

WITH 950 ON ROLL 104th FILING UP QUICKLY

SOLDIERS HAVE TWO PRIZES OF WAR ARRIVE AT HALIFAX

Men of 104th in camp are quite comfortable—More officers.

In addition to the officers of the 104th Overseas Battalion, C. E. F., announced by Lieut-Colonel George W. Fowler at the meeting in Queen's rink on Thursday night, the following officers have been appointed: Quartermaster, Capt. P. M. Risling; Machine Gun Officer, Lieut. T. W. Barnes.

Lieut. H. A. Clark and Lieut. E. E. Smith. A despatch from Sussex last night said: The 6th Battalion will leave Sussex for Halifax in the near future.

An advance party will go by a special car, and the balance of the battalion will go on the following evening.

Saturday night's cold rain made it very unpleasant for the men, and the change to more comfortable quarters will be a source of considerable satisfaction.

The 104th Battalion has now in the vicinity of 950 men, and recruits are coming in rapidly. Through the generosity of Lieut-Colonel Fowler, the soldiers of the 104th are suffering but little inconvenience from the cold and wet, as he has supplied each tent with an oil stove and other comforts which the men greatly appreciate and enjoy.

Lieut. Albert Eveleigh, of the 74th Battalion has been attached to the 104th and reported for duty. Lieut. Brooks of the 104th Battalion, left today for Halifax to take a course to qualify for captain.

Lieut. Correll, of the R. M. C., Toronto, has been attached to the 104th as instructor.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapiesin" ends all stomach distress in five minutes.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if you're gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin once daily keeps this delicate organ regulated and they eat their favorite foods with-out fear.

If your stomach doesn't take care of your liberal limit of food, if you're gassy, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug store. It's truly wonderful—it digests food and sets things straight, so gentle and easily that it is really astonishing. Please for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

OBITUARY.

Miss Edith McCain. On Sunday, Oct. 10th, Miss Edith McCain, of Florenceville, N. B., passed away in Calgary, Alberta, where she and her parents, Mr. and Mrs. Allison McCain, had spent the past year with Mrs. Harry Saunders, a sister of the deceased. Miss McCain was at first stricken with neuritis, but although her condition was a serious one, good hopes were entertained for her recovery. Before recovering from this, however, she was seized also with pneumonia, and then despite all human aid, she gradually grew weaker until the spirit took its flight. She was in the twenty-fifth year of her age.

Her body was brought to Florenceville for burial and was accompanied by her parents. They arrived on the afternoon of Monday, Oct. 15th, and a large funeral procession accompanied the remains from the station to the family lot, a mile from the village. By the roadside in front of the cemetery, and before the body was laid to rest, a brief but impressive service was conducted by Rev. M. H. Manuel, assisted by Rev. E. C. Jenkins. The pallbearers were Messrs. Roy Blair, William and Claude McCain, and the hearse was driven by Scott McCain, all cousins of the deceased.

Several months ago Miss McCain made public profession of her faith in Christ. By her kind and cheerful disposition she won a large circle of friends who now deeply sympathize with her parents and sister in their great loss.

GOEBEN AND BRESLAU, BACK IN ACTION, ATTACK A RUSSIAN SQUADRON?

London, Oct. 30.—The Copenhagen correspondent of the Exchange Telegraph Company sends the following: "A private message received in Berlin from Bucharest says the Turkish warships Breslau, Goeben and Hamidieh attacked in the Black Sea, a Russian squadron of three battleships and several cruisers and destroyers. The result of the battle is not known."

The Breslau and Goeben, which were formerly German cruisers, had been named the S. Midulleu and Sultan Selim respectively.

Russian Warship Lost? Berlin, Oct. 31, via wireless to Sayville.—"A Turkish submarine attacked a Russian fleet in the western part of the Black Sea and torpedoed a battleship of the Panteleimon type," a Turkish official statement under

date of Oct. 27 declares, according to an announcement by the Overseas News Agency today. In a Russian communication issued on Oct. 28 in which an account was given of the bombardment of Varna on the Bulgarian Black Sea coast by a Russian fleet it was stated that a Russian wireless station had picked up a telegram from a German station to Constantinople, asserting that a German submarine attack had resulted in "seriously damaging a Russian battleship of the Panteleimon type." The Russian statement declared this report was utterly without foundation, and that the fleet had returned to Sebastopol without sustaining the least damage. Submarines had attacked the fleet while it was bombarding Varna, but had been driven off without the Russians suffering any losses, the statement asserted.

The Saturday afternoon session was held in the Y. M. C. A. building at 2.30. Rev. R. J. Haughton led the devotional exercises and spoke on living up to the highest mark possible. Following this were instructive ten minute papers by boys.

HAD PALPITATION OF THE HEART ALSO WEAK AND DIZZY SPELLS.

When the heart begins to palpitate it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells, and if you should happen to wake up in the night with your heart palpitating, and that "all gone" sinking sensation, you feel as if you were surely going to die.

When you feel this way, you may be sure that both your heart and nerves are out of order, and what you require is a real heart and nerve tonic, one that will build up and strengthen both the heart and nerve system.

For this purpose nothing can equal Milburn's Heart and Nerve Pills. Mrs. J. S. Nicholls, Listowel, Ont., writes: "I was weak and run down, my heart would palpitate, and I would take weak and dizzy spells. A friend advised me to take your Heart and Nerve Pills, so I started at once, and found that I felt much stronger, and my heart was ever so much better in a short time. I cannot praise your medicine too highly for it has done me a world of good. My husband has also been bothered with heart trouble, ever since childhood, and finds great relief by using your valuable pills."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, all dealers or mailed direct by The Milburn Co., Limited, Toronto, Ont.

Ernest Kaminski, an eighteen-year-old German, was given quarters in a cell at police headquarters Saturday night and is being detained for examination by the officials.

Clarence Jamison, M. P. of Digby, N. S., was in the city yesterday at the Royal. He will leave for his home this morning.

OLDER BOYS' CONFERENCE

Interesting session held during last few days—Some good advice.

The conference for older boys which has been in progress in the city since Friday came to a conclusion with a meeting in Leinster street Baptist church yesterday afternoon.

The meetings were particularly successful and were well attended.

The first session was on Friday night when Dr. Brown, field secretary of the International Sunday School Association, took the delegates on a short trip to the Philippines. He spoke of the language and customs of the country and urged the boys to higher attainments.

Another session opened Saturday morning at 9.30 o'clock when Rev. J. C. B. Appel led the devotional exercises and gave a short address on "Educational value of attending church and Sunday school."

Aubrey Armstrong was elected president, Sam McCavour first vice-president, Rupert Irvine second vice-president and W. Wetmore, secretary. Dr. Brown gave an address on the officers of an organized Bible class and the necessary qualifications.

The New Brunswick branch of the International Order of the King's Daughters and Sons met on Saturday for the biennial convention of that branch, there being both morning and afternoon sessions. The constitution which had been prepared by the executive was adopted practically without change. The visiting delegates were entertained by The King's Daughters of St. John to lunch at the Clifton House. Afternoon Session. The afternoon session was opened with a Bible reading by Mrs. W. H. Nice. EAT LESS MEAT IF BACK HURTS Take a glass of Salts to flush Kidneys if bladder bothers you. Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

ITALIAN Sir Chas. Tupper The Father Passed Away One of Most Distinguished Amherst, N.S., in 182 Sat in House of Commons Sir Mackenzie Boyd

HIS DISTINGUISHED CAREER. Born—July 2, 1821, at Amherst, N. S. Graduated M. D. at Edinburgh—1842. Married—1846. First elected Member for Cumberland, N. S., for Local Assembly—1855. Became Premier of Nova Scotia—1864. Delegate to Confederation Conference—1867. Sworn to Privy Council of Canada—1870. Became Minister of Customs—1873. Created K. C. M. G.—1879. Created G. C. M. G.—1888. Leader of Conservative Opposition—1894-1900. Prime Minister of Canada—1896. Created Privy Councillor—1908. Died—Oct. 30, 1915.

The last survivor of the Fathers of Confederation, the Right Hon. Sir Charles Tupper, Bart., P. C., C. B., K. C. M. G., G. C. M. G., M. A., Hon. LL. D., Cambridge, Edinburgh, Acadia and Queens; M. D., was born July 2, 1821 at Amherst, N. S., the son of the late Rev. Charles Tupper, D. D., and of Miriam Lockhart Low, of Parrabro, N. S.

The Tupper family were among the first settlers in Nova Scotia, the father of Sir Charles settling at Amherst, where the great statesman was born. The members of this branch of the family are direct descendants of Thomas Tupper, who emigrated to America in 1635, landing at Bangs, (now Lynn), Massachusetts. Sir Charles Tupper's grandmother was a woman of extraordinary talents. A number of descendants have been eminent persons for their gifts, and especially for their aptitude for acquiring languages. Among them was the father of Sir Charles, who, in addition to his other remarkable endowments, had this special gift of languages.

Sir Charles was educated at the different schools of Amherst, and at Horrebowden Academy. After graduating there he took up the study of medicine and graduated M. D. at Edinburgh in 1843. In the same year he was admitted a member of the Royal College of Surgeons, and commenced practice in his native county. From the beginning his superior talents, dominant personality and efficiency in his profession attracted attention. In his twelve years of practice, before he was called into the sphere of politics, mountainous obstacles became a level plain, and he was able to expose the highest points in the old Conservative programme, drew up and was allowed by his superiors to adopt a new and more progressive policy. It is also recorded of him that, like Disraeli, he educated the party, he brought them to take a more comprehensive view of affairs, and attracted to himself the more moderate men of the other side, and with so much effect, that, in the following year, the reconstructed party came into power, and the "young doctor" as he was called, became Provincial Secretary.

From that time till the confederation of the provinces, he was, perhaps, the most prominent figure in local politics, having succeeded to the premiership in 1864. The conspicuous part he bore in the accomplishment of Confederation is well known. He attended the Charlottetown and Quebec conferences, and afterwards went to England, where the matter was finally settled at the Westminster Palace Hotel conferences.

For his services he was created a C. B. On the formation of the first government he was invited to take office, but declined in favor of Sir Edward Kennedy, despite the honor, in order to devote himself to the better interests of the country, and to meet obstacles arising in other provinces of the Dominion. But his self-repression did not keep him long out of the Cabinet. He was sworn to the Privy Council in June, 1870, as President of the

Defeated Joseph Howe in 1855.

At the general elections of 1855, Dr. Tupper was elected as member for Cumberland to the Local Assembly, his victory being a notable one, for he defeated the late Hon. Joseph Howe, then leader of the Liberal party in Nova Scotia, and afterwards Lieutenant-Governor of the Province, on entering Parliament, the new member, however, was not elected to the House of Commons.

For his services he was created a C. B. On the formation of the first government he was invited to take office, but declined in favor of Sir Edward Kennedy, despite the honor, in order to devote himself to the better interests of the country, and to meet obstacles arising in other provinces of the Dominion.
