Parents and Guardians are especially requested to call and witness the progress of their sons or wards.

## EMPLOYMENT FOR GRADUATES.

We have never insulted the good sense of the public by guaranteeing situations to graduates; but many times have we had more applications for accountants than we could respond to. The difficulty is not in finding situations for students, but competent students to fill positions. Our business is to qualify our young men so that they will be competent, mot merely to serve as book-keepers for others, but as their own employers.

## RATES OF TUITION.

(Payable in Advance-Scholarships not Transferable.)
