

God. One who, for many years, had rejected the gospel of the grace of God has become sincerely penitent, and another who formerly thought lightly of the Christian faith died in peace rejoicing in the Lord.

The new church at Cascumpec is not quite finished. It is plastered and made comfortable in regard to warmth. The seats are being made open without doors. It is hoped that the church will be ready for consecration by the end of the summer.

The congregation has varied but little from former years ; but has enjoyed the regular means of grace in the preached Gospel and the Sacraments of the Lord.

The Sabbath-school has been opened, and in operation during the past summer, and they who have attended have made good progress. The services of the Church at the Capes and Tignish have been regularly kept up during the past year, and the congregations have been regular, large, and attentive. At Montrose and the French Village the services have been regularly performed and encouragingly attended by persons of different denominations, of which these congregations are generally made up. During the past year a new station has been opened in the district of Bloomfield, Western Road, where there is a week-day service which is well attended, and promises to be encouraging. The services, lectures, and prayer meetings at all the other week-day stations, viz. : Hill's River, Western Road, Kildare River, Upper and Lower Kildare, have been well attended, and it is trusted seasons of refreshment to many.
