

Colonizing in the Dominion.

HOW TO ADJUST THE POPULATION OF ENGLAND.

What a Writer in the London "Times" Says about the Resources of the Dominion.

One of the leading difficulties in the way of colonization is the fear of reaction on our British agriculture. We all shrink from the spectacle of a ruined industry so closely associated with the national welfare.

Our position is this—Greater Britain for Great Britain. What is the proper relation of these British Isles, with their very limited area, to the practically limitless areas of the "regions beyond" owing allegiance to the British flag?

MATTER OF ADJUSTMENT.

The question of colonization, therefore, resolves itself into the Imperial one of adjustment of population to area. At present we see only in the crowding of forty millions of people on these British Isles a ruinous waste of the most valuable thing in the world—labor.

CAPACITIES OF CANADA.

Take the Canadian Dominion in illustration. Do stay-at-home Britons ever realize that in its area of 3,400,000 square miles, we have a part of the British Empire more than a million square miles larger than the whole of European Russia?

HOW TO FIND RELIEF?

Startling is the latest fact of British enterprise, a project for reducing by many hundreds of miles the distance between this immense produce district and the British market.

Here is cause for pause in the British farmers outcry for government relief. It is simply crying for the moon. If, by an irreversible law, water will find its level, so will food.

This is plain speech, but it is only such speech as Lord Salisbury will, sooner or later, feel called upon to address to the British farmers and their landlords.

What, then, is the distraught home producer to do under the circumstances? I reply, go with your experience and enterprise, and be a co-worker with the Almighty, in developing to the utmost His magnificent provision for His great family's support.

AIMS, OBJECTS AND BENEFITS OF THE SONS OF ENGLAND BENEFIT SOCIETY.

Organized in Toronto, December 12th, 1874. To Englishmen and Sons of Englishmen:

The mission of the Society is to bring into organized union all true and worthy Englishmen; to maintain their national institutions and liberties and the integrity of the British Empire; to foster and keep alive the loving memory of Old England, our native and Mother land; to elevate the lives of its members in the practice of

mutual aid and true charity—caring for each other in sickness and adversity and following a deceased brother with fraternal care and sympathies, when death comes, to earth's resting place.

Great Financial Benefits, viz.: Sick pay, Doctor's attendance and medicine and Funeral Allowance are accorded. Healthy men between the ages of 18 and 60 years are received into membership. Honorary members are also admitted. Roman Catholic Englishmen are not eligible.

Reverence for and adherence to the teachings of the Holy Bible is insisted on.

Party politics are not allowed to be discussed in the lodge room.

The Society is secret in its proceedings to enable members to protect each other and prevent imposition—for which purpose an initiation Ritual is provided, imposing obligations of fidelity to the principles of the Society on all who join it.

The Society is making rapid growth and has lodges extending over Canada from the Atlantic to the Pacific shores, having a membership upwards of 13,000 at present, the ratio of increase being far greater as the Society's influence and usefulness is better known.

The Beneficiary (Insurance) Department is providing insurance to the members for \$1,000 or \$2,000 as desired, at the minimum cost, unsurpassed by any other fraternal Society in Canada, and is conducted on the assessment system. The assessments are graded. A total disability allowance is also covered by the certificates in class "A."

There are no disability claims in class "B." No Englishmen need join other organizations when the inducements of this Department are considered.

Englishmen forming and composing new lodges derive exceptional advantages in the initiation fees, and 12 good men can start a lodge. In our lodge rooms social distinctions are laid aside and we meet on the common level of national brotherhood, in patriotic association for united counsel and effort in maintaining the great principles of our beloved Society.

Any further information will be cheerfully given by the undersigned.

A NEW LEASE OF LIFE.

HOW A CUMBERLAND CO., N.S., MAN OBTAINED IT.

A sufferer from Acute Dyspepsia and a Complication of Troubles Following an Attack of La Grippe—He Was Forced to Quit Business and Was Hopelessly Discouraged When Help Came.

From the Amherst, N.S., Sentinel.

Mr. Chas. Tucker, who lives about two miles from Lockport, is one of the best known men in that section. He is engaged in business as a lobster packer, and dealer in flour and salt, and in addition has a fine farm. During the past three years Mr. Tucker has been an almost constant invalid, being the victim of a complication of troubles following a severe attack of la grippe. Recently he has been restored to his old time health and having learned that he gave the entire credit to Dr. Williams' Pink Pills, concerning which so much has been said through the press, a reporter interviewed him in the matter, and was cheerfully given his story for publication.

grippe, which left me in a fearful condition. I had for a number of years before this attack been a sufferer from dyspepsia, but following the la grippe it took a more acute form, and to add to my distress my liver appeared not to perform its usual functions, and my heart troubled me greatly, and there were as well other complications which baffled the skill of four doctors whom I successively called in in the hope of regaining my health. From the knees down my legs were as cold as ice; my bowels would bloat and I suffered great pain. My case went from bad to worse

despite the medical treatment I was undergoing and at last I got so bad that I was forced to give up business. I could hardly eat anything, got but little sleep at night, and as you will readily understand my condition became one of despair. My father urged me several times to give Dr. Williams' Pink Pills a trial, but I was so discouraged that I had no further faith left in any medicine. However, more to please him than from any hope of beneficial results, I began the use of Pink Pills. The first beneficial effects I found was that the warmth and natural feeling began to return to my limbs, my bowels ceased to bloat, and with the continued use of the pills my appetite returned. I slept soundly at night, and the action of my heart again became normal. I continued taking the Pink Pills until I had used in all fifteen boxes, and I have not felt better in years than I do now. I did some particularly hard work last fall, and was able to stand it with a strength and vigor which surprised me. I consider Dr. Williams' Pink Pills, not only a wonderful medicine, but also in the light of what my other treatment cost, the least expensive medicine in the world, and I strongly recommend Pink Pills to all in need of a medicine.

Dr. Williams' Pink Pills act directly upon the blood and nerves, building them anew and thus driving disease from the system. There is no trouble due to either of these causes which Pink Pills will not cure, and in hundreds of cases they have restored patients to health after all other remedies had failed. Ask for Dr. Williams' Pink Pills and take nothing else. The genuine are always enclosed in boxes, the wrapper round which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." May be had from all dealers, or sent post paid on receipt of 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
