

Dust is a danger your home shouldn't endure

The floor that is coated with the glass-like, germ-proof, seamless finish Floorglaze gives walls and ceilings practically no dust. That ought to mean much in your home.

Floorglaze

Nearly every malignant disease finds dust its best messenger. And this floor-finish, in any of its ten eye-pleasing shades, deprives dust of its chief stronghold—the floor.

Floorglaze costs little—a gallon covers 500 square feet. Anyone can apply it right. It just CAN'T wear off—tho' it does dry hard in a single night.

Floorglaze is so durable, and stands hard wear so well, that it serves perfectly for floors exposed to the weather—balconies, summer houses, verandas, etc.

Most dealers sell Floorglaze. If yours doesn't happen to, tell us his name and we'll send you a Free Book you'll like to read.

The Weed Problem.

It has been said that a weed is merely a plant in the wrong place or at the wrong time. A weed is more than this, however. It takes the place of a useful plant, wasting just as much fertility and leaving quite as much a tax on our work and effort as does the useful plant.

Doctors Report Many Cases

Says that Spring Fever is Prevalent. Patients not Drowsy, Dull, Dead Tired.

How provoking to sleep well, but when you awaken to find none of the exhilaration that rest and sleep should bring. You ought to feel alert, bubbling over with vim, but instead of this there's dullness, languor and disinclination to do things.

Three causes for this sort of feeling—a lazy liver, lazy kidneys, and a lazy stomach, the last doing its work very poorly and compelling the other organs to perform a task they are unequal to.

Note the consequence—blood is filled with waste matter—poisonous substances weigh down the nervous system—rebuilding processes absolutely impossible.

Take Ferronez an ome the rapid change. Your appetite improves and your digestion soon is as good as ever. Your skin has its natural color, the sense of languor and unsteadiness is not entirely gone, comes back only occasionally, and then disappears.

You see Ferronez restores all the powers of the body to normal activity. The reason you feel better is because Ferronez is driving out all the poisonous wastes from the body.

Ferronez imparts to the blood that element that is necessary to render the air you breathe vital, active, strength-giving. In the old condition it simply acted on the surface. Now it enters deeply into all activities of the body.

Now you know that Ferronez stimulates appetite and makes rich, red blood. Now you feel that Ferronez gives strength, endurance, vim.

Gleaned by the Way.

'A woman, I notice, always lowers her voice to ask a favor?' 'Yes, and raises her voice if she doesn't get it.'

'A lot o' folks' patience,' said Uncle Eben, 'resembles dat of de man who stays in de house an' waits 'til de snow to melt, regardin' de people dat falls' down on his sidewalk.'

A peasant insured his house against fire. When he got the policy he asked the clerk: 'What should I get if my house were burnt down to morrow?'

'Three or four years' imprisonment,' was the prompt answer.

'The teacher in the Durkheim school was hearing the class in geography. 'What is known as the Great Divide?' she asked.

'Cuttin' a big watermelon!' answered little Rastus, with a grin that showed all his ivories.

Jack—That's a fine dog you have, Jim. Do you want to sell him? Jim—I'll sell him for \$50.

Jack—Is he intelligent? Jim—Intelligent? Why that dog knows as much as I do.

Jack—You don't say so. Well, I'll give you fifty cents for him, Jim.

'Health Coffee' is really the closest Coffee imitation ever yet produced.

Here is the story of the physician who lost his pet dog. He put a notice in the paper under 'Lost and Found' to the following effect: 'Warning!'

'It is of no value, not even to the owner, but having been experimented upon for scientific purposes with many virulent poisons, a lick from its tongue would probably prove fatal.'

To have these blessings keep your stomach and liver well and active by taking Mother SEIGEL'S SYRUP.

Will you give me a lick from its tongue? The dog came back the next day.—St. Louis Times.

In the ante-bellum day, when Anson P. Merrill, of Maine, was making his first run for Congress a benchman of his opponent met as old minister that seemed slowly joggling along the road on his old horse and hallooed him with 'Who are you going to vote for?'

Now you see by this you know how a University? He doesn't believe in a hall with a quiet table in the halls. The old man said: 'We'll send him to Washington. When he has served his two years if he doesn't have a hall I shall be very much surprised.'

True Culture.

These things I mean: clear and penetrative vision, the skill to ascertain the half-hidden fact, to generalize the relation, to ground the assertion, and to give the truth its bearings, and besides these powers of the intellect, a sympathetic interest in all that touches life, a most tenacious will, intelligently set for things of themselves. All these are the very heart's desire of any cultural process that really cultures.

The most common cause of suffering. Rheumatism causes more pain and suffering than any other disease, for the reason that it is so common.

A Highlander who had been alling for some time was advised by some friends to visit a professor.

This trouble is deadly—must be stopped quickly, nothing is so sure as the Nervine Treatment. Give it internally, rub it on the throat and chest, and then put on a Nervine Porous Plaster.

The Belfast captain, who insisted upon flying the Irish flag above the Stars and Stripes, has evidently a keen sense of humor, in addition to very vivid recollections of his birthplace.

'An honored citizen of this town was suffering from a severe attack of dysentery. He said a friend of his could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and he came in to obtain it, and was promptly cured.'

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

When I wrote to you some time ago, I was a very sick woman suffering from female troubles. I had inflammation of the female organs and could not stand or walk any distance.

For thirty years Lydia E. Pinkham's Vegetable Compound made me feel like a new woman.

From Woods and Ferris, the standard remedy for female ills, and has positively cured the thousands of women who have been troubled with displacements, inflammation, ulcers, fibroids, tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration.

The regular business meeting will be held in Temperance Hall on the last Thursday of each month at 8.30 o'clock.

Never Learn to Drink. Never learn to drink, boys. Never learn to drink. Pause upon the brink, boys. Pause awhile and think. Never be so rash, boys. Never touch a drop. 'Twill rob you of your cash, boys.

You'll find it hard to stop. For like an iron chain, boys; 'Twill mind you strong and sure; A misery and pain, boys, You'll never, never cure. In poverty and rags, boys, You'll spend your little day. The sport of all the wags, boys, That pass along the way. Your friends will all forsake, boys, But still you cannot blame; You've made yourself a rake, boys, And lost your own good name. The appetite will grow, boys, And bring you to despair; 'Twill lead to endless woe, boys; Beware, then, boys, beware!

A Temperance Note. Governor Mount, of Indiana, among other practical suggestions concerning the training of boys, once had this to say regarding the principle of temperance: 'If greater energy were expended in teaching the principles of temperance to the youth in the schools and in the home, there would be less demands for temperance laws and fewer victims to the drink habit. The increased consumption of tobacco, and the widespread indulgence and the evil effects of cigarette smoking, are assuming alarming proportions.'

In the Liquor Camp of the United States. (By the Rev. E. F. Clarke.) In temperance warfare, as in armed conflict, it is well to know what goes on in the camp of the enemy. Especially is it desirable to know the spirit that prevails, whether it be courage and confidence, or discouragement and fear. In his fight with the Midianites, God promised Gideon the victory, but to give him double assurance, he bade him 'go down to the camp, and thou shalt hear what they say; and afterward shall thine hands be strengthened to go down against the camp.' So Gideon went down and listened; a man was telling his dream to his fellow: 'I dreamed a dream, and lo, a cake of barley bread tumbled into the camp of Midian, and came unto the tent, and smote it so that it fell, and turned it upside down, so that the tent lay flat. And his fellow answered and said, This is nothing else save the sword of Gideon... into his hand God hath delivered Midian, and all the host.' And, to-day, all that the temperance Gideons need to do for courage and confidence is to go down to the camp of the liquor Midianites and listen.

Let us go down to the beer maker's camp at Atlanta City—the annual camp of the United States Brewers' Association. Listen; the vigilance committee is making a report: 'The recent alarming growth and intensification of the prohibition spirit call for the gravest concerns on our part. The enemies of our industry have more than held their own in the struggle of the past year. They are planning greater conquests in the future. Their resources are without limit, and they are pledged to a war of extermination. You could not ask for a warning that is afforded by the history of the past year.

Three weeks after the brewers had folded their tents and departed, the National Liquor Dealers' Association pitched on the same ground. Let us go down to the camp and listen. The president is making his report: 'During the past twelve months the Prohibitionists have made grave inroads on our business. ("Grave" the word is well chosen; it suggests a burial.) Especially is this true in the South, and unless we work with more energy and determination to stop this tidal wave, every State in the South will be closed to us. Difficulties confront us now that were undreamed of at the birth of our association.'

Now step over to New York and sit down in the sanctum of "Beverages," the official organ of the National Liquor League. The editor has heard from George, and he says to his constituency: 'The result presents no pleasant outlook for any section of the business. We dislike to acknowledge it, but we really believe the entire business all over has oversteered its opportunity to protect itself against the onward march of prohibition, which, in some sections of the country, is advancing like a prairie fire, with not a hand raised to stop its progress. For years we have scolded

Baby's Skin Trouble

ITCHING ECZEMA. For the itchy sores of babyhood Dr. Chase's Ointment acts as a magic cure. It is wonderful how promptly it allays the irritation and stops the weeping of itchy sores who are tormented by terrible itching, stinging eczema.

Dr. A. W. Chase's Ointment. This soothing, healing preparation is also invaluable as a cure for chafing and all skin irritations. Mothers who once use it for the purpose do not think of returning to poisonous, unsatisfactory powders. 60 cents a box at all dealers of Edmondson, Bates & Co., Toronto.

My children were taken with itching, burning eczema and their flesh until it was sore and bleeding. The doctor failed to help them so we called on Dr. Chase's Ointment. It did its work well and has entirely cured them. They suffered so they could not sleep nights, I was nearly crazy from anxiety and loss of sleep.

The warning of the impending storm. Five years ago a united industry might have kept back the situation in that our confrontations, but to day it is too late. You might as well try to keep out the Hudson river with a whisk broom.' The generals of the red forces have and will be what is

coming, and they are spreading the contagious fear among their subordinates. Delect anticipated defeat assured. Let us take them at their word, and press the battle to the gate, for the victory is ours.—The Michigan Presbyterian.

Tired nerves, with that 'no ambition' feeling that is commonly felt in spring or early summer, can be easily and quickly allayed by taking what is known to druggists as erythrae as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out nervous system; it dispenses the failing appetite, and universally aids digestion. It always quickly brings renewed strength, liver, vigor, and ambition. Try it and be convinced. Sold by A. V. Rand.

The following question was asked a class of small boys who were studying Scripture history: 'Where did John the Baptist live?' One small boy answered, promptly, 'In the desert.'

'Quite right,' was the reply. 'Now, what are people called who live in the desert?' 'Deserters, sir,' was the answer.

Penalty of Hurried Eating. Hurried eating and lack of proper chewing of the food are among the most common causes of indigestion and derangements of the liver and kidneys. Relief and cure can most quickly be obtained by use of Dr. Chase's Restorative, which are unique in having a direct and combined action on kidneys, liver and bowels.

Redden the Blood. Redden the blood by the use of Dr. Chase's Restorative, which is a most powerful purifier of the blood and restores to the system the health which leaves you so easy prey to every ill that befalls you. With this blood thin and watery you catch cold and catch a cold to become a victim of consumption or some form of wasting or contagious disease.

'Madame, I must request you to remove your hat,' remarked the polite theatre usurer. The lady smiled grimly. 'Does my hat annoy the little man behind me?' 'Yes, madam,' 'Then you'll find it much easier to remove him.'

'Weak women should read my "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by A. V. Rand.
