Our Seventh Year of Issue.

162 H. B. Atterson

EACH year we desire to become better acquainted with you. We send you our Almanac and our photos, and the least we expect of you in return is to call on us. We want everyone who receives an Almanac this year, to drop in and see us even if you do not wish to purchase. We will be pleased to welcome you and show you over our store, which is so well adapted for doing a large wholesale, retail and manufacturing drug business.

We thank you for your very extensive patronage in the past. We are well satisfied, although profits are very small, and the volume of business is very large. We are enabled to purchase direct and thus buy lower, get rid of goods quicker, sell cheaper, fresher and better drugs than under former high prices.

Our chief aim has been to merit a reputation for Reliability. It gives us great pleasure to hear so many of our customers remark: "I like to come to your store because I can always depend on what you say and on the goods I get here."

We offer no apologies for recommending our own preparations. We believe that our combined experiences of forty-five years in the wholesale and retail drug business in Canada and the United States, warrants the assertion that when Parke and Parke put up a preparation under their name it can be depended upon. We guarantee these preparations. We want you to return them and get your money, if in your particular case, they fail to benefit.

We wish you all the compliments of the season.

PARKE & PARKE.
