"Just ask the boys at the C. & A. roundhouse, where I work; they all know what an awful fix I was in, and can tell you that this Tanlac has made a new man of me," was the statement made by Charles Norwood of 1413 West Olive street, Bloomington, Illinois, while discussing the medicine recently.

"I can easily figure out," he continued, "where if I had had Tanlac fifteen years ago it would have saved me right around one thousand dollars a year, which is a pretty smug little fortune. The way I figure is thise for the last fifteen years I haven't been able to work more than half the time, at best. When I did work my earning capacity was much out on account of my poor health, and for a good many years I couldn't work at all. But if I had been as well and strong as I am had been as well and strong as I am had been as well and strong as I and had been as much pay, to say nothing of the amount of money I paid out trying to get rid of my terrible pain and suffering. For a long time my stomach never felt right, and everything I would eat disagreed with every day, and was so weak I just had to drag around. My stomach not not kept getting worse until I just broke down completely, and had to stop trying to work more many stomach never felt right, and the state of the

"I got to reading the statements about Tanlac, and some of the testimonials described my case so well that I commenced taking it myself, and oh, how I wish I could have found such medicine years ago. I am just so thankful that I am at last out of my misery that I feel like I would be doing not to tell everybody I can about Tanlac. I can sit right down to are not. the table now and eat as much as I ever could in my life, and never suffer the least bit afterwards. My headaches are gone entirely, and my kid-neys and back never bother me any more, and I sleep like a child every night. In fact, my troubles are all gone, and not only that, I am feeling stronger and better than I have in almost 20 years I haven't missed a day's work now since I finished my bottle of Tanlac, nearly three months ago. ## HOW TO MAKE YOUR HAIR BEAUTIFUL

Wonders, Stops Falling Hair and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy.

Better than all the so-called "hair tonics" in the world is a simple, old-fashioned home recipe, consisting of plain Bay Rum, Lavona (de composee) and a little Menthol Crystals. These and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and ½ dram Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in 8-oz. bottle. Then add the Lavona, shake well, and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again, rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use, and you will not find a single loose or straggling hair. They will be locked on your head as tight as a vise. Dandruff will disappear. You will find fine, downy, new hair sprouting up all over your scalp, and this new hair will grow with wonderful rapidity.

#### DEFICIT ON SPRINGBANK SERVICES NOW COVERED

To the Editor of The Advertiser:

On Monday night of this week you were good enough to insert a short note from me giving an account of money received during the open air services in Springbank Park this summer, for the purpose of providing hymn sheets. The account showed a deficit of \$9.38. On Tuesday morning I received a check for this amount. Thank you very much. Yours sincerely, QUINTIN WARNER. Cronyn Memorial Church, September 24, 1919.

OFFERED IMPORTANT POST.
Regina, Sask., Sept. 24.—Major A. E.
Lavelle, D.D., senior chaplain for Military District No. 12, has been offered the post of organizer for the national campaign in the Hamilton, Ont., conference. Application has been made to the military authorities in Ottawa for his release from military duties, and his acceptance of the offer depends on the result of that application. Major Lavelle was stationed at Brantford, Ont., at the outbreak of the war, and volunteered his services in 1915, after qualifying as a combatant officer.

## GAS STREET CAR MAKES DEBUT ON DETROIT STREETS

Passenger Motor Bus Covers Proposed Route On Observation Tour.

BUILT IN NEW YORK

Regular Service Starts Late in October-Design Pleases Women.

Detroit, Sept. 24.—Traffic officers forgot their signals, pedestrians stopped in the middle of the street, all unmindful of oncoming automobiles, and heads were craned from street car windows and office buildings in the downtown section of the city Tuesday afternoon, as Detroit's first passenger motorbus made its initial trip on an observation tour along the proposed route on which the busses will operate.

route on which the busses will operate.

"Oh, look at the new street car!" shouted a small urchin, as the bus chugged down Washington Boulevard.

"That ain't a street car, it ain't got no tracks. It's a automobile, silly," yelled another youngster, with superior wisdom.

"How's the air up there?" inquired a burly traffic "cop" with a grin, addressing the top deck of the vehicle, where a number of directors and members of the organization staff of the company had taken their station for better observation purposes.

The bus designed for Detroit has been constructed along lines similar with the type operated by the Fifth Avenue Coach Company of New York, except that it is two feet lower, and is so near a level with the sidewalk that it has no step. (Ladies, please note. Each bus seats 48 passengers.

### Melon Snatching Is Too Popular at the East End Hospital

So Some Youngsters Appeared Before Magistrate This Morning.

Although there is a very large melon patch on the Ontario Hospital grounds the authorities at the institution seldom have the joy of tasting the fruit. Each night men and boys carry out an offensive on the place. Hundreds and hundreds of the choice melons have been taken away and no trace has been found of them. They just disappear.

In the day time the fruit is ripening in the sun. The officials lick their lips when they think of the pleasure of eating it. However, other eyes—covetous ones—have also been watching. On the following morning the melons are gone. Attacks had been carried out so vigorously of late that the authorities decided to launch a counter-attack. A few nights ago they made a drive on a wide front and captured seven of the enemy. As all the prisoners were under age for the police court they were brought before Magistrate A H. M. Graydon in the juvenile court this morning and let out on suspended sentence.

Alkali In Shampoos Bad For the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the

hair brittle, and ruins it. The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply

moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to You can get mulsified cocoanut off at
