PROFITS FROM HOME PRODUCTS
"SHARED BY EVERYONE"
Profits from the sale of home products are shared by every resident of our city. The manufacturer, the retailer, the consumer—all participate. The manufacturer is able to offer steady employment to his workmen at good wages. The dealer can offer better goods, better values, better service. The consumer gets the advantage of all this—and is in addition assisting in contributing to the general prosperity of the entire community.

The theory of reciprocity—which reduced to its simple terms means "you trade with me, and I'll trade with you"—is fundamentally the foundation of this Home Products Campaign. That this theory is successful in active practice is demonstrated by the growth of our cross roads settlements into prosperous and thriving communities.

The city in which you live is deserving of your undivided support. You can best lend your support by buying and stocking Home Products.
