CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research. and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil. Paregoric. Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. MELBOURNE.

MELBOURNE, Nov. 1.—Considerable debate has taken piace in this village from time to time regarding the speed of autos passing through, especially in the Longwood road. There are times when it is not safe for a child to cross the street and many of the farmers wives and daughters do not consider that it is safe to attempt to drive a horse on this road. Even those who drive a car feel timid when meeting men who run their cars at the speed many of them do. Recently a man from St. Thomas had the fender of his car struck and loosened by a speeding car, west of this village.

thought she might get better, but in
spite of medical aid and care she gradually grew weaker until death claimed
her. She is survived by her husband,
a grown-up family and several grandchildren. The funeral was conducted by

who attended from a distance were her

death is that it follows so closely after
that of her daughter. Agnes, who died
on April 21 last.

Atlanta. Ga., Nov. 2.—Heavy voting throughout the south, with thousands of women casting their first ballots for president, was predicted by election officials when the polls opened today. Favorable weather conditions were expected to prevail during the day in most localities, although showers had been forecasted for states along the Atlantic seaboard.

Election day found Democratic leaders confident they would make a clean sweep in all southern states. The Respublicans, however, claimed they would be able to elect their congressional candidates in at least half a dozen scattered districts. Leaders in both parties were claiming today that a heavy woman vote would help their cause. Many Georgia women were expected to demand a vote despite the state law, which provides that voters must register six months before election. Women of the state were not registered because ratification of the federal suffrage amendment was completed less than six months ago. RAIN DELAYS BALLOTING.
Columbus, Ohio, Nov. 2.—A heavydownpour of rain in portions of Ohio

this morning threatened to dampen the ardor of early morning voters and delay the casting of what promised to be a record vote in one of the hardest-fought political campaigns in the state's history. Clearing skies and cooler weather were promised later in the day. weather were promised later in the day.

Early indications were despite the rainfall, that practically every person eligible to vote would before nightfall, have cast his or her ballot. Women voters plus the normal increase in men voters, are expected to swell Ohio's vote to more than 2,000,000. The pre-vious record was 1,165,000 cast in 1916.
