Pure-bred Sheep and Swine for Sale

On account of limited range, shortage of feed, and serious losses from Coyotes, I am forced to reduce my holdings of Sheep and Swine. Special prices for the next 60 days. 25 Registered SHROPSHIRE and OXFORD RAMS. 100 Registered SHROPSHIRE and OXFORD EWES, all ages. Shropshire Ram, American and Canadian Champion, and Ewe a well-known winner at all the Western Summer Fairs, also a number of prize-winning American Ewes. The OXFORDS are of the same high quality.

SHROPSHIRE—Bred ready to farrow. Bred to "Amos Rival," 148, brother to World's Champion Berkshire. Bred, six to 12 weeks old, by same sire. This is the best lot of bogs I ever raised. All show stock.

HOLSTEIN CALVER, both sexes from tested cows. Write me early.

WM. GILBERT, Sunnybrook Stock Farm, STONY PLAIN, ALTA.

Alberta, and animals from it were frequently seen at many of the principal shows in that part of the province. The sale is advertised in another part of this issue, and the ages of the animals will be given from it, as well as other particulars of the sale. The head bull is "Wimpie Pride," by "Baron Wimpie," out of "Scottish Made A," and was formerly owned by The Hon. Duncan Marshall, minister of agriculture for the province of Alberta. Quite a number of the younger stock are sired by "King of Diamonds," another bull which was at the head of Mr. Marshall's herd, and which was a son of the well-known "Gainford Marquis," owned by J. A. Watt, Salem, Ontario. Others are sired by such well-known sires as "Topman's Duke," "Marquis," "Gallant Sailor," "Buttercup's Pride," "Iron Lad," "Ensign," "Dainty David" and "Wimpie Pride."

The breeding cows trace back to such imported dams as "Beauty," "Crimson Flower," "Marchioness 4th," "Isabella 15th," "Daisy," "Snowdrop," "Sybella 5th," and others. From the above brief description it will be seen that the breeding of the offering is of no mean order, and the animals offered should find a ready sale. There will also be sold a couple of three-year-old Clydesdale stallions of good pedigree, as well as 20 head of work horses and the usual farm machinery. Catalogs will be ready by October 8, and may be had from Mrs. Mabel Robinson, Vermilion, or from J. W. Durie, Auctioneer, Calgary, who will take the bids at the sale. Remember the date, Tuesday, October 22, at 12 o'clock sharp.

Sale and Show Directory

October 16.—G. H. Hutton, cattle, sheep and swine, Lacombe, Alta.

October 22.—Mrs. Mabel Robinson, Vermilion, Alta., Shorthorns and Clydesdales.

October 23-24.—Alberta Provincial Sheep and Swine Breeders' Association sale; also show of soil products by the Edmonton Exhibition Association at Edmonton, Alta.

October 30.—Alberta Sheep Breeders' Association, pure-bred rams and ewes, Calgary, Alta.

November 7.—P. M. Bredt and Co., Calgary, Alta., sale of pure-bred Clydesdale horses, Shorthorn and Holstein cattle.

Livestock and Feed

The Guide is in receipt of letters from farmers, who, on account of scarcity of feed, are anxious to dispose of surplus stock. Others, more favorably situated, have more feed than they can utilize and would be willing to take stock either at so much per head, or on a share basis. In order to assist this situation The Guide will publish free of charge, announcements of both such cases. The following letters have been received recently:—

Colin Smith, Elrose, Sask., is in the market for 50 tons prairie hay. Would like to receive quotations for this amount, baled and delivered to him at Elrose.

Alvin J. Mowat, Winnipegosis, Man., has surplus feed, and could handle on either cash or share basis 25 head of cattle for the winter and could pasture them over next summer if desired.

Alf. Bullock, Maidstone, Sask., has for sale about 25 tons of hay and green wheat straw.

Mrs. Margaret Graham, Adanac, Sask., has about 45 tons of hay in stack to sell.

John M. McGuire, Barrhead, Alta., has sufficient surplus feed to winter 20 head of cattle. He would winter them for \$16 per head or on a share basis.

Does it Pay to Churn

Many farmers have the option of selling their cream or churning it on the farm and selling butter. With them the comparative prices of butterfat and butter is a question of interest. One pound of butterfat in cream when churned will make approximately 1.16 pounds of butter. When butterfat is worth 40 cents a pound at the creamery, the farmer could realize about 46 cents a pound for fat provided he churned that cream and sold his butter for 40 cents. However, he usually gets only 30 to 35 cents a pound in trade at the grocery store, when butterfat is selling to the creamery for 40 cents. In this case the farmer is losing money by making butter. If he can sell his butter to a regular customer who will pay creamery butter prices, or even prices as high as those paid for butterfat at the creamery, then he may realize a little more money by making butter.

Buttermaking on the average farm is left to the housewife. With her many hard tasks to do, it is unfair to add to her labors by thrusting this unprofitable labor upon her. In most cases the extra money made by making butter will not pay for the time and trouble required. Except in cases where a fancy price is obtained for the butter, a farmer will be better off if he hauls his cream to the creamery and buys from it the butter he uses on his own table.
