J. G. SMYTH
MANAGER ELKHORN DIVISION

JENKINS, LETCHER CO, KENTUCKY June 13, 1919.

My dear Mr. King:

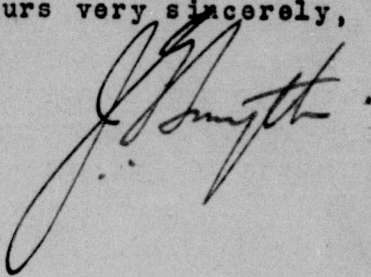

I received, in due time, your very kind letter of May 3d and also received your book which I have read with a very great deal of interest.

Since your visit here have had an opportunity to spend two weeks in Colorado going thoroughly in the industrial plan as actually carried out by the Colorado Fuel & Iron Company. Mr. Fleming who accompanied me, and myself were both extremely well pleased with the results secured there and we felt, that while our conditions differed very materially, we also felt we could make a decided effort along the same lines with every chance of success.

We have been working in that direction since returning and we hope that the next twelve months will show a very great difference in the relations which now exist between ourselves and our employees.

I am looking forward with very much pleasure to you again visiting us in Jenkins.

Yours very sincerely,
Mr. W. L. MacKenzie King,
The Roxborough,
Ottawa, Ont., Can.
