THE ROADS

have seen no suggestion as to how th twenty-five years ago.

their making was left to any ditions, the road work is done

turn the horses on the road, often team ing up the edge of the road with the plow and carrying sods and soil into the ditch where hay or grain are hauled from fields are another cause of damming the water and overflowing the road. And in many other ways the water is made to nd flow along the wheel tracks while the road ny bed is soft, and there is no one look after employ regular workers, give them fair and continue them at work for four or of five or six months. The writer has occasion to drive a great deal over the roads of this province and is convinced that it ry is not more money, so much as a

ad value of farm lands and general prosperity of the province, but my article is already rather lengthy. Surely the time will soon come when the government will give to roadmaking the attention which its great importance deserves.

b- arrangement that is needed to make good

Petitcodiac, Sept. 30, 1910.

The many friends of Mr. and Mrs. Fred F. Stephenson, 53 Stanley street, will regret to hear of the death of their four year old daughter, Elsie Louise, which oc dent. Last Friday the little one in some in her home. She was picked up unconscious and in spite of all that could be done She passed away Sunday. She was a very bright, lovable little girl and will be sadly missed.
