STOCKERS OF QUALITY IN SPLENDID DEMAND

Selected Steers of Breedy Kind Sell Above Six-Seventy-Five Per Hundred.

LAMB MARKET IS SLOW

Trading Loses a Little of Its Ginger, Buyers Blaming Quality of Offerings.

The receipts at the Union Stock Yards on Thursday numbered 74 cars, including 911 cattle, 17 calves, 2054 hogs, 225 sheep and lambs and 400 horses.

Butchers' cattle: The light consignment in the face of an active demand kept values up strong at the advance made in the mid-week. Choice butchers' steers sold up to $7.75, with one choice load weighing 1100 lbs. at $7.90. Four cars of western cattle that had been finished in Ontario were among the offerings, and two of these in straight loads sold at $7 to $7.25; the quality was fair only.

Stockers and feeders: This division closed strong for the breedy kind, up to $6.75, with a few selected steers going above this figure. Evidently the supply is considerably short of the demand.

Milkers and springers: One choice Holstein springer sold at $115, and $100 cows are not uncommon again. Here also the supply of good animals was too small.

Calves: Only 17 head were included in the receipts yesterday and were disposed of at steady prices.

Lambs and sheep: For some reason the trading here lost a little of its usual ginger. Buyers said the quality was none too good. The top price for the day was $11.60 for lambs and $8 for light sheep. The market therefore was easier and inclined to be draggy.

Hogs: Approximately 300 were in the open market and the price held just steady at $9.50, mostly kept up by outside buying, as local packer buyers did not seem anxious as they had been well supplied all week. A good many of the hogs looked too heavy.

SILVER STOCKS STRONG AT MINING EXCHANGE

Timiskaming and Peterson Lake Active and Higher in Price.

The market at the Standard Stock Exchange yesterday was fairly active altho the volume of business put thru has fallen off considerably from recent times. The transactions for the day totaled 107,182.

On the whole the tone of the market showed some improvement. Especially was this noticeable in the Cobalt list, where Timiskaming and Peterson Lake were the strong features. Silver receded slightly from the record price of the day before at 57, going down to 56⅞. With the price of the white metal up at its present high level the whole list of silver stocks can not be said to be in anything but a strong technical position. Since the advance large shipments of silver ore which has been held in reserve by the different mines have been shipped, thus putting the companies, the large ones at least, in a strong financial position.

A new feature of trading has been the appearance of buying orders from London in the gold stocks thru New York At the present time, because of the conditions brought about by the war, gold stocks are the class most favored on the London market.

In the Porcupine list Apex was steady, opening at 7½, advancing to 8 and closing easier at 7½. The north country was a heavy buyer of Dome Extension, causing considerable activity in the stock. It opened at 35 and sold up to 35½, closing at the high point. Dome Lake was strong, selling up to 28½, but closing ½ point down at 28.

No trading was done in Hollinger with $30.00 asked and $29.50 bid. Jupiter sold at 22. McIntyre opened at 99 and strengthened up slightly, advancing to 100 and closing there. There was a little more activity in this stock yesterday and more interest seemed to be taken in its movements. Porcupine Crown was strong at 36, paid for a block of 500 shares.

Porcupine Vipond was stronger, selling up to 76 and closing a point down. The strength in this stock was due to a rumor current that a strike had been made on this property.

West Dome was comparatively steady, selling at 16½ at the open and closing at 16¼. Dome Consolidated reacted, selling at 22 and McIntyre Extension was strong at 30½ bid.

Timiskaming was the feature in the Cobalt list, opening at 70 and selling up to 72½, when profit-taking brought it down to 71 at the close. In consideration of the fact that a 3 per cent. dividend has just been paid this can be regarded as a record high price. The strong financial position of this company is said to be bringing about considerable buying for investment. It is estimated by one broker that over 50,000 shares of this stock has been sent to New York in the last few days.

Kerr Lake was strong at 435 bid. The regular quarterly dividend on this stock was declared yesterday. La Rose was 62 bid and McKinley sold at 44.
