TMPORTERS desirous of securing selections of either Shire horses, Aberdeen-Angus cattle or Hampshire Down sheep should inspect the stud, herd and flock, property of Mr. R. W. Hudson, which are kept in the highest degree of purity that care and selection can produce, at Danesfield, Marlow, Bucks, England. Specimens of horses, cattle and sheep have been largely exhibited at the principal English shows during 1899 with very prominent success. For full information, etc., apply:

MR. COLIN CAMPBELL.

GOSSIP.

At the auction sale of Shorthorns from the herd of Mr. J. T. Hobbs, Maisey Hampton, England, May 4th, the 53 head sold brought an average of £41 6s. 5d. The highest price of the sale was paid by Mr. R. Henderson for Quicksilver 10th, a fine roan cow by Royal Nottingham, and Mr. Deane Willis paid 100 guineas for Ruby 20th, by the same sire.

Nottingham, and Mr. Deane Willis paid 100 guineas for Ruby 20th, by the same sire.

Mr. Peter Bathgate, a retired farmer, formerly of the township of Eramosa, a breeder of Shorthorn cattle and a progressive farmer, died suddenly in the city of Guelph on May 20th, in his 72nd year. He had only a few days previously removed from the country to the city, where he and his wife intended to spend the remainder of their days.

The stallion, Dashwood 12436, Vol. IX., A. T. R., portrayed on page 321, has a 4-year-old tretting race record of 2.22. He is Standard bred, under rules 1 and 6. He was bred by H. T. and F. D. Stout, Highland Farm, Dubuque, Iowa, and foaled in 1888. He was sired by Sentinel Wilkes 2199; 1st dam Nutwood Queen, by Nutwood 600; 2nd dam Lady M., by Almont 33; 3rd dam Black Girl, by Cassius M. Clay Jr., 22; 4th dam by Grey Eagle.

At the sale of 70 Hackneys, property of four breeders, held at Eccleshill, England, last month, an average on the whole number of £52 was made. The 3-year-old brown stallion, Copley Master, by Grand Master II., brought the highest price (450 guineas) and fell to Mr. C. Briggs. Islington; a bay 2-year-old by the same sire went to Alex. Gemmell at 290 guineas, and Copleymede, by Gannymede, made 270 guineas, Mr. Briggs being the buyer. Eighty-two guineas was the highest for a mare. One of the earliest of the English summer shows is that of the Wharfdale Agricultural

One of the earliest of the English summer shows is that of the Wharfdale Agricultural Society, which was held this year at Otley, May 4th and 5th. In the class for Shorthorn bulls, 2 years or upwards, Mr. John Handley's Lord James Douglass was placed first, Mr. G. Harrison's Favorite of Sanquhar second, and Mr. F. Thompson's Royal Boy third. In yearling bulls Mr. T. Harrison, of Preston, won first with Colonial, Mr. W. Atkinson, Milnthorpe, second with Merry Victor, and Mr. G. Harrison third with Emperor of Waterloo 33rd. Mr. Handley was first with bull calf, Mr. H. Williams second, and Lord Middleton third. Mr. G. Harrison won first honors in all three sections for females, his Welcome being the winning cow, Welfare winning first as a 2-year-old heifer, and Village Queen first as a yearling. We understand that the last of the vessels

old heifer, and Village Queen first as a yearling.

We understand that the last of the vessels which left Buenos Ayres before the prohibitory order was passed has arrived at Deptford, and that altogether somewhere about twenty-three cargoes have arrived in which foot-and-mouth disease was discovered. In some instances the animals died on the voyage, and in a few the whole of the cattle were thrown overboard in consequence of the serious condition into which they fell during the voyage. In nearly every instance the sheep were also affected. We are anxiously waiting the next few days to pass to hear whether the admirable precautions taken have succeeded in preventing the escape of the disease, and should this be so the agriculturists and public will doubtless feel a great sense of relief, and the Board of Agriculture will justly be congratulated. No further outbreak has been reported from Norfolk, which is good news.—London Live Stock Journal, May 11th.

LINCOLN RED SHORTHORN SALE.

On April 26th the Lincoln Red Shorthorn Society held an auction sale at Lincoln, England, at which 239 bulls were entered at an upset price of \$75 per head. Of these, 201 were sold at an average of \$120, the range of prices being from \$31 to \$525, and the highest average of the consignment of any individual breeder, \$239. These cattle are to all intents and purposes Shorthorns in appearance, and largely so in pedigree, uniformly red in color, and noted for their good milking qualities. They have gained a high reputation locally, and have a herd book register.

DEATH OF MR. JAMES COWAN.

DEATH OF MR. JAMES COWAN.

The death is announced, on May 22nd, of Mr. James Cowan, of Galt, at his residence, "Craigie Lea." in that town, in the 98th year of his age. Mr. Cowan was for many years a successful and extensive breeder of Shorthorn cattle and Leicester sheep, on the homestead farm, "Clochmor," and was probably at the time of his death the oldest breeder of pure-time of his death the oldest breeder of pure-bred stock in Canada. He was an excellent farmer, and at one time took a prominent part in public life, having for several years represented one of the ridings of Waterloo County in the Canadian Parliament, and subsequently for many years held the position of Dominion Arbitrator.

OFFICIAL TESTS OF HOLSTEIN-FRIESIAN COWS FROM APRIL 1 TO MAY 1, 1900.

These tests are uniformly made by representatives of Agricultural Colleges or Experiment Stations, at the homes of the owners of the cows. The length of each test is seven consecutive days; the age given is at the date of the last calf; the butter-fat is determined by the Babcock test, and the butter estimated first by the 80-per-cent. rule, and second by the 85.7-percent. rule.
