Economy

Many women think they are saving money by buying cheap tea, forgetting that it is not the cost per pound but the cost per cup that determines a tea's economy.

You may pay 5 or 10 cents more per pound for Red Rose Tea than for common tea. But because Red Rose Tea is a blend of Indian-Asam teas with Ceylons, consisting of the choice tender shoots and buds—the parts of the tea plant that yield the largest amount of liquor and the finest flavor—one-third less is required in the pot to make the same number of cups.

The cost per cup between Red Rose Tea and common tea is then practically the same. But the flavor—what a difference!

And this distinctive and delightful flavor and rich strength is protected by the Red Rose sealed package. No air, odors or dust can get in to injure Red Rose Tea's splendid quality and economy.
