I

PROSPECTUS

OF THE

LOWER SEMINARY OF STE-MARIE DE MONNOIR

The Lower Seminary of Ste-Marie de Monnoir was founded in 1853 by the Very Rev. Edouard Crevier, Vicar General. It was chartered as the College of Monnoir, April 3, 1855, and as the Petit-Séminaire de Ste-Marie de Monnoir, July 24, 1880, when it was affiliated to Laval University.

Designed by its founder to prepare French-Canadian youth, not only for the ecclesiastical state and the liberal professions, but also for commercial and industrial pursuits, the Seminary of Ste Marie de Monnoir comprises a double course of studies, the Commercial and the Classical. It is needless to say that religious instruction occupies the first rank.
