

**If You Farm for Profit— you need one of my scales**

My scales are the only Canadian scales that have made good with the Canadian farmer on a straight business basis.

**I Will Make Price Right and Terms very easy —**

You can't buy or sell right without a scale; and you can't find a scale that is equal to those I make.

**MANSON CAMPBELL**  
President

**EVERY Chatham Pitless Scale is sold with a Government Inspection Certificate that warrants its accuracy.** There is no extra charge for this warranty, signed by a resident Government Inspector, who tests every scale we make before it leaves the factory.

**This Scale is COMPLETE Can't Get Out of Order**

Any other scale comes to you as a few parts with a huge blue print, showing how you can build the rest of it; and you have to build it, too, before you do any weighing. This Chatham Pitless Scale is absolutely complete, built of heavy steel, staunchly bolted together, easily erected, ready for use in a few hours. It stands solidly on its broad steel feet, clear above ground, needing no fixed foundations. Move it readily anywhere. You cannot do that with a pit scale.

No check rods, no frail parts to get out of order. Compound beam, finely finished, fully tested, shows full tare on lower section,—easily read, no chance of error. Poise on top beam runs on roller bearings; notches lock the beam by a touch at each 200 lbs. Odd weights shown by small poise on lower beam. Weighs with absolute, warranted accuracy up to FIVE FULL TONS—ten thousand pounds. Nothing about it to go wrong.

FULL CAPACITY COMPOUND BEAM

**It Can't Wear Out Because It's Steel**

**CHATHAM 5-Ton Pitless Scale**

**Big Enough for Any Scale Use**  
The Chatham's Platform is 8 x 14 feet—ample room for big load of hay, six fat steers, twelve hogs, etc. Platform can't sag, won't wobble, won't get sprung. Whole outfit built so it will last a lifetime and be good every minute. Sold for a fair price, very low for cash (credit in sections where we have agents), and fully warranted.

**Your Farm Needs Such a Scale**  
You ought to weigh all you buy, all you sell; ought to weigh your stock regularly; ought to keep track of your farm's yield—be a BUSINESS farmer. This scale makes it easy to do all this, and thus save its cost to you over and over—because you can't cheat yourself, nor can you be cheated with this on your farm.

**CHATHAM PORTABLE BARN SCALE The Scale Every Farm Needs**

is the handiest truck scale built,—compact, easily moved, readily turned short (front wheels and pole are swivelled). Certified by attached Government Inspection Certificate to be absolutely accurate and well-made. Will weigh up to 2,000 lbs. with positive certainty. The Chatham levers are solid castings, extra staunch, can't spring a bit, strong enough to carry TWO tons. Main frame all one-piece solid casting. Bearings self-aligning, whole pivot rests on bearing loop,—so scale must weigh right even if not standing level. Chatham drop-lever principle spares weighing parts the jar of loads, thus bearings stay sharp fifty years or even more.

**Weights Up To 2,000 Lbs. Accurately**

**Will Last a Long Lifetime**

**The CHATHAM Portable Platform Scale**

Very handy on any farm, specially so on dairy farm. Weighs accurately to 1,000 lbs. Has Double Brass Beam,—no extra charge for this. Strongly built, finely finished. Government inspection warrant attached to each scale. Freight prepaid.
