PREDICTS DISASTER

Engineer Says Water Will Drive Settlers from the Imperial Valley in Southern California.

Detroit, Mich., Sept. 23.—Disastrous results from irrigation in Imperial valley in Southern California were predicted last night by Geo. Y. Wisner, of Detroit, an engineer of national repute and a member of the international waterways commission. Mr. Wisner, speaking before the Detroit Engineering Society, said: "Within twenty years thousands of people who have taken up government lands in Imperial valley will be driven out by the water, their homes and fields forming the bottom of an immense inland sea. The cause of the coming catastrophe is the poor engineering in directing the course of Colorado river for irrigation purposes. The river has cut into the hills of its new course to such an extent that nearly all Colorado river flows into the valley. Engineers realize the danger, but after many frantic efforts have failed to change the river's course back to its old bed. Not for twenty years will evaporation down there be equal to the inflow into the valley. By that time a million acres of fertile land, which is 200 feet below level, will be covered by an inland sea."

COWICHAN SHOW LARGELY ATTENDED

ANNUAL FAIR WAS A SPLENDID SUCCESS

Close Competition in All Classes at Duncan's Exhibition—Interesting Programme of Sports.

Cowichan was on 'feet' on Saturday the occasion being the annual exhibition under the auspices of the agricultural association of that district. Crowds gathered from far and near, and the grounds, thronged with visitors, presented a gay and striking scene. It was a fair typical to Duncan's, largely attended, creditable from the standpoint of the interior, and exhibiting excellent quality. All competitions were close and exciting, and Dr. Tolmie, who judged all stock, was surrounded by a large crowd of interested spectators while making the awards. This work was not completed until well on in the afternoon, but the placing gave entire satisfaction.

The sports held in the afternoon were most interesting. A wrestling match on horse-back was the feature of the programme. For this event teams, comprising three horsemen, lined up against each other, and riding together the opponents tried to throw one another from the animal's backs. It was some time before the result was certain. Messrs. J. and P. Jones and Bonnell being thrown by Messrs. Boswell, Mutter and Mearns. After a desperate and plucky struggle against superior weight, 'Pole vaulting' was another contest in which the competitors did particularly well. The success of the sports while due to the indefatigable efforts of the committee in charge was insured by the oratorical efforts of Harry Smith. He acted as master of ceremonies, announcing each event and describing its conditions in detail and with a dry humor that was most amusing.

Among those present were the following: E. B. Anderson, deputy minister of agriculture, Mr. Brett, Dominion inspector of immigration, Hon. M. W. T. Drake and the Misses Drake, Rev. Dr. Elliott, S. Robes, F. H. Maitland-Douglass, Miss Maitland-Douglass, Capt. Barkley, Rev. M. Wright, James Robertson, J. Norris, J. T. Corfield, W. P. Jaynes, G. H. Hadwen, A. Lane, Lieut. Col. and Mrs. Jones, Arthur Greene and party, Mr. and Mrs. E. Barkley, Mr. and Mrs. A. J. Nixon, Theistic Land, Mr. and Mrs. W. H. Hayward, ex-M. P., Mr. and Mrs. W. H. Elkington, Mr. and Mrs. H. Carter, P. T. Cheever, Harry Smith, Mr. and Mrs. H. de M. Mellin, Mr. and Mrs. H. T. Fall, Mr. and Mrs. C. W. Dunne, Mr. and Mrs. L. F. Norris, Major and Mrs. Bradley-Dyne, Mr. and Mrs. S. Dighton, Mr. H. P. Williams-Freeman, Mr. and Mrs. Townsend and Mrs. Calvert.

Dr. Tolmie, who judged all stock, was surrounded by a large crowd of interested spectators while making the awards. This work was not completed until well on in the afternoon, but the placing gave entire satisfaction. The sports held in the afternoon were most interesting. It was some time before the result was certain. Messrs. J. and P. Jones and Bonnell being thrown by Messrs. Boswell, Mutter and Mearns.

But it was the fruit exhibit which attracted the most attention. Despite the fact that the quality cannot be judged on Vancouver Island and it might be going too far to observe, that the famed No. 1 hard of Manitoba would have looked to its laurels in competition with that produced in this district, mentioned. The report that Mr. Courtney, deputy minister of finance, has resigned is not correct. The matter stands as in 1902, when Mr. Courtney announced in his annual report that the time had arrived when the department ought to be looking for a younger man. He is well versed in modern finance. In the absence of Hon. W. S. Fielding, Mr. Courtney would be the last man to desert the ship.

VICTORIA TO BE MEETING PLACE

TRADES AND LABOR CONGRESS IS COMING

By Good Vote This City is Selected For Next Year's Place of Gathering.

The Dominion Trades and Labor Congress at its sitting in Toronto has decided to make Victoria the meeting place next year. Some time ago the local trades and labor council set the heels upon bringing the meeting of 1906 to this city. The members went about their work in a systematic manner, and have won out. The Dominion congress meeting in this city was a good majority decided to come to the coast and hold the meeting in Victoria. In consequence there is great rejoicing among the trades unionists of the city.

When it was decided to invite the congress to come to this city the local trades and labor council asked the co-operation of the various representative bodies in the city. The mayor and city council, the Board of Trade and the tourist association readily lent their assistance, and among other things extended an invitation to make this the next meeting place. Premier McBride also lent his aid in supplementing the efforts of the trades and labor council. With the preliminary work well in hand the choice of E. D. McInnes, M. P. P., and A. Johnson was made to proceed to Toronto as delegates from the local trades and labor council and urge the delegates for the session of 1906 to meet in Victoria. Apparently the two delegates did their work well, for the decision of the congress has been to come here. In other places which extended invitations for the session of 1906 were Guelph, Galt and Winnipeg. The ballot stood as follows: Victoria, 53; Guelph, 35; Winnipeg, 16.
