

## COGENT REASONS WHY THE CHATHAM WAGON

Adopted by the Government of the Dominion of Canada as the STANDARD WAGON,  
should command your preference:—

The intrinsic cost and value of it is at least \$10 more than any other wagon made in Canada, and any unprejudiced practical man will tell you so, and the thousands who now have them in use say so, because it is not only made from the best, carefully selected and thoroughly seasoned timber and best of iron, but the **skeins** used, made only by us, are superior to any skeln made or used in Canada, and are constructed specially to receive our **Patent Olimax Truss Rod**, which doubles the strength of the axle; the boxing of the hubs are **pressed**, not wedged in; a guarantee for a year accompanies each wagon, and notwithstanding this additional cost and superiority the **Chatham Wagon** can be purchased at no greater price than is charged for inferior wagons. **Bear in mind**, it is the running gear that carries your load, and no amount of fancy painting on the box will make an easy running and great Carrier of a poorly constructed wagon. **Liberal Terms to Parties Buying in Carload Lots. Correspondence Solicited.**

### THE BEST IS CHEAPEST

### NEW WILLIAMS SEWING MACHINE

Possesses more new improvements and points of superiority than any other Sewing Machine yet introduced, namely:

A new Self-Threader Shuttle, which can be instantly threaded by a blindfold operator.

An Adjustable Castor, which steadies the machine on an uneven floor.

An Automatic Bobbin Winder, which winds the thread as even as a spool of cotton without assistance.

A Thread-Releaser, which prevents the necessity of pulling up the slack when taking out the work.

It runs smoothly and swiftly, never getting out of order.

It is unequalled for beauty and utility.

It carries off the highest awards wherever exhibited. The Bronze Medal was awarded to it at Antwerp, and the only Diploma was awarded to it at the last Dominion Exhibition.

It is manufactured at Plattsburgh, N. Y., and in Montreal, P. Q. For circulars address
