TEMPERANCE POLICY

Demands That They Stop "Passing the Buck Along."

East Hamilton's Labor member, G. G. Halcrow, poured some hot shot into the government forces in the legislature yesterday afternoon. Their attitude on the temperance question was the reason for the outbreak. Mr. Halcrow said he was ashamed of the attitude of some of the members of the government. They had been evading the question, but when they found that it could be boosted to the minion government they were perfectly willing to pass the buck. whole question of submitting a referendum to the people shouldabe considered by the government them- ger striking prisoners have been reselves, and they should stand or fall leased, apparently unconditionally, and

today and two civilians were wounded by ricocheting bullets.

The crowds at the station assembled with the expectation of greeting the arrival of Sinn Fein prisoners. Armed police were summoned to the scene, but the gathering became so threatening that two companies of soldiers, who were accompanied by an armored car, were called and ordered to make a bayonet charge.

The military was subjected to a fierce fusilade of stones and fired volleys of blank cartridges in an endeavor to warn the people. The blanks proving ineffective, several rounds of ball cartridges were discharged over the heads of the people, and the two civilians received injuries from glancing bullets.

Later in the day' the Sinn Fein prisoners arrived and were taken in motor cars to the Londonderry jail.

TEN GIANT CARS BRINGING U. S. GOODS TO TORONTO

Whitby, April 14.—The police and citizens of Whitby, Ontario, are puzzled over the disappearance of a young girl, Alice Mabel Burt, from that neighborhood. On Saturday April 10 she was to have gone to Oshawa to meet her father, a returned man. A neighbor is said to have seen the girl on a bus traveling towards the G.T.R. station at Whithy, and that is the last the distracted father has heard of her whereabouts. The police description of her is as follows: Brown coat, black straw hat, vell, black laced boots; hair, light brown; eyes, light grey; 5 feet in height and When last seen she was carrying a suit case. She is 17

years old.

Intensity is added to the father's anxiety by his inability to locate his wife, with whom he has not lived since returning from active service in France. Information which he received overseas caused him to become estranged from his wife, who had been living in Kitchener with the daughter. Mrs. Burt remained in Kitchener and the father and Alice moved to Whitby. Preferred Her Father.
