UNION IN ASSEMBLY TOMORROW (Continued from page 1.)

On the question of gambling the statement is made that it is included in many church members, another statement is that the compromise legislation on gambling has been found to have many imperfections in its composition.

Social conditions in the province of Quebec and particularly in the city of Hull, come in for strong condemnation. There is a recommendation that there should be a prison farm in every province. The marriage law, or the "no-tenders" decree are also touched on.

Three new laws regulating obscene books and pictures and the sale of opium, and light forming drugs are dealt with at length. The problem of the city and industrial condition is covered in an exhaustive manner, and as regards picture shows in the cities the board does not consider them wholly bad, but it makes certain suggestions for improvement. The naval contract is opposed as being no more necessary than the contract in aquila camps.

Recommendations
The board of evangelism, temperance, social and moral reform made the following recommendations:
"That the general assembly hereby urge the ministers of the church to inform themselves carefully regarding the conditions of human life in their own neighborhoods, particularly as those are affected by the conditions of industry; to acquaint their congregations with these facts to instruct their congregations in the teachings of the gospel regarding social service; to cooperate in every effort for the attainment of the ends for which the church has declared itself."

That the general assembly hereby request all who have charge of schools and colleges to make ample provision for instructions regarding the Christian ideal of society; and further, that it direct the governing bodies and faculties of theological colleges to provide that the students in their care be taught the social principles of the gospel, and trained in methods of applying these principles to the needs of the localities in which they shall be called to minister.

That the general assembly hereby urge all the members of churches to give serious thought to the social problems, and to avail themselves of their opportunities for social service; to bring the sense of justice and righteousness which is fundamental in Christianity, to bear upon matters of everyday life; in business, in society, or wherever their influence may extend, to create a Christian public sentiment demanding the removal of wrong wherever found."

Had Severe Pains In His Back. Could Hardly Work.

Mr. Alfred E. Davis, Gorrie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly work at all, when I stopped down to pick up anything felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in your favor."

"This was nearly two years ago and I still remain cured."

Those who have never been troubled with kidney trouble to get Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in your favor."

Weak, lame or aching back, some from the kidneys, and when the kidneys are out of order the whole system becomes deranged.
