Thanksgiving Week

For Pushing Fall Trade, The Cordon Store

We Close Thursday, 19th

Gives the people what they want, at the time they want it, and at the price they want it in right reason, we get the confidence and support of the buying public. We sell for cash and sell better goods for the times are better. Good employment, good wages, good prices, mean good times this Fall and Winter all round. To this end we talk to you about good goods in preference to talking low prices, yet in our house both go together. Read, mark, learn, and come and see us.

For Thanksgiving Dinners

Furs==Furs

In our climate of quickly changing temperatures Furs are often life preservers and always stylish. The way we buy and sell them now they come within the reach of the saving ones as well as the wealthy. We did not expect such a demand at this early date, especially for high class Furs, but they go even more quickly than the lower grades.

THE CITY COUNCIL

A Kick Over the Civic Repair of Private Boulevards.

Colborne Street to be Macadamized—Firemen Get a Raise—Miscellaneous.

The city council held their regular fortnightly meeting last evening. The session was quite a lengthy one and considerable business was transacted. There were present Mayor Smith and Ald Sulman, Scane, McKeough, Martin, Marshall, Fleming, Cowan and Liddy.

Julius Ceasar Chase sent in a communication pointing out that his assessment of $400 had been increased by the assessors this year. He asked that the increase be struck off.—Referred to finance

A petition for a plank walk on the south side of Pop alley was found sufficiently signed and referred to the city engineer.

At the presentation of the pay sheets, Ald. Liddy asked if private boulevards were not being fixed at the public expense.

Ald. Sulman said he had heard complaints of the same nature and thought the board of works should not allow it.

Ald. Martin—If the aldermen will inform me whose places have thus been benefitted, we will investigate the matter and report to the council. The board of works know nothing of it.

Ald. Liddy—There was some work done on Baldoon street, some near the hospital and some on Thames street.

Ald. Martin—Whose places?

City Clerk Merritt—It is my place to which reference is made on Thames street. I can only say that I never said a word to the workmen. In fact I think they are doing the opposite to beautifying it.

Ald. McKeough—There is some work being done at the west end of the town, but it is being done at the expense of the owners.

Ald. Liddy—There is some being done opposite the Aberdeen hotel.

Ald. Martin—There was a stone or monument there that was a danger when driving. After consultation with the engineer we found we had no right to disturb it by lowering it and so deemed it best to fill up the street.

Ald. Liddy—It is the work at Dr. McKeough's residence I have reference to. Was it done by the town or by him? I want to know.

Ald. McKeough—The only work I know of there was the digging of a deep ditch to allow the water to reach the intake to the sewer.

Ald. Liddy—That is it, of course. The board of works don't know anything about it, but I know it.

The Mayor referred the matter to the board of works for investigation.

BLUE STONE EXPENSIVE.

Ald. Cowan presented an account of $24 for blue stone for charging the fire hall electric apparatus.

Ald. Sulman—That's too large an account.

The Mayor—Wouldn't it be wiser, Ald. Cowan, to advertise for tenders and purchase about 50 per cent. cheaper?

Ald. Cowan—You cannot do so.

Ald. Sulman—Just about that much. This is a tremendous account.

Edgar Putnam was granted a rebate of $1 on single grave purchased.

W. J. Moore was assessed for $400 for personal property he did not possess. He asked that it be struck off. Referred to finance.

BOARD OF WORKS.

Chairman Martin of the board of works reported that the matter of repairing the cement walks by the contractor, T. M. Kime, had been arranged subject to the approval of the council. Mr. Kime had deposited $400 with the city treasurer as security that he would repair the deficient walks to the extent of $500 worth before the 1st of Aug., 1900, and $500 worth more in the following year before Aug. 1st, 1901, the work to be done under the supervision of an overseer to be appointed by the council. He is not to be asked to expend more than $1,000 according to an article of agreement which accompanies this report and which will be deposited with the city clerk.—Adopted.

The Mayor thought the board of works deserved to be congratulated on this settlement with Contractor Kime. They had done very well for the city.

VIEWED AS A PRECEDENT.

Ald. Martin said that in the matter of the petition of Jas. Innes, Ald. McKeough and himself had disagreed, and the former would present a report on the matter.

Ald. McKeough then moved that the petition of Jas. Innes be granted, and Lacroix St. be graded and the boulevard put in presentable condition.

Ald. McKeough admitted it was establishing a precedent, though it was an isolated case, and Mr. Innes was within the bounds of reason in asking the city to make the improvements desired, because the earth was originally taken away by the city.

Ald. Martin said he had no objection if the council would take the responsibility of establishing a precedent, but personally he could not. He could not agree that the case was an isolated one. John Sowerby, across the river, opposite the Public hospital, had fully as great a right to seek redress from the city. He had talked the matter over with Mr. Sowerby, however, in the same light and viewed it in the same way.

Ald. Sulman said he was of the same opinion as Ald. Martin, while Ald. Liddy spoke in a similar strain.

Ald. McKeough's motion was defeated.

PROPERTY REPORT.

Chairman Cowan of the property committee reported recommending no action in re repairs to the pier on the Fifth street bridge until the river became frozen over.

That the necessary repairs to the market square walks had been ordered done.

That the account of National Carbon Co., for $11, be paid.

That Firemen Ryall and Holmes be granted an increase of $25 a year. Adopted.

TENDERS OPENED.

The Mayor opened the tenders for the sewer on Witherspoon St., which were as follows:—

Horne Bros., $248.
Rich. Stevens, $219.

The contract was awarded to Horne Bros.

Ald. Cowan said the Bell Telephone Co. wanted to trim some trees in placing their wires, and asked that the city appoint a man, to be paid by them, to oversee and do the work. Ald. Cowan moved Moses Robinson.

Ald. McKeough thought the Telephone Co. were allowed too much latitude in this matter. He thought it should be referred to the Chief of Police, who was very careful in guarding the city's interests, and appoint him to oversee the work.

This was embodied in the original motion, which was adopted.

Ald. Cowan said the scales on the market had been complained of as inaccurate, and he had ascertained from the inspector that there was good ground for complaint and if examined they would be condemned. Ald. Cowan said it would cost $150 to put in new scales and take the old ones in exchange. The matter was referred to the property committee with power.

On motion the linemen were granted two weeks' holidays.

Ald. Cowan asked that the assessment for a dog against him be struck off.—Granted.

Ald. Fleming said he had had a verbal communication from Wm. Wilson, son of Architect Jas. L. Wilson, asking to be relieved of poll tax, as he was in partnership with his father.—Referred to finance.

J. E. Thomas asked permission to trim trees on Sixth street.—Referred to Chief of Police.

A NEEDED PAVEMENT.

Ald. Marshall submitted a petition for a Macadam pavement on Colbourne street which was referred to the board of works.

Ald. Martin said he was glad to see improvements in our roads, but didn't like it so late in the year when it did not give the work a fair test. He hoped it could be agreeably deferred till spring.

The mayor again drew attention to the condition of the cemetery, where tom stones and monuments were leaning over, on the ground and some even broken.—Referred to parks and cemetery committee.

WAS POSTPONED.

The manufacturers committee of the city council, composed of Messrs. Scane, McKeough, and Fleming, were to have met Mr. Bartliff, of the Star Bucket Pump Co., to-day, in regard to locating the Canadian factory here. Owing to Mr. Stone's death, however, Dr. Fleming was the only one to attend. Mr. Bartliff had all his various pumps and appliances on display in Mr. Jahnke's store. He will probably wait till the committee are able to meet him.

BROKEN DOWN MAN,

Stomach Rebellious—Digestion Gone Wrong—Nerves Shattered—But South American Nervine Made a New Man out of a Broken Down Man.

When the system is all run down nature needs help to bring it back to a good healthy normal condition. Whether in springtime, summertime, autumn or winter, South American Nervine is a power in restoring wasted nerve force; in toning up the digestive organs; dispelling the impurities from the blood, which are accountable for so much disease and suffering. H. H. Darrock, of Mount Forest, Ont., says he was all run down, weak, languid, had no appetite, nerves shattered; he took South American Nervine, and to use his own words, "I am O. K. again; my appetite is big and hearty. I think it the best medicine in the world to make a new man out of a broken down one."
