

WEEKLY WEATHER SYNOPSIS.

Meteorological Office, Victoria.

Dec. 5th to 11th, 1900.

This week opened on the 5th with an important high barometer area central in Oregon and overlying the province; under its influence light winds and fair weather prevailed from the Columbia river southward, while to the north, as far as Kamloops, was general. On the 7th a low barometer area passed over the northern part of British Columbia, the high area to the south extending from the Pacific to Manitoba. On the 8th an important area of high barometer developed over the Northwest Territories, accompanied by a decided cold wave, the storm area moving rapidly eastward, the weather remaining fair to the south with cloudy weather and fog west of the Rockies. By the evening of the same day this pronounced high had vastly increased in energy and extent, its centre at Prince Albert reaching 31.28 inches, and temperatures falling to 14 degrees below zero. This area, however, had little if any effect on our weather in this province, where the barometer remained moderately high. These conditions remained throughout the rest of the week, extensive systems of high barometer areas covering this portion of the continent from the Pacific to the limits of the province of Ontario, causing generally fair weather with fogs and light winds on the west of the Rocky Mountains. On the evening of the 11th the barometer, which had fallen on the lower California coast, began to rise again, and indications appeared of a storm area approaching the British Columbia coast.

At Victoria, only 6 hours 15 minutes of bright sunshine was recorded, 5 days being completely clouded, the highest temperature was 53.5 on the 9th; the lowest, 38.4 on the 10th; rainfall, .32 inch.

At Westminster the rainfall was .36 inch; highest temperature, 56 on the 6th; lowest, 30 on the 10th and 11th.

At Kamloops the highest temperature was 53 on the 9th; the lowest, 38.4 on the 10th; rainfall, .32 inch.

At Barkerville the highest temperature was 42 on the 6th; lowest, 18 on the 9th; no precipitation.

Summary of November Weather.

In Victoria the record of bright sunshine was 92 hours and 18 minutes, the largest amount registered here for this month. The total precipitation, 2.31 inches. Highest temperature, 57.0 on 2nd; lowest, 19.8 on 21st; mean for month, 43.42. The total number of miles recorded on the thermometer was 6,178, and the difference 48,709.5; North, 1,107; northeast, 2,313; east, 547; southeast, 575; south, 134; southwest, 788; west, 511; northwest, 200.

(From Tuesday's Daily.)

The totals of the Victoria clearing house for the week ending December 11th were \$580,564; balances, \$151,502.

W. H. Sering, a stalwart member of Seattle police force, is spending his holidays in the city. In comparison with the lively Sound City Mr. Sering finds Victoria quiet and petty thefts a fairly ordinary occurrence. He was an interested spectator of yesterday morning's proceedings of the police court.

It is understood that the Ministerial Association may proceed with an expedition against one of the principal gaming houses of the city, complained of in their communication to the board of police commissioners, unless the instructions of that body to the police are widened to include the absolute suppression of the games of which complaint is made.

Work will commence immediately on the construction of a two-story block structure on Government street, near the corner of Cormorant, for Chu Chung. The property is owned by W. H. Langley, and was formerly occupied by Chinese shacks, which were destroyed at the initiative of the sanitary inspector, with the assistance of Jumbo, the ponderous street roller. The new building will have a frontage of about fifty feet.

A quiet wedding took place yesterday afternoon at the residence of the Rev. W. Leslie Clay, Birdcage Walk. The contracting parties were Miss Dawson, of Maple Ridge, B.C., and C. E. Carter, of Port Haney. The knot was tied by the Rev. W. Leslie Clay, of St. Andrew's Presbyterian church. The bride was supported by Miss Heirline, and the bridesmaid by Mr. Peterson. The wedding was strictly private. The happy couple are at present staying at the Dominion hotel, but will leave shortly for the Mainland to spend their honeymoon.

A meeting of the Ministerial Association was held yesterday when the conclusion of the police board's gambling was considered, and the intimation that the evil would be "abated" was unfavorably commented upon. Definite action arising out of this matter will be taken at a special meeting called for Thursday next at 10 a.m. A resolution of regret at the departure of Rev. A. E. Winchester was submitted by Bishop Crispe and carried unanimously, and the programme for the united service was decided upon. It will be held in St. Andrew's Presbyterian church at 11 p.m. on Christmas Eve.

Trustee Belyas has given notice that at the meeting of the school board to-

morrow night he will move that clause 2 of section 9 of the regulations of the board be amended so as to limit the maximum salary of teachers of the grammar or senior grades in graded schools to \$800 per annum, excepting only such teachers who hold first A certificates or academic class certificates. He will also move that the matter of the salaries of and fitting up of Rock Bay school for the reception of classes after the Christmas holidays be referred to the building and grounds committee.

Thomas R. Smith, joint managing director of the firm Robert Ward & Co., Limited, of Victoria and Vancouver, has been appointed by His Royal Highness the Crown Prince Regent of Sweden and Norway consul for British Columbia, with headquarters at Victoria. This position Mr. Smith succeeds Robert Ward, the president of the above mentioned firm, who until lately was Swedish and Norwegian consul at Victoria for many years, but resigned his appointment on taking his departure for London, receiving upon his retirement the distinguished Swedish and Norwegian Order of the Wasa.

Operations will shortly commence for the erection of a new building with a frontage of 68 feet on Government street, for Mei Chung. W. H. Langley is the agent.

The coroner's jury at Seattle brought in a verdict that William Langdon had shot Eddie Shanks in self-defence. The prosecuting attorney, however, has insisted that the jury should find Langdon in the justice court.

Lady de Lotbiniere has started a Shakespeare club in Victoria, on very much the same lines as the one started by her in Ottawa, and which kept up very brightly during her residence there. There are about twelve members in the new Shakespeare club formed by Lady de Lotbiniere.

A piece of wrapping paper was yesterday picked up on the Saanich road, near Elk Lake, by a gentleman who was driving by, containing the following: "I am going to jump into the lake. I am going to commit suicide. My wife is missing, the rather startling message is looked upon as a canard."

During November an individual named John Arnold Burr, night man for the United States Express Company, at Green Bay, Wisconsin, disappeared rather abruptly without anything like \$15,000 that did not belong to him. The general superintendent of the company is naturally very anxious to see Mr. Burr, and the local police have consequently received a circular to keep "their weather eyes" open.

The examinations for entrance into the Victoria High school will be held in South Park school on Monday next under the supervision of the superintendent of education. They will probably continue two days. The normal school entrance examinations will take place on Monday also at the Victoria High school. The subjects will be the same as those of the present third-class teachers' certificates.

A dispatch to the Times yesterday afternoon stated that a house in process of moving at Wellington had broken through a bridge. Details, however, which came later, showed that in passing down a hill the unwieldy cargo got out of hand, but was eventually brought to a sudden standstill by the chimney catching in the telegraph wires. The result, however, was disastrous to the telegraph wires, as a number of poles were broken and the wires badly twisted.

It is altogether probable that the regular establishment of one city will discontinue the use of trading stamps upon the termination of the year. As will be remembered an effort was made to secure an agreement among the grocers to this effect some time ago, but nothing came of it as certain of the grocers refused to abolish the system. It is understood, however, that an agreement will shortly be entered into for the discontinuance of the use of the stamps.

A concert will be given on Monday evening, December 17th, in the Oddfellows' hall, Spring Ridge, under the auspices of the First Presbyterian church choir and Knox Presbyterian church. The entertainment will commence at 8 o'clock with a cantata entitled "The Crusader," by the choir of the First Presbyterian church, led by J. G. Brown, after which an excellent programme of miscellaneous selections will be rendered.

The board of licensing commissioners are holding their regular quarterly session this afternoon, only three applications being before them for consideration. These are from Wm. Roberts, through his attorney, for a transfer of the license of the Adelphi saloon, owned by Henry Hilliwell; Dora Voss for a transfer of the Queen's hotel saloon; license to Mrs. Harriet E. Hastings; Frances Annie Berryman, administratrix of the estate of the late Richard Henry Berryman, for a temporary transfer to Chas. Berryman.

J. K. Macrae, who leaves in a few days for Dawson, was last evening entertained by the managing committee of the J. B. A. A. at the Poodle Dog restaurant. A happy evening was spent by all, and the young disciple of Blackstone was the recipient of many well wishes for his prosperity in the far North, where he will enter into a law partnership with A. G. Smith, ex-deputy attorney-general of this province. Mr. Macrae has been a university professor here, where he has been prominent and active in athletic circles. He carries with him to his new field the respect and esteem of all.

Yesterday afternoon Sergeant Frank Murray, of the provincial police, paid a visit in the direction of Saanich, and while there he incidentally instituted inquiries respecting a case of poisoning which has been in circulation for some time, that a Japanese had been found dead with a knife in his back. No developments have arisen which justify the dissemination of sensationalism. The fact that several months ago a few spots of blood were observed at the Saanich school house, which might have resulted from a slight nasal hemorrhage, is not in itself an extraordinary occurrence, and does not particularly incite that

anything particularly alarming has taken place within the precincts of the Saanich school house.

(From Thursday's Daily.)

The wedding took place on Tuesday, at the residence of Justus Williams, Esquire, of the Thos. Graham, of Alberni, and Miss Mary E. Blacker, of Durango, Laplata county, Col. The ceremony was performed by Rev. J. P. D. Knox.

Rev. J. F. Vickery last evening united in wedlock James Buchanan, of Dauphin, Man., and Miss Eliza Cruise, of this city, the knot being tied at the pastor's residence. Mr. and Mrs. Buchanan left this morning en route for Dauphin, where they will in future reside.

The aged colored man who for a number of years resided in the cabin on Stone street, and who is familiarly known as "Shakespeare," has been confined to the past short while in the Jubilee hospital with a serious attack of illness. Yesterday afternoon he suddenly became rather violently deranged mentally, and the police being communicated with, a constable was sent out to watch over the unfortunate old man.

The death took place at the Provincial Royal Jubilee hospital yesterday of Elsie, a daughter of Chas. Casse, naval storekeeper at Esquimalt. Elsie had been ill for some weeks, and on Sunday was removed to the hospital. She was a native of Chatham, Kent, Eng., and was 49 years of age. The funeral will be held at the Esquimalt family residence, Esquimalt, to the naval cemetery. Her husband survives her.

This morning Mayor Hayward, Jas. L. Raymer, water commissioner, and city engineer paid an official visit to the North Dairy Farm Pumping Station. A test was made which was most satisfactory, a pressure of 100 pounds at the station raising that at the city hall to 72, and at the old Yates street pumping station to 85. The station will be turned over by the Albion Iron Works to the city as soon as the necessary certificates are signed and the water is in the course of a day or so.

Ernest Bradley, assistant city clerk, has received a letter from W. A. Carter, a former Victoria resident, who has now removed to South Africa. Mr. Carter embarked in business in Sanjour and his many local acquaintances will be pleased to learn that he has been quite successful. He has been engaged in bicycles, machinery, aerometers, and other commodities required by such an up-to-date community as the thriving Rhodesian city. Mr. Carter was well known in athletic circles, having been an active member of the wheel during his residence here.

Writs have been issued on behalf of the tenants of the tenants of the post office building for the purpose of the authority of section 164 of the Municipal Clauses Act, by which the occupants of crown property, otherwise than in an official capacity, can be assessed for it. It has been stated that the property itself is not liable. The tenants were given notice of their assessment some time ago, but as the taxes were not forthcoming the writs have been issued. There are a number of similar cases on the Indian reserves.

A special meeting of the Municipal Association was held at the Victoria Hotel yesterday afternoon. There was a representative gathering of the clergy in the city. President Hastings occupied the chair. The business before the assembly was to decide upon some plan of action in return for the city's contribution to the celebration of the centenary of the discovery of gold. The whole of the correspondence to and from the Mayor was submitted. After some debate, it was decided to adopt a course which would make it more difficult for a resolution of the city council of the law in this direction, and which will furnish a wholesome warning to the "Heathen Chinee."

That woman's franchise is becoming one of the burning issues of the day was evidenced by the attendance at last night's meeting of the Victoria Literary and Debating Society held in St. Andrew's church lecture room. The lively discussion of the subject was maintained by the speakers, and the audience was well represented. The speakers were: J. G. Brown, J. K. Macrae, and J. P. D. Knox. The meeting was well attended, and the speakers were well received.

Another court of the Independent Order of Foresters was held at the Victoria Hotel yesterday evening. On Saturday evening, 8th inst., a camp of this progressive order was instituted at Ashcroft by W. E. Gillespie, D. G. C. R., of Ontario, with 38 charter members. The following officers were selected for the ensuing year, and duly installed: Court deputy, Thos. McCosh; C. R., John C. Smith; P. C. R., Stuart Henderson; V. C. R., H. L. Roberts; recording secretary, Stanley T. Orestman; financial secretary, Chas. B. Deans; treasurer, Matthew P. Stewart; orator, Francis Webb; organist, Thomas H. B. Goss; S. W. Thos. F. Elliott; P. W., A. H. Hardie; S. B., Fred. Rosenberg; L. B. Wm. Simpson; trustees, Isaac Lehman and Angus Armstrong.

The elder members of the Malby family who have been spending the past fortnight at the isolation hospital have been released, and returned to their homes yesterday. In this connection it is interesting to note that other means than faith should be resorted to as precautionary measures against the depredations of the light fingered individual who is on the lookout for opportunities. When the sanitary inspector removed the family to the isolation hospital it was understood he asked one of them for the keys in order to lock the place during their absence. He was told that they did not carry keys, but he was told that they were away, however, their house was entered and a clock removed. The

theft was reported to the police yesterday and they have taken the matter in hand. The Malby children, who were suffering from diphtheria, are progressing favorably.

Along the Waterfront.

Because of the ice formed over the Skeena to such an extent that navigation is impossible the steamer Chief is down from the North to spend the winter. Her master and owner, Capt. George Cunningham, says he found it impossible to take his steamer up to her regular winter quarters on the river and accordingly came down here. He reports that conditions in Simpson were never before as they are now, and many of its inhabitants are almost, if not quite, in a state of want. The reason of this he attributes to the strike of the fishermen. Mr. Fraser has summered in this Skeena fishermen took a conspicuous part with the result that they are now financially embarrassed. The residents of Massett, he reports, are also similarly circumstanced through being disappointed in getting their annual supplies. These are now lying on the wharf at Georgetown and the steamer Nell, on which they depended for the transportation of the freight, has been lying in the harbor, unable to get through because of weather and other circumstances, abandoned the trip. There is no other steamer now in the North sufficient large or seaworthy enough to make the 458 miles to Massett. The Massett folk will now have to rely on the Victoria steamers for any freight which is likely to reach them this winter.

Chief Engineer Gordon, of the steamer Alpha, called at the Times office this afternoon to contradict the assertion that the sea connections of the vessel had been opened. He says when the water level was low the vessel was in bed, station raising that at the city hall to 72, and at the old Yates street pumping station to 85. The station will be turned over by the Albion Iron Works to the city as soon as the necessary certificates are signed and the water is in the course of a day or so.

RUGBY FOOTBALL.

VICTORIA VS. VANCOUVER.

Arrangements have been completed for the game to be played between Victoria and Vancouver next Saturday. Victoria will be represented by the following players: J. A. Rithet, Gillespie, Scholfield, Gamble, Matters, Gillespie, Goward, Little, Cope, Fraser, Bromley, Lorimer, Schwengers, Pemberton and Johnston.

All members are requested to turn out at the practice to be held this evening in the Caledonian grounds, commencing at 5 o'clock. They are also requested to be in attendance at the practices to be held in the J. B. A. hall on Wednesday and Thursday evenings. No practice game will be played on Friday evening, so that the players will be fresh for the match on Saturday afternoon. A junior team will travel with the seniors.

THE WHEEL.

SIX DAYS' RACE.

(Associated Press.)

New York, Dec. 11.—The score at 8 a.m. in the six-day bicycle race at Madison Square Garden was as follows: Elkes and McFarland, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps.

New York, Dec. 12.—The score in the six days' bicycle race at Madison Square Garden at 8 o'clock this morning was: Elkes and McFarland, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps.

New York, Dec. 13.—To-day found only six teams left in the six day bicycle race at Madison Square Garden. The riders have taken on a haggard and exhausted appearance, due to the terrific pace set for the first two days of the race. This morning the men increased their speed somewhat, with each rider watching his competitors closely all the while.

The unlucky falls of yesterday caused two teams to drop from the race. One of the riders, Aaronson, is in the New York hospital with an injury to the spine. His partner, Babcock, fell from his wheel at 2 o'clock this morning. Referee Wilson was officially notified by the team's trainer that his men were unable to continue. About the same time it was announced that Turville and Gimm were out of the race. Turville was so badly injured by being thrown into a box last night that he is sore all over his body.

In speaking of the matter of rewards to those who have dropped out through accident and the retirement of their partners, Manager Powers said that in each case the men would be given a chance to make something, either through exhibition races or by payment outright. He continued: "It is my intention to see that every man who appears to have entered the race with an intention of completing it shall not lose by it. We shall not give Miller anything because he will be held in the hands of the starter to get starter's money without expecting to finish it."

The score at 11 o'clock was: Elkes and McFarland, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps; Turville and Gimm, 1,213 miles 4 laps.

It is understood at Esquimalt that the sloop-of-war Condor, which is en route to this station, will remain at Panama until the revolution there is over. H. M. S. Pheasant, which was despatched there, is now en route home.

The Alaska Steamboat Association will meet at Seattle tomorrow. There will be in attendance from this city G. A. Carlsson, G. F. A. of the C. P. N. Company, who goes over on the Sound steamer this evening.

usual, but was not lucky enough to score. Connors, Salmon and Baylor, half backs, played a very good game, as also did Snelgrove, inside right half.

The Garrison will play the Victoria team next Saturday, 16th inst., at Wemy's Point barracks. Kick off at 2:45 p. m. sharp. VICTORIA AND EXTENSION UNITED.

The secretary of the Victoria Association football team is making arrangements for a game to be played in this city on Christmas day between the Victoria team and an eleven picked from Extension, called Extension United.

SKATING. CHAMPIONSHIP RACES. (Associated Press.) Montreal, Dec. 12.—Rubenstein, the well known Canadian champion fancy skater, and a member of the world's championship races committee, received word yesterday that the world's speed skating championship races are to be held as follows: World's speed championship, at St. Moritz, Switzerland, January 10th and 20th; European championship at Buda Pest, Hungary, January 20th, and the American championship at Montreal, February 4th. The distances for these races are 500, 1,500, 5,000 and 10,000 metres.

MONTHLY MEDAL COMPETITION. The third monthly medal competition of the Victoria Golf Club was played on the Oak Bay links last Saturday afternoon by the gentlemen and yesterday by the ladies. There were 32 competitors in all. H. Combe won the A class, F. S. Barnard, C. J. Galt, and the ladies' event. The following are the scores:

Mrs. Combe and Miss Foster returned no scores.

THE GOLF MEETING LAST NIGHT. A meeting of the Victoria Golf Club was held last evening in Weller Bros. of Dees, Government street, for the purpose of electing representatives to the convention of delegates from Kamloops, Vancouver, New Westminster and other parts of the Province, to be held in Victoria on or about the 20th of this month. The convention has been called for the purpose of discussing the so-called "British Empire" golf tournament and requesting that the game laws throughout the province be better enforced. The delegates from Victoria were not, however, elected; but the question in hand was thoroughly discussed, and a meeting will be held in the future to further deliberate on the matter.

TWO VICTORIA VICTORS. Two Victoria canines covered themselves with glory at the bench show at Oakland, Cal., recently. T. P. McConnel's English setter bitch capturing first prize in both the novice and open classes, and H. L. O'Brien's English setter, Victor, 1st in the open class for dogs.

RETURNED IN TRIUMPH. Victorian canines made a great showing at the show of the California Cynophile Club, which was recently held at Oakland, under the leadership of Frank Turner having returned last evening with seven first prizes, three seconds and two specials. Eight Victoria dogs were entered. Mrs. Bradley-Tyler's two Irish terriers secured first and second prizes for the best pair of Irish terriers in the show. Mrs. Creighton's black cocker, "Queen of Sheba," won first in the cocker class. Mrs. Hiltchcock's Great Dane won first in the champion Great Danes. "Victor," T. P. McConnel's English setter, "Best of Breed," although shown out of condition, won second in the open dog class. Mr. Macabe's collie made a splendid showing, by winning second in the open field for collies. H. L. O'Brien's English setter, "Victor," won first in the open dogs, and the special prize of \$5 for the best English setter dog in the show, beating Count Harold, the Seattle champion and winner of first in the champion English setter class. "Victor," T. P. McConnel's English setter, "Best of Breed," a promising youngster but one year and one month old, won first in the novice, and first in the open bitches.
