100 Carving Knife and Fork, with stag horn handles, forged Sheffield steel blades, regular price \$1 a pair, Tuesday..... **.57**

THE RIVAL SANITARIA PROJECTS.

The public has been sufficiently educated regarding the contagious and curable nature of consumption to appreciate the establishment, as proposed, of a sanatorium in Toronto, for the particular benefit of the people of this city. There will have been an institution before long there is no doubt. But little headway will be made in this direction until the tangle caused by the appearance of two rival concerns in the field has been straightened out. It is a pity that no noble work as the subjugation of the great white plague should be handicapped by the jealousy and rivalry of those directly interested in its prosecution. The public would esteem it a favor if the gentlemen connected with the two concerns would get together, settle their differences and come before the people with a united project. If this cannot be done then the public will have to compare the merits of the two schemes and lend its support to the one that is best qualified to carry out the work contemplated. The establishment and maintenance of consumptive sanatoria is emblematic of the National Association. The elimination of consumption is a desideratum that appeals to every one. Toronto has not a few wealthy citizens and she has just entered on a period during which large fortunes will be made. People who will contribute to no religious or educational project would open their hearts to such a noble cause. The National Association is the most effective of the most destructive disease that afflicts the human race. The basis of the proposed sanatorium, therefore, should be philanthropic. The municipality and Government should assist it only in a supplementary way. The National Association has established itself on these lines, but as yet it has done little or nothing to provide treatment for the indigent. The association has made a proposition, more or less indefinite, in regard to the establishment of consumptive cottages in or near this city. The time has arrived when its prospects should be given to the public in detail. For how many patients does the association propose to furnish accommodation? What provision will be made for indigent patients? How much will the association be able to do for the city and Government? In view of the fact that Dr. Pieter's association is now organized and ready to establish a sanatorium that will treat all indigent cases, it becomes important that the National Association should take the public into its confidence and tell them just what it proposes to do.

PEOPLE IN FEAR OF A COUP D'ETAT

Expectation That Dreyfus Will Be Acquitted - Troops Sent to Strengthen African Garrisons.

New York, Jan. 22.—The London correspondent of The Times, writing regarding affairs in France, says:

"The week has passed in France with nothing beyond those mutual recriminations which now constitute the daily reading of the French public. M. Jules Gueslin yesterday gave the following account of the state of public feeling: 'People disavow the coup d'etat, which appears inevitable. Nobody knows who will accomplish it, nor in whose favor it will be brought about. That which is known, and very well known, indeed, is that the present situation cannot continue much longer. The people are tired of it.'"

"The opinion is growing that the report of the Cour de Cassation will not only acquit Dreyfus, but will also designate the traitor of the most painful character. Hence the frantic effort now being made to postpone the verdict by handing over the whole question to a complete Court of Cassation, instead of the Council of War only."

Ominous Military Movement.

"Meanwhile several battalions have been ordered to leave their garrisons in Algeria and other points on the North African coast, 2000 volunteers having been enrolled. It is, moreover, that a considerable force is about to be sent from Senegal, in the operations of a strong British expedition from the Hottentots of Sierra Leone, also that the Foreign Legion is to be increased by two regiments of three battalions, a total of 6000. A rumor reaches us that a special attempt will be made to enter Indochina in this force."

"As an example of the utter uncertainty that prevails everywhere in Europe with regard to French affairs, I may point out that to-day's Daily Chronicle contains one telegram from the British Ambassador in Berlin, and another from the German Ambassador in London, both dated January 21st, the latter stating that the Kaiser's long visit to the British Ambassador was to enquire the exact position of affairs."

COMMISSIONER FLEMING NEGLIGENCE.

In another column we give Mr. Faulkner's statement of his difficulty with Commissioner Fleming in regard to the proposed new entrance into Elkh Park. Mr. Faulkner says the city has not carried out its agreement, or understanding, with him, and he will now insist on an arbitration. He claims that the city failed to live up to its agreement with him in the following particulars:

1. The city has refused to give him ten years' local exemption of the property that will abut the new street.

2. The city proposes to pay Mrs. Macdonell for the use of her land, while the land is in the hands of the city, but only \$2000 for the house, which would be destroyed.

According to the correspondence produced by Mr. Faulkner, it appears that no writ was issued, and that the land was not in the hands of the city. A start was made to obtain such an agreement, but the negotiations appear to have been dropped before a final agreement was arrived at. It is unfortunate that the Commissioner did not have the agreement with Mr. Faulkner put in legal shape. The correspondence shows that there was some difference between the parties which should have been settled before the Sunbury Orphanage arbitration was undertaken.

Mr. Faulkner's objections, on the other hand, seem to be more technical than substantial. His principal complaint is based on the fact that Mrs. Macdonell is going to get more than the city agreed to give her. He says he has no fault to find with the Sunbury arbitration, and does not believe in the case of the Sunbury arbitration. But he is dissatisfied because Mrs. Macdonell is going to get too much. This is a mighty poor stand for Mr. Faulkner to take, and he says he intends to abide by the present decision to demand an arbitration.

Alleged Forgery in Barrie.

Barrie, Ont., Jan. 22.—F. A. Vansickle of this town was arrested on Friday afternoon charged with the forgery of a check payable to his father for \$20. He got the paper cashed. He acknowledges the offence, and will plead guilty to the forgery on Monday. He was released.

Mr. Lena Fisher of New York went out to buy provisions for Sunday, and while she was away some one broke into her home and stole her cooking stove, in which there was a hot fire, and on which she was cooking.

Energy Easily Earned.

Wasted energy must be made up or the body will weaken and perhaps perish.

For a long time prior to taking Dr. Ward's Blood and Nerve Pills my nervous system was greatly deranged and I was terribly nervous, so much so that in my business (Linesman of the Kingston Electric Light Co.) my extreme nervousness naturally made the following of my business extremely hazardous. Before taking Dr. Ward's Blood and Nerve Pills my kidneys had been affected for some time. I had constant soreness and stiffness across my loins and the small of my back. My appetite was variable and very poor. I also suffered greatly with constant headaches. I am glad to be able to inform you that Dr. Ward's Pills completely cured me of all the above ailments and made me a well man. I have found no medicine like Dr. Ward's Blood and Nerve Pills, although I have tried many different kinds. They acted quickly and effectively on my nervous system, making my nerves strong and removing all indications of nervousness. These valuable pills also removed all kidney and back trouble and restored me a healthy vigorous appetite. I have had no headache since five months ago and feel justified in saying that they are a wonderful remedy. They not only removed nervousness, but gave me healthy kidneys, removed all soreness and stiffness from my back and loins, cured me of headache and gave me a good appetite, consequently I am highly pleased. I know of no medicine that equals Dr. Ward's Blood and Nerve Pills for nervousness, chronic headache, sore kidneys and back and loss of appetite. Your truly, John McCutcheon, 522 Princess St., Kingston, Ont.

All good druggists sell them. If they won't, we will supply you by mail on receipt of price, 50c per box, or 5 boxes for \$2.50. The Doctor Ward Co., Limited, Toronto, Ont.

FRANCIS ARE IN A JANGLE

Newspapers Filled With Reports of Recriminations and Disputes.

La Grippe's Victims.

The After Effects of La Grippe are More Dangerous than the Disease Itself.

Thousands throughout Canada have suffered from la grippe during the past few weeks and thousands of others are still its victims.

Grippe is a treacherous disease. You think you are cured and the slightest cold brings on a relapse.

Its victims are always left in a weakened condition, and easily fall a prey to its manifold complications. Pneumonia, heart troubles and nervous prostration are the almost inevitable results.

There is only one medicine that can promptly and effectively restore you to sound health. Dr. Williams' Pink Pills will drive every trace of the poisonous germs from your system; they build up and enrich the blood and strengthen the nerves.

Mr. Peter McAvenny of Charlottetown, P.E.I., says: "I consider my deliverance through the use of Dr. Williams' Pink Pills short of miraculous. I was taken down with a severe attack of la grippe, which lasted for six weeks, and which left me completely broken in health. I was subject to night sweats and sleeplessness, my appetite had vanished; my stomach was disordered, and my blood had turned watery. I was forced to take my bed, and recovery seemed almost an impossibility, as nothing the doctor did for me seemed to produce beneficial results. One day a friend who had received benefit from the use of Dr. Williams' Pink Pills induced me to try them, and I am more than happy to say that they have completely restored my health. I look upon Dr. Williams' Pink Pills as a great blessing to mankind."

Do not risk life and health by experimenting with other medicines, and do not take a substitute—they are worse than useless. See that the full name, "Dr. Williams' Pink Pills for Pale People," is on every package. If your dealer has not got them they will be sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

At both morning and evening service at Bond-street Congregational Church, the edifice was not nearly large enough to accommodate the crowds that were anxious to hear Mr. Charles M. Sheldon.

At the morning service Mr. Sheldon took for his subject, "The Christian Standard of Conduct." Assuming that every one follows some rule of conduct and stating that it was important to follow the best rule, he showed that it was what men really were that decided the mightiest power in this world.

Christ was the supreme standard of conduct for the world, because what He did set the pattern for all men to follow. He was a standard authority on life, just as a master is an authority on political economy, or science. He did not mention any other standard, and he was not one of the multitude of standards that are set up by men.

The third standard of conduct was the Bible. The Bible was the standard of life, and it was the standard of life for all men. It was the standard of life for all men, and it was the standard of life for all men.

Mr. Sheldon said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men. He said that the Bible was the standard of life for all men, and it was the standard of life for all men.

He said that the Bible was the standard of life for all men, and it was the standard of life for all men.
