

# DURABILITY STRENGTH

## SIMPLICITY

no other separator so strongly built, or so simple in construction.

## Sharples Tubular Cream Separators

get all the cream, have low supply can, are easy to run, easy to clean, because there is only one little piece in the bowl to cleanse after each running, and the machine oils itself. It combines Utility, Simplicity and Durability. A glance at the pie-plate construction of most separators will give you a fair idea of what we mean by "simple construction" and "strength." For full information about the Sharples Tubular write for booklet E. 193

Mr. R. Carpenter, Davenport, Wash., says "Having used a Sharples Cream Separator over sixteen years can say it is just fine."

THE SHARPLES SEPARATOR CO.  
TORONTO, CAN. WEST CHESTER, PA. CHICAGO, ILL.

For sale very cheap some choice young bulls, bred in the purple, of ideal type; also a few heifers and heifer calves, and some Cotswold shearing rams and ram lambs. Wm. Willis & Son, Newmarket P. O. & Sta.

## GOSSIP.

Attention is again called to the important sale of the 20 head of Short-horns, advertised by L. K. Weber, of Hawkesville, Ont., to take place at his farm on Feb. 28th. The animals in this offering are said to be an extra good lot. As to breeding, size and quality, full particulars of which will be given on day of sale. Parties attending the Guelph Provincial Sale can reach the farm on same evening, or in forenoon on day of sale, either by G. T. R. via Berlin, or C. P. R. to Wallenstein. Noon train will be met at St. Jacob's on day of sale. Any other trains met by appointment.

Among the Angora goats exhibited at the Louisiana Purchase Exposition, says an American magazine, were two prize-winners, which, owing to the long fleeces they carried, attracted extraordinary attention. One was a doe, and the other a buck—both being from New Mexico. The doe "sheared" fourteen pounds of fleece, the longest of which was eighteen inches; the buck yielded sixteen pounds, of a staple that exceeded twenty inches in length.

The mohair from these two very remarkable animals was sent to a certain dealer in New York City, who is a maker of wigs, hair nets and switches—for which last, of course, only a very long fibre could possibly be available. The lady who owned the doe received forty-three dollars for its fleece, while the owner of the buck sold its shearing for fifty dollars.

In the annual report of the Clydesdale Horse Society of Great Britain and Ireland, it is shown that the number of export certificates issued during 1906 was 1,317. The certificates were distributed as follows: Canada, 1,049; United States, 86; Argentina, 163; Australia, 3; Denmark, 8; New Zealand, 8; South Africa, 5. The revenue from certificate fees was £167 7s. 6d. In accordance with advice received from Ottawa, duplicate certificates for horses exported to Canada are no longer issued. To meet the requirements of the United States Customs, the Secretary was authorized to give numbers to horses and mares exported to the United States of America. As a result, it will be found in Vol. XXIX. that several numbers appear out of their due order. The alphabetical order, however, is maintained so that there should be no difficulty in finding entries as before. The Council have been guided in this matter by a desire to foster exportation in every way possible, by meeting the views of purchasers, and reducing, as far as possible, difficulties in respect of customs regulations.

## SHORTHORNS AND CLYDESDALES AT AUCTION.

The wise and wide-awake farmer will prepare for a sharing of the profits practically sure to become available in the near future by securing good cattle now, when they can be bought comparatively cheap. Another good opportunity for laying a foundation, or increasing a herd already founded, presents itself in the auction sale, on Tuesday, March 12th, 1907, when the old-established herd of the late Mr. Wm. Hay, of Tara, Ont., will, as advertised, be sold without reserve. The herd numbers 20 head of Marr Floras; Cruickshank Lovelys, Stamfords, Wildames and Red Roses, the latter two being especially noted for their heavy-milking qualities. Among the lot are 9 breeding cows, 5 heifers, 5 bulls from nine to thirteen months of age, and the stock bull, Scottish Knight—53248—. There will also be sold the imported Clydesdale stallion, Kelvinside, a bay six-year-old son of Baron's Pride, and a sire of show stuff. Also the two registered Clydesdale mares, Nell Gleanor 5332, aged, and her ten-year-old daughter, Kate Sargano 5334. Tara is on the Owen Sound branch of the G. T. R. Morning trains from Toronto reach there about 11 a. m. Conveyances will meet morning trains. The terms are ten months' on approved paper, or 6 per cent. off for cash. Catalogues may be had on application.

## FELL DOWN FLIGHT OF STEPS.

## PROVED ZAM-BUK BEST IN 3 DIFFERENT EMERGENCIES.

One of the most valuable points about Zam-Buk, the herbal balm, is the variety of uses to which it can be applied.

Mrs. A. Livernois, of 131 Sydenham St., Toronto, says: "I have used Zam-Buk for colds on the chest, and found, when well rubbed in, it gave almost instant relief to the 'tightness' and 'stiffness.' One day I slipped when descending the stairs and fell to the bottom. My right arm was terribly discolored and swollen, and became quite stiff. As I still had a supply of Zam-Buk I rubbed some on the bruised limb, and it was really surprising how quickly it removed the discoloration, cured the stiffness, and restored the arm to its proper form. Since that time I have had occasion to use Zam-Buk for rheumatism, and I have found it equally good."

Zam-Buk is so uniformly good because it is composed of the finest herbal balms, essences and juices known to medical science, compounded and refined in a special and peculiar way. It has such high germ-killing power that it is unequalled as an antiseptic. Its healing virtue is very great, and as a household balm, Zam-Buk is absolutely unique. It is a sure cure for eczema, itch, blood poison, ulcers, chronic sores, ringworm, children's rashes, spots, etc. It also cures cuts, burns, bruises, chapped hands, enlarged veins, piles and all diseased or injured conditions of the skin and adjacent tissues. All druggists and stores sell at 50c. a box, or post free from the Zam-Buk Co., Toronto, for price. 6 boxes sent for \$2.50. Send one cent for dainty trial box.
