ROD AND GUN

Rod and Gun in Canada, popular Canadian sportsman's monthly magazine appears in a new and improved size with its September issue. The many improvements include a larger size of page together with a coated paper that adds considerably to the appearance of the stories and illustrations. This number is rich with stories, articles and anecdotes dealing with wild life in the various parts of the Dominion. The Great Mackenzie Basin is the title of the leading article, which is written by F. H. Kitto and tells of his 12,000 mile trip from Edmonton, north along the Mackenzie through to the Pacific coast and then east to Edmonton. In addition to this article, this number includes thirteen stories and articles which together with the usual departments makes an interesting issue of Canada's outdoor monthly Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, publisher, Woodstock, Ont.

NO NOTICEABLE CHANGE

No Increase in Drinking Despite Extended Hours.
London, Sept. 7.—Two days' experience throughout England and Scotland with the extended hours for the consumption of intoxicants in licensed houses has shown little, if any, increase in the drinking habit of the people. According to competent observers of the lunch-taking in the extra hour between ten and eleven o'clock at night, there was no great amount of patronage in that period, even in the licensed houses in the west end of London. Some parts of the country which were never touched by war-time restrictions of hours, notably in Devonshire, where the all-day opening has never been interfered with, have now, of course, come into line with the rest of the country.

COMMON COUNCIL

The possibility of a serious employment situation in the city this winter was discussed at yesterday's meeting of the common council and it was agreed that necessary steps should be taken to provide work. The report of the commission of finance recommending the usual monthly payments was adopted. A letter was read from the New Brunswick Power Company in regard to the protest of the city against increased lighting rates. The letter was received and filed. Mr. Frink gave notice that he would introduce a motion at the next meeting of the council regarding the development of areas within the city. A letter was read from the Bullock regarding the extension of grain conveyors to the government berths was adopted. Representations will be made to Ottawa in this respect. The mayor expressed the opinion that the Marsh road should be paved and Mr. Frink promised to bring in a recommendation.
