SECOND DIVISIONAL AMMUNI TION COLUMN.

HAVE DISAPPEARED Tiflis, Oct. 21—The estimate is made by the Armenian newspaper Mshali tants of Turkey before the war there remain not more than 200,000. This residue, the Mshak says, may disappear before the end of the war on account of the Turkish policy of extermination. The figures of the Mshak are based on the estimate of the Armenian patri-arch at Constantinople that \$50,000 Ar-menians have been killed or ensiaved by the Turks in addition to which 200,000. Armenians are believed to have field to Russia. The Mshak suggests that a pan-Ar-menian conference be held at Etch-miadze, Transcausasis, the ecclesiastical capital of Armenia, under the direction of the head of the Armenian singersts turkey after the war. It is thought bestabished Armenian singersts to the United States and the Balkans might re-turn to Turkish Armenia.
