probably not excelled in the history of the American West. The world would make the crop of the state 11,000,000 bushels.

Iowa—Winter wheat, 38 reports say quality is good, 22 fair, 7 poor; 22 reports make yield 10 to 20 bushels per acre; 9 say 20 to 25 bushels; 3 give 70 to 35 bushels per acre. 32 reports say quality is good, 4 say fair, 8 poor. Fourteen reports give yield per acre 10 to 20 bushels.

Minnesota—The secretary of the State Board of Agriculture says: Winter wheat yield estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior. (Note.—The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.)

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Illinois—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Indiana—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Ohio—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Michigan—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Wisconsin—Eight reports say the quality of winter wheat is good, 6 say fair, 2 poor. 22 reports make yield 10 to 20 bushels per acre; 6 reports say 10 to 25 bushels. The Washington Bureau estimates at 32 bushels per acre, as against 27 bushels last year. The quality is inferior.

Butter. We have the very finest Dairy Butter that can be made, that nice rich flavor that is so appetizing. Any quantity delivered twice daily. We supply the best families in the city. 1 lb. rolls, 5 and 10 lb. crocks, 50 lb. tubs.

People's Wholesale Supply Co., 144 and 146 King St. East, Toronto.

London—Open—Wheat, off coast, buyers and sellers apart. On passage, white and red quiet. Hard No. 1, 4s 1d; No. 2, 3s 11d; No. 3, 3s 10d; No. 4, 3s 9d; No. 5, 3s 8d; No. 6, 3s 7d; No. 7, 3s 6d; No. 8, 3s 5d; No. 9, 3s 4d; No. 10, 3s 3d; No. 11, 3s 2d; No. 12, 3s 1d; No. 13, 3s; No. 14, 2s 11d; No. 15, 2s 10d; No. 16, 2s 9d; No. 17, 2s 8d; No. 18, 2s 7d; No. 19, 2s 6d; No. 20, 2s 5d; No. 21, 2s 4d; No. 22, 2s 3d; No. 23, 2s 2d; No. 24, 2s 1d; No. 25, 2s; No. 26, 1s 11d; No. 27, 1s 10d; No. 28, 1s 9d; No. 29, 1s 8d; No. 30, 1s 7d; No. 31, 1s 6d; No. 32, 1s 5d; No. 33, 1s 4d; No. 34, 1s 3d; No. 35, 1s 2d; No. 36, 1s 1d; No. 37, 1s; No. 38, 10s; No. 39, 9s; No. 40, 8s; No. 41, 7s; No. 42, 6s; No. 43, 5s; No. 44, 4s; No. 45, 3s; No. 46, 2s; No. 47, 1s; No. 48, 10s; No. 49, 9s; No. 50, 8s; No. 51, 7s; No. 52, 6s; No. 53, 5s; No. 54, 4s; No. 55, 3s; No. 56, 2s; No. 57, 1s; No. 58, 10s; No. 59, 9s; No. 60, 8s; No. 61, 7s; No. 62, 6s; No. 63, 5s; No. 64, 4s; No. 65, 3s; No. 66, 2s; No. 67, 1s; No. 68, 10s; No. 69, 9s; No. 70, 8s; No. 71, 7s; No. 72, 6s; No. 73, 5s; No. 74, 4s; No. 75, 3s; No. 76, 2s; No. 77, 1s; No. 78, 10s; No. 79, 9s; No. 80, 8s; No. 81, 7s; No. 82, 6s; No. 83, 5s; No. 84, 4s; No. 85, 3s; No. 86, 2s; No. 87, 1s; No. 88, 10s; No. 89, 9s; No. 90, 8s; No. 91, 7s; No. 92, 6s; No. 93, 5s; No. 94, 4s; No. 95, 3s; No. 96, 2s; No. 97, 1s; No. 98, 10s; No. 99, 9s; No. 100, 8s.

Paris—Open—Wheat, 21f 3/4c for Oct. and 21f 1/2c for Jan. and April. Flour, 47f 25c for Oct. and 48f 10c for Jan. and April. French currency markets easy. Malte, off coast, nearly dead. On passage quiet.

Montreal Live Stock. Montreal, Oct. 3.—There were about 700 head of butchers' cattle, 400 head of sheep and lambs offered for sale at the market closed firm and at the high point of the day.

Corn—As was the case with wheat, about all the butchers' corn was appeared early in the day, and the market records a firm opening at the close. While offerings appearing quite liberal, stocks increased everywhere, the visible showing an addition of 1,750,000 bushels. Late in the day, the market showed a falling off in country offerings, and the low price induced a good amount of short covering and more or less investment buying.

Provisions—The publication of stocks of provisions showing larger decrease than anticipated, had a tendency to strengthen the market early, but free selling of Armour and Swift's, had a weakening effect on the market, but the decline was small. The weakness of other ribs checked the chief purchase of other ribs buyers, some of whom were discouraged.

Montreal Live Stock. Montreal, Oct. 3.—There were about 700 head of butchers' cattle, 400 head of sheep and lambs offered for sale at the market closed firm and at the high point of the day.

Prospect on Wall Street. Last week's operations in the stock market, while they have provided no new ground for belief in any severe break in prices, have certainly done nothing to encourage the hope of any change in conditions during the immediate future. The market, as a whole, has been overshadowed by the largely unrespected, accelerated the decline in the rest of the list. Nevertheless, the general drift has been that of a favor
