LIFE OF

Sir John Beverley Robinson, Bart.

By Major General C. W. Robinson, C. B.

With PREFACE BY DR. G. R. PARKIN, C.M.G.

Sir John's varied life as a soldier, a Minister of the Crown, and chiefly as the head of the Upper Canada Bench, was in many respects exceptional.

As a Churchman he was zealous, but in no narrow sense, in behalf of the interests of the Church of England and of religion, and as a judge to maintain the dignity and purity of the Bench, in connection with which his name will long be remembered throughout Canada.

Two photogravures of Sir John Beverley Robinson, and a colored map of Canada. One large vol., 490 pages, Deckle-edge paper, Cloth, Gilt Top,.....\$3.50 net.

WHITTAKER SERIES OF S.S. LESSONS

(JOINT DIOCESAN SYSTEM)

THE NEW TOPIC

The Mighty Works of Our Lord and Saviour, Jesus Christ

This topic will begin at Advent and continue until Whitsun-Day. Selections from the Gospels for all grades of pupils from the primary school to the Bible-Class. The Whittaker Series includes "The Picture Lessons," "The Lesson Book," "The Bible-Class Manual" and "The Teacher's Assistant." These four publications are edited by the Rev. Dr. Shinn. They are free from partisanship, and can be used in any parish. No system of instruction has been so generally accepted as this throughout the Church, and no substitute has as yet been found. Some of the best schools in the land use these graded lessons. When convenience, thoroughness, attractiveness and economy are considered they are found to be satisfactory.

PICTURE LESSONS for Every Sunday. For Junior and Primary Grades. Quarterly Parts, 3 cents each. Yearly subscription, 12 cents.

THE LESSON BOOK. For Middle and Senior Grades. Quarterly parts, 3 cents each. Yearly subscription, 12 cents.

THE BIBLE-CLASS MANUAL. Prepared especially for Bible-Classes. Quarterly Parts, 5 cents each. Yearly subscription, 20 cents.

THE TEACHER'S ASSISTANT. For Teachers and Bible-Class Members. Quarterly, 6 cents. Yearly, 25 cents.

Samples Free.

The Sectional Idea

Do you remember the building blocks of boyhood days?
How each little block was a perfect multiple of some bigger block?
And how each block FITTED IN SOMEWHERE, no matter what its size?

That's the Sectional Idea—Filing Cabinets built on the multiple plan. They are interchangeable. They always FIT IN. May we give you more information?
