IMPROVED 1908 U.S. CREAM SEPARATOR

This word is the secret in separator construction. Compare these two letters, please. In not Mr. Kroyer's experience, with this "cheap" apology for a separator, sufficient proof to any fair-minded reader, about to purchase a separator, the wise move to make? Read Mr. Hill's testimony, please, and compare—15 years of perfect satisfaction as compared with 8 months' use and "all played out." The ever-ready-to-use

has more practical improvements than any other separator made, having a solid, low frame; most simple yet efficient bowl, with low supply can and numerous other advantages. Send to-day for catalogue No. 110, describing fully this labor saving, money earning, reliable separator.

"APPRECIATION"

TO KNOW the Great-West Life Policies is to clearly appreciate their value.

A preliminary acquaintance with the Company, its policies, and methods, may be made by requesting a copy of the recently issued booklet "APPRECIATION"—in which are reprinted many letters received from persons who have had good opportunity to form an opinion of The Great-West Life.

Several of the letters are from Policyholders whose contracts have recently matured. As was to be expected, the writers are unanimous in expressing extreme satisfaction with the results under their Policies.
