

## What Kind of a Boot Do You Like?

NOW is the time of year when men are needing new footwear. We have been preparing for it for months. As no two pair of feet are exactly alike, and as the individual taste is about as varied as the shape of the foot, it requires a good deal of thought to provide acceptable footwear.

Our present showing is the most elaborate we have ever offered, comprising all the shapes, designs, patterns and leathers demanded.

We have also provided a range of widths, from the extra narrow to the extremely wide.

## WOMEN DEMAND BAKER'S SCALP

Indignant at U. S. Secretary of War

He Spoke Too Frankly

Remarks Regarding Revolutionary Army Said to be Libellous and Disloyal

Washington, Oct. 28.—Officers of the District of Columbia Society of the Daughters of the American Revolution and other patriotic organizations of women here have adopted resolutions in which they "demand the immediate resignation of Newton D. Baker as Secretary of War" on the ground that he was guilty of "libelous and false statements" and of "ignominy of American history in his alleged characterization of Washington's soldiers at Valley Forge as similar to the soldiers of the revolutionary army with Villistas. Copies of the resolutions are to be sent to every patriotic organization in the United States. Mr. Baker has denied that he said the things attributed to him. The women whose names are attached to the resolution assert that he did say them, and that they can prove it from stenographic notes. They say that he used the language which they condemn in a speech at Jersey City on October 16, and included in the resolution a transcript of it which they allege was taken down stenographically.

The resolution follows: "Whereas, Newton D. Baker, secretary of war in the cabinet of President Wilson, in making a political speech in defence of the Mexican policy of the administration at Jersey City, on the night of October 16, 1916, made the following comparison between the Mexican bandits supporting the various leaders in that country and the soldiers who fought the war for American independence in 1776, as follows: "Some people say they cannot understand the president's Mexican policy, and I want to tell you why. They have forgotten our own history and the Declaration of Independence and the money of the revolution. They say they are a ragamuffin lot. We say they are not. They are worth two or three cents on the dollar. We say they do not respect church property. That is the truth. The amazing thing is that people never respect these things in a revolution. We had a revolution, and money of the revolution was the end of that. The conditions in this country were so like Mexico that it is perfectly astounding to read."

"Washington's soldiers in the march to Valley Forge stole everything they could lay their hands on. They stole the silver vessels from the churches and melted them up to buy drink. They drove ministers of the gospel and preachers of churches out of the country. The money of the revolution was the end of that. The conditions in this country were so like Mexico that it is perfectly astounding to read."

"The president of the United States is in favor of letting the 14,000,000 people in Mexico who have not had an opportunity to do so, fight out their independence the way we fought ours. Whenever you hear anybody say they cannot understand the president's Mexican policy tell them to go and read the Declaration of Independence and the Golden Rule."

"And whereas, the above is a stenographic transcript of Mr. Baker's remarks, and there can be no reasonable doubt as to the intention to characterize the patriots who followed Washington from Bunker Hill to Yorktown as

thieves, church looters, and disreputable characters generally.

"Be it resolved, That we, officers of patriotic societies of women, with headquarters in the District of Columbia, do hereby demand the immediate resignation of Newton D. Baker as secretary of war, on the ground that a man of such amazing ignorance of history, and so lacking in ideals is not a fit head for the army of the United States of America, and would tend to seriously injure its morale;

"And be it further resolved, That we, the officers of the said patriotic societies, do hereby demand that President Wilson repudiate this comparison of Mexican bandits with Washington's Continental Army made by one of his cabinet ministers in defense of the president's policy in Mexico;

"And be it further resolved, That as the utterances of such libellous and false statements in regard to the officers and men of the American Revolution, are unpatriotic and disloyal, and must be most pernicious in their effect upon the loyalty and patriotism of the youth of our nation, we therefore call upon every loyal and patriotic man and woman in America to repudiate this odious comparison and unjust and untrue attack upon our forefathers the founders of the republic and the Declaration of Independence.

"And be it further resolved, That copies of these resolutions be sent to every patriotic organization in the United States, to President Wilson and to Secretary of War Baker."

## THE SHADOW OF BROKEN HEALTH

Can Be Quickly Dispelled Through the Use of Dr. Williams' Pink Pills.

When the shadow of poor health follows your life when hope begins to fade and friends look serious, then is the time you should remember that thousands just as hopeless have been cured and restored to the sunshine of health by the use of Dr. Williams' Pink Pills. These pills actually make new blood to anemic cheeks; cures indigestion, headache and backache, drives out the stinging pains of rheumatism and neuralgia, strengthens the nerves and relieves as no other medicine can do the aches and pains from which womenfolk alone suffer. In any emergency of poor health give Dr. Williams' Pink Pills a fair trial and they will not disappoint you. Here is a case that will bring hope to many a weary sufferer. Mrs. E. C. Taylor, Assat Ave., Toronto, says: "A few years ago I was so run down with anemia that I could scarcely walk about the house, and my appetite was poor and I was constantly troubled with headaches, dizzy spells and general indigestion to move about or do anything. I tried many medicines, but none of them helped me, and my friends thought I was in a decline. One day a friend who was in to see me asked if I had tried Dr. Williams' Pink Pills. I had heard of this medicine often, but had not used it, so I determined to give it a trial. I certainly got a pleasant surprise, for after using two boxes I could feel an improvement in my condition. Continuing the use of these pills I began to regain my health. The headaches and dizzy spells were disappearing, and I began to gain in weight. People began enquiring what I was taking and I was not slow to give them the pills for less than two months, and completely regained my old time health and strength. I hope my experience may convince some doubting person as to the great merit of Dr. Williams' Pink Pills. I certainly have cause to be a firm champion of them."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## "Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like had ruined my complexion. My skin was colorless, wrinkled, coarse and pitted. I heard of the virtues of macerated wax; but I got no response from my friends. Now substance convinced me it was more valuable than all cosmetics combined. Whenever my complexion begins to go wrong I get a box of macerated wax and at the nearest drug store, spread on a thin layer of it before my evening wash. It off itself morning. The wax, after it absorbs the worn-out cuticle, when a bright, healthier, younger-looking skin appears."

For the wrinkles and enlarged pores I began using a solution of salicylic acid, one ounce dissolved in a half pint witch hazel. Bathing the face in this every day for a while soon relieved the condition most wonderfully."
