

VOL. IV, NO. 165.

TO CONSIDER IMPORTANT MEASURES

Parliament to Deal With Naval Question First

OTHER LEGISLATION

Bank Act, Highway's Bill, Civil Service Act and Confirmation of West Indian Pact to Be Considered at Coming Session.

Special to The Standard.

Ottawa, Oct. 13.—The date for the opening of parliament will be fixed by the cabinet tomorrow or Tuesday. It is the desire of the government to open on Thursday, November 14, if at all possible.

Mr. Hughes is now back from England, while the western ministers will return Tuesday, so that this week will see full cabinet meetings start in preparation for the session.

Naval Question First.

Your correspondent understands that the first question which will be taken up after the address in reply to the speech from the throne is discussed, will be the navy problem.

Another important measure which will be introduced as soon as the house opens will be the Bank Act. Mr. W. T. White already has the bill prepared so that there will be no delay, and the banking committee will be able to start work on it as soon as the house opens.

The bill to confirm the treaty with the West Indies will be introduced as soon as Hon. George E. Foster returns from England, where he is attending the sessions of the Imperial Trade Commission, which is expected to be about December 1. It will be pushed through the house before the holidays, as Mr. Foster is anxious to have the new act go into force on January 1.

The Highway Bill, which the Senate killed last session, will also likely be introduced shortly after parliament reassembles.

If the upper chamber persists in snafu killing the measure there promises to be a lively fight between the two bodies. The measure has been endorsed from end to end of Canada and is extremely popular, and the government is convinced public opinion is solid behind it.

Civil Service Changes.

Some minor amendments to the Civil Service Act are likely to be introduced this fall. Just when the bill with wider reforms is to be introduced depends upon when the report of Sir George Murray is ready.

He has been given full powers to make a complete investigation, and the government hopes to have his report in time to introduce legislation before the close of the session.

These are but a few of the most important bills which will be introduced this session, and which promise to make it one of the most interesting sessions in the history of the Canadian parliament.

PROVINCIAL EXPERT INSPECTS NEW PLANT

Special to The Standard. Fredericton, Oct. 13.—Beth Jones, provincial poultry superintendent, of Sussex, was here on Saturday to inspect a new poultry plant which is being erected at Barker's Point, Lower St. Mary's.

The plant is to cost \$7,000 and Richard Pitton, an Englishman, and R. W. McMillan, of this city, are the parties interested.

DYNAMITERS FINANCED BY THE UNIONS

Government to Show Iron Workers Association Advanced Funds for McNamara's Crew.

ACCOUNTINGS FOR MONEY SUSPENDED

Explosions Became More Frequent When Allowance was Inaugurated.

Indianapolis, Oct. 12.—Miss Clara E. Smith, a stenographer, formerly employed by John J. McNamara, now in prison in California, at the "dynamite conspiracy" trial today, identified a circular letter as having been addressed to all local unions of the International Association of Bridge and Structural Iron Workers notifying them of a temporary suspension of a detailed accounting of the union's finances.

It was in this letter, the government charged, that the executive board, headed by President Frank M. Ryan, in 1906 began allowing \$1,000 monthly to McNamara that he secretly might carry on the explosion which he caused until his arrest in April, 1911.

The government asserts that the explosions against builders of viaducts, bridges and office buildings who had declared for the "open shop" in the employment of iron workers, previously, were few, but that after the regular allowance to McNamara a paid "dynamite crew" composed of Orrie E. McManis and James B. McNamara and directed by Herbert S. Hockin was put to work and was kept working until after the Los Angeles Times building was blown up.

HOPES TROUBLE IN EAST WILL BE NARROW IN SCOPE

Lloyd George Predicts Balkan Conflagration But Trusts Borders of Freedom Will Be Extended as Result.

London, Oct. 12.—All the stock markets suffered a demoralized day. Berlin appears to have been the most depressed. British Consols reached the lowest point in history. The Russia, of all star policy of reciprocity, the marked decline in the reciprocity vote in Saskatchewan aroused attention.

The British chancellor of the exchequer, David Lloyd George, in an address tonight said: "The prospect seems to be that in a very short time the eastern horizon will be ablaze. We may express the hopes that the large area of conflagration will be limited, and that whatever may be the issue to the conflict between the combatants one result will ensue, that the boundaries of freedom and good government will be extended."

WANT GOVERNMENT HOUSE RESTORED TO FREDERICTON

Daughters of the Empire Start Movement With that End in View—Law Examinations Start Tuesday.

Special to The Standard. Fredericton, Oct. 12.—The Daughters of the Empire have started a movement to have the old government house re-established here and will circulate petitions asking that it be done.

The annual law examinations are to commence on Tuesday with about the usual number writing the various papers.

Miss Mary Cowie, daughter of David Cowie, died at Marysville today after a lingering illness, aged 44 years.

Ald. Edward Moore has received word of the death of Lowell of his brother, James W. Moore, a former resident of Sunbury County, who had resided in Massachusetts for the past 40 years.

Mrs. Henry Miles, of St. John, Mrs. Hubbard Miles, of St. Mary's, and Mrs. Elizabeth Moore, of this city, are sisters of deceased.

ELECTORS OF MACDONALL DRIVE THE LAST NAIL IN COFFIN OF RECIPROCITY

Liberal Candidate Snowed Under By Majority of 847 in Bye-Election.

Heavy Vote Polled Indicates Desire of People to Put Quietus on "Wider Markets" Canvass—Liberals Tried to Arouse Antagonism Between East and West and Received Decisive Answer in Prairie Constituency—Mr. Borden Pleased With Alexander Morrison's Victory.

Table with 3 columns: Year (1904, 1908, 1911), Candidate (Staples, Con., Riddell, Lib.), and Vote (2737, 2990, 2147, 2414, 590, 576, 511, 2956, 2795, 161, 847)

Winnipeg, Oct. 12.—By a decisive majority of 847, the electors of Macdonald yesterday returned the government candidate, Alexander Morrison, over R. L. Richardson, who ran on the independent Liberal and grain growers' ticket in which he put reciprocity and an increased British preference to the front. The figures will be subject to a slight revision.

The entire vote cast is heavy and runs over 6,000 as against 5,751 cast in the last general election, when Mr. Staples, Conservative, had a majority of 101, the vacancy being caused by his appointment to the Dominion grain commission.

Conservative supporters acclaim the victory as the last nail in the coffin of reciprocity. Liberals make charges of impersonation, plugging and bribery.

The bye-election excited keen interest throughout Canada, being regarded as something of a test of the reciprocity sentiment in Manitoba, though the riding has a large urban element.

Several cabinet and ex-cabinet ministers were engaged in the campaign on one side or the other.

Special to The Standard. Ottawa, Oct. 12.—The result in Macdonald has aroused great satisfaction in government circles here. It is not so significant, however, as the vote in bye-elections usually is light, in this case the vote was several hundred heavier than on September 21, 1911.

The Liberals had been preparing soft spots for the Liberal party of the apologetic sent out in advance being that the date had been chosen with an eye to the fact that threatening would be in full swing, so as to prevent the farmers from voting.

Death Toll to Reciprocity. The verdict is regarded as likely finally to sicken the Liberal party of the all star policy of reciprocity, the marked decline in the reciprocity vote in Saskatchewan aroused attention.

Mr. Borden, who was greatly pleased with the result, made the following statement:—"The result in Macdonald was of more than ordinary importance. The Liberal leaders can only hope that the result will be extended."

The British Red Cross Society is preparing to send large contingents to the front.

Becker's Former Collector Maintains Police Lieutenant Ordered Rosenthal's Murder—Fruitless Grilling.

New York, N. Y., Oct. 13.—Long hours of cross examination by suppressive lawyers before a jury failed tonight to make Bald Jack Rose vary his story of the part he says he played and the part he says Police Lieut. Rosenthal played in the murder of Herman Rosenthal, the gambler.

"Becker told me," he said, "that he wanted Rosenthal murdered, shot or crushed or dynamited. At his bidding I got the gunman to kill Rosenthal. I hid after the murder. I saw Becker that morning and later talked with him over the telephone. I paid the gunman \$1000 for Becker and told them he said not to worry, but to lay low."

EXPECT WAR TO BE THE END OF THE WEEK

Balkan States Virtually Reject Intervention of the Powers and Deliver Ultimatum to Turkey.

MONTENEGRIANS ARE STILL SUCCESSFUL

Break Ranks of Turks Near Tushi and Invest the Town.

London, Oct. 12.—War in the Balkans is now only a matter of a few days. The replies of the Balkan states to the powers' note virtually rejecting intervention, will be delivered at the various capitals tomorrow, and at the same time notes practically in the shape of an ultimatum will be sent to Turkey demanding autonomy for the Macedonian provinces.

According to a reliable despatch from Rome the Balkan coalition will make a demand which it will be impossible for the Porte to accept, namely, that the reforms be executed under the control of the European powers and the Balkan states, and as a pledge the Porte assent to the immediate demobilization of the Turkish forces. It is understood that the Porte will be given until Tuesday to reply; therefore, there is every probability that general hostilities will be opened before the week is ended.

Bulgarians Move.

A Sofia despatch reports that the movement of the Bulgarian army has already begun. The Montenegrins, continuing their advance have captured Byelopolje, an important strategic point to the northwest of Barana, after desperate fighting. They are now on their way to Skutari, thirty miles to the northeast of Byelopolje and close to the Serbian frontier against which they will direct an attack. It is in this direction that the Montenegrins expect to join hands with the Serbian army, which it advances from the north.

According to a Constantinople despatch to the Standard, Esad Pasha arrived at Scutari today with reinforcements raising the garrison from 12,000 to 20,000 men. If this news is true, the Montenegrins will have a difficult task in capturing Scutari.

Serbia's Reply.

Belgrade, Oct. 13.—The cabinet council has drafted Serbia's reply to the Russo-Austrian note, and it will be delivered tomorrow. The reply expresses regret at Serbia's inability to comply with the terms of the note and to provide guarantees for the execution of the proposed reforms. Simultaneously with the delivery of this reply, a memorandum will be presented to Turkey demanding autonomy for certain provinces under control of the Balkan States.

Constantinople, Oct. 13.—Late advice say that fighting continues around Barana. The Montenegrins advancing toward Guinje, Plava and Arona, on the southeastern frontier, are encountering much resistance and losing heavily.

Severe fighting has occurred at Tushi where the Turks are displaying great bravery. It is further reported that the Turkish forces in the country between Lake Scutari and the sea have stopped the advance of the Montenegrins. It is announced that the Porte intends to purchase the foreign cargoes aboard the detained Greek steamers.

Consuls Prepare to Leave

The Greek consulate here handed over its archives today to the French embassy. The Serbian consulate has been put in charge of Russia.

Sofia, Oct. 12.—Bulgaria's reply to the diplomatic representatives tonight. This note and one addressed to Turkey are couched in moderate terms. The Bulgarian government says that it is most anxious to do nothing which will aggravate the present serious situation and is desirous of the leaving open of every avenue for the maintenance of peace until the last possible moment.

Constantinople, Oct. 13.—Whether for the purpose of furnishing provocation to irritate these two nations, the government is acting with an aggression calculated to bring on hostilities. The embargo on Greek ships the detention of Serbian ammunition and the seizure of Bulgarian railways are all constitute belligerent acts.

Greeks in-Used.

Greek and Bulgarian nationals in Constantinople numbering a thousand or more, have been subjected to treatment designed to irritate these two nations. Financial considerations figure largely in the attitude of the Turkish government and practically all of the many hundreds of Greeks who are returning to Athens are compelled to pay full taxes to the end of the year before they are permitted to embark.

Even the crews of Greek ships which were seized have been halloed before the prefects and made to pay a year's taxes as though they were Turkish subjects. Many of the Greeks have been arrested on the charge of being Podgoritzas.

BOSTON WINS FIFTH GAME FROM GIANTS

Red Sox Need Only One More Victory to Win the Series

BEDIENT'S STAR WORK

Surprised Everyone by Pitching Best Ball of Series—Mathewson Again Showed Class—Attendance Records Broken.

Boston, Mass., Oct. 12.—Overcoming the New York nationals today by a score of 2 to 1, the Boston, pennant winners of the American league, need but a single victory to attain the world's baseball championship of 1912. The world's series now stands: Boston 3 games won; New York, one, one contest a tie.

Over 34,000 people, a record breaking baseball crowd for Boston, saw a pitching duel, in which Hugh Bedient, a youngster, sparked as a new star in the baseball firmament. Three hits was the Giants' portion from Bedient's effective service, but for an error by Gardner, the young hurler would have turned back the New York club to defeat in nine scoreless innings.

Only a shade less brilliant than the box work of Bedient, was the skill of the old master, Christy Mathewson, who except for two long distance drives in the third inning held the Red Sox helpless by the magic of his curves.

Bedient's Pitching.

Bedient pitched the best ball that has been shown so far in the five games of the world's series. He had not been regarded as a likely choice for mound duty during the championship games, and it was not until several innings had passed that the thousands of spectators realized that the Giants were facing a quality of pitching that was most baffling when his ascent tallies.

The only New Yorkers to fathom Bedient's senders were Mathewson, Meyers and Morike, while those who succumbed on strikeouts were Devere, Snodgrass, Merrile and Mathewson.

Harry Hooper started the sharp battling base that gave the Red Sox only two runs. A fadeaway curled up to the plate and Hooper catching it fair and square, shot the ball past Herzog along the left field foul line, where the ball ricocheted between the angles of the fences to the confusion of Devere. On went the flying Hooper and before the ball was returned to the infield, Red Sox outfielder was perched on third. There was a pandemonium of sound from the stands as the infielders and pitcher pitched to left centre where it rattled up against the fences and bounded past Snodgrass. Hooper came over the plate and Yerkes made third, whence he tallied when Doyle made a bobble of Spaulding's throw. That ended the scoring for Boston.

Mathewson's Record.

Thereafter Mathewson showed his skill in returning to the Boston bench every succeeding player who went to the plate. Seventeen men in all went out from the middle of the third to the last of the eighth inning on grounders to the infield and pop flies in the fielders or strikeouts victims. Those who fanned were Gardner and Wagner. Mathewson has been pitted against the Red Sox for 18 innings in two games, one of which was an eleven inning contest, and not one man was given a base on balls. Only twenty-nine men faced Mathewson during today's contest.

Continued on Page 2.

deserting reservists and they can secure their release only by paying the military exemption tax.

Turkey's action, however, is less arbitrary than would seem, because numbers of the Greeks hold both Hellenic and Turkish passports to secure the advantages of both nationalities, and they now have to shoulder the responsibilities of both. The government is determined to expel all Bulgarian and Greek subjects as soon as war is declared, and these will be transported by some of the steamers which have been detained for that purpose.

Trouble is probable over the seizures, as most of the cargoes are foreign-owned, although the vessels flew the Greek flag, and the owners will claim damages.

Podgoritzas, Montenegro, Oct. 12.—After an engagement lasting until mid-day the Montenegrins broke through the Turkish ranks near Tushi and invested the town, which is completely cut off from Scutari.

The and the Turkish army has been fighting for four days along the whole front, penetrating the Turkish territory slowly, owing to the many fortifications. The Turks have burned several Mallisori villages. Many wounded Turks have been brought to Podgoritzas.

NEW REGULATIONS FOR THE ISSUE OF RIFLE AMMUNITION

Col. Hughes Plans to Prevent Cartridges from Deteriorating with Age—Clubs to Get Free Ammunition.

Special to The Standard. Ottawa, Sept. 13.—Col. Hughes is about to issue new regulations with regard to the storing and issue of rifle ammunition. If cordite cartridges are retained too long in store they are likely to deteriorate and the somewhat unsystematic methods followed in the past have resulted in the stores losing a quantity of over-oxidized ammunition.

Henceforward the issue of cartridges will be managed with a view of preventing such accumulations.

Another feature of the situation is the steady improvement in the quality of ammunition which renders the hoarding up of obsolete stock still more objectionable.

To facilitate this control the policy will be adopted of giving ammunition to rifle clubs free, subject to a certain measure of control. Hitherto the clubs had to pay for their cartridges. Thus shooting will be encouraged and the stores will be kept in better condition.

JOHNSON VS. LANGFORD.

Chicago, Oct. 12.—Jack Johnson tonight announced that he had accepted the offer of \$15,000 to fight Sam Langford and Sam McVey in Australia, made by Hugh D. McIntosh. He will leave Chicago on Oct. 25 for Australia and will train there. He will fight Langford on December 28. The articles will be signed on Monday.

The first one, Sternberg said that he had enough material to complete a mouth 40 feet in length. The front part of the mouth of the Dinosaur was embedded into a duck bill and covered with horns. The teeth, 2,000 in number, were arranged in a mass of 100 rows.

Sternberg was enthusiastic in his praise of Canada and declared that in all his 40 years of exploration he had not lived in a richer country, nor had he ever made a bigger collection of fossils in the same length of time.

He had spent the greater part of his time in the Red Deer district which he explained, had never before been explored except by the American geologists. Sternberg discovered, known as the Triceratops (three horns) had a skull seven feet in length with horns over each eye, and one at the end of the nose.

In describing another specimen of the Dinosaur found not very far from

ROSE STICKS TO EVIDENCE

Becker's Former Collector Maintains Police Lieutenant Ordered Rosenthal's Murder—Fruitless Grilling.

New York, N. Y., Oct. 13.—Long hours of cross examination by suppressive lawyers before a jury failed tonight to make Bald Jack Rose vary his story of the part he says he played and the part he says Police Lieut. Rosenthal played in the murder of Herman Rosenthal, the gambler.

"Becker told me," he said, "that he wanted Rosenthal murdered, shot or crushed or dynamited. At his bidding I got the gunman to kill Rosenthal. I hid after the murder. I saw Becker that morning and later talked with him over the telephone. I paid the gunman \$1000 for Becker and told them he said not to worry, but to lay low."

If I gave myself up and became a state's witness because Becker deserted me like a dirty dog and was getting ready to throw me to the wolves,

UNIQUE FOSSIL REMAINS FOUND

American Explorer Discovers Skeletons of Monsters Which Roamed Canada Three Million Years Ago.

Ottawa, Oct. 12.—"The richest country in the world," is the manner in which Charles H. Sternberg, the American explorer, engaged by the Canadian government, described western Canada to the Canadian Press today.

Mr. Sternberg has arrived in the city with over 10,000 pounds of fossils for the Victoria Memorial Museum which included perfect skeletons of two of the most extraordinary animals ever unearthed by any explorer. One of the skeletons, named by Mr. Sternberg a Duck Bill Dinosaur, weighed over 5,000 pounds, and was 25 feet in length. This animal, Sternberg explained, lived 3,000,000 million years ago, which makes it the most primitive skeleton in perfect order, all the more important.

Another specimen he discovered, known as the Triceratops (three horns) had a skull seven feet in length with horns over each eye, and one at the end of the nose.

In describing another specimen of the Dinosaur found not very far from
