

FROM AL TO THE MARIME PROVINCES

Saturday, Aug. 19.

A great amount of entertaining is being done at the nearby country places. Week-end visiting is the popular amusement and invitations for over Sunday are considered more satisfactory than the usual party which takes place on a fortnight. This may be because everyone seems anxious to get into the city on the first day of the week. Even the hostesses take this occasion to begin preparation for their guests. To add to the attractions of the Saturday to Monday visit, there is always a dance on Saturday evening so that the visitor is immediately provided with congenial entertainment.

In the city proper, society has been more active than usual at this season, probably on account of the number of strangers who are being entertained by town hostesses.
